and Vampirella magazines TV shows such as Thriller and Night Gallery Stephen King Anne Rice Poppy Z Brite and Neil Gaiman's Sandman Monsters on Maple Street David J. Brokaw, 2023-08-08 Post World War II America has often been mythologized by successive generations as an exceptional period of prosperity and comfort At a time when the Cold War was understood to be a battle of ideas as much as military prowess the entertainment business relied heavily on subtle psychological marketing to promote the idea of the American Dream The media of the 1950s and 1960s promoted an idealized version of American life sustained by the nuclear family and bolstered by a booming consumer economy The seemingly wholesome and simple lifestyles portrayed on television screens however belied a torrent of social economic and political struggles occurring at the time By the late 1950s television writers were increasingly constrained to distract audiences from confronting counternarratives to the Dream Among the programs that railed against this trend was Rod Serling's television masterpiece The Twilight Zone Now considered an enduring classic the allegorical nature of the show provides a window into the many overlooked issues that plagued Cold War America In Monsters on Maple Street The Twilight Zone and the Postwar American Dream David J Brokaw describes how the TV show reframed popular portrayals of white American wish fulfillments as nightmares rather than dreams Brokaw's close reading of the show's sociopolitical dimensions examines how the series creators successfully utilized science fiction horror and fantasy to challenge conventional thinking and avoid having their work censored around topics such as sexuality technology war labor and the workplace and white supremacy In doing so Brokaw helps us understand how the series exposed the underbelly of the American Dream and left indelible impressions in the minds of its viewers for decades to come The Twilight Zone and Philosophy Heather L. Rivera, Alexander E. Hooke, 2018-10-09 In The Twilight Zone and Philosophy philosophers probe into the meaning of the classic TV series The Twilight Zone Some of the chapters look at single episodes of the show while others analyze several or many episodes Though acknowledging the spinoffs and reboots the volume concentrates heavily on the classic 1959 1964 series Among the questions raised and answered are What's the meaning of personal identity in The Twilight Zone Number 12 Looks Just Like You Person or Persons Unknown As the distinction between person and machine becomes less clear how do we handle our intimacy with machines A question posed in the very first episode of The Twilight Zone The Lonely Why do our beliefs always become uncertain in The Twilight Zone Where Is Everybody Just where is the Twilight Zone Sometimes it's a supernatural realm but sometimes it's the everyday world of reality What does the background music of The Twilight Zone teach us about dreams and imagination Is it better to lose the war than to be damned Still Valley How far should we trust those benevolent aliens To Serve Man Where's the harm in media addiction Time Enough at Last Is there something objective about beauty The Eye of the Beholder Have we already been conquered The Monsters Are Due on Maple Street Are there hidden costs to knowing more about other people A Penny for Your Thoughts **Steven Spielberg** Joseph McBride, 2011-01-04 Until the first edition of Steven Spielberg A Biography was published in 1997 much about Spielberg's

personality and the forces that shaped it had remained enigmatic in large part because of his tendency to obscure and mythologize his own past But in this first full scale in depth biography of Spielberg Joseph McBride reveals hidden dimensions of the filmmaker s personality and shows how deeply personal even his most commercial work has been This new edition adds four chapters to Spielberg s life story chronicling his extraordinarily active and creative period from 1997 to the present a period in which he has balanced his executive duties as one of the partners in the film studio DreamWorks SKG with a remarkable string of films as a director Spielberg s ambitious recent work including *Amistad* *Saving Private Ryan* *A.I. Artificial Intelligence* *Minority Report* *The Terminal* and *Munich* has continually expanded his range both stylistically and in terms of adventurous often controversial subject matter *Steven Spielberg A Biography* brought about a reevaluation of the great filmmaker s life and work by those who viewed him as merely a facile entertainer This new edition guides readers through the mature artistry of Spielberg s later period in which he manages against considerable odds to run a successful studio while maintaining and enlarging his high artistic standards as one of America s most thoughtful sophisticated and popular filmmakers

Spaceships and Politics Leslie Dale Feldman, 2010-10-11 *Spaceships and Politics* The Political Theory of Rod Serling examines the political themes in *The Twilight Zone* In this unique show Rod Serling used fantasy and the supernatural to explore political ideas such as capital punishment the individual and the state war conformity the state of nature prejudice and alienation He used aliens and machines to understand human nature While the themes in *The Twilight Zone* often reflected political concerns of the time like the Cold War and post industrial technology the messages had broader political implications This book looks at Serling s mechanistic view of the world and emphasis on fear through Hobbesian themes like diffidence and automata

The Boxing Film Travis Vogan, 2020-10-16 As one of popular culture s most popular arenas sports are often the subject of cinematic storytelling But boxing films are special There are more movies about boxing by a healthy margin than any other sport and boxing accompanied and aided the medium s late nineteenth century emergence as a popular mass entertainment Many of cinema s most celebrated directors from Oscar Micheaux to Martin Scorsese made boxing films And while the production of other types of sports movies generally corresponds with the current popularity of their subject boxing films continue to be made regularly even after the sport has wilted from its once prominent position in the sports hierarchy of the United States From Edison s *Leonard Cushing Fight* to *The Joe Louis Story* *Rocky* and beyond this book explores why boxing has so consistently fascinated cinema and popular media culture by tracing how boxing movies inform the sport s meanings and uses from the late nineteenth century to the early twenty first century

[The New Entrepreneurs](#) Jon Kraszewski, 2011-02-01 According to the sociologist C Wright Mills in his 1951 book *White Collar* The American Middle Classes the new entrepreneur was a lone wolf able to succeed in post World War II corporate America by elusively meandering through various institutions During this time anthology writers such as Rod Serling Reginald Rose and Paddy Chayefsky achieved a level of creativity that has rarely been equaled on television since Yet despite

their success anthology writers still needed to evade the constraints and censorship of 50s television in order to stay true to their creative powers and political visions Thus they worked as new entrepreneurs who adapted their more controversial scripts for the Hollywood Broadway and book publishing industries Even after the television networks cancelled their prestigious anthology series at the end of the 50s the most resilient writers were able to redefine what it meant to be entrepreneurs by launching cutting edge shows such as The Twilight Zone and The Defenders that are still popular today The New Entrepreneurs includes detailed textual analysis of legendary sometimes hard to find television anthology scripts that have received only cursory glances in television history until now Ebook Edition Note All images have been redacted One Nation Underground Kenneth D. Outstanding Academic Title for 2007 Choice Magazine Ever wonder how American television came to be the much derided advertising heavy home to reality programming formulaic situation comedies hapless men and buxom scantily clad women Could it have been something different focusing instead on culture theater and performing arts In *Same Time Same Station* historian James L Baughman takes readers behind the scenes of early broadcasting examining corporate machinations that determined the future of television Split into two camps those who thought TV could meet and possibly raise the expectations of wealthier better educated post war consumers and those who believed success meant mimicking the products of movie houses and radio decision makers fought a battle of ideas that peaked in the 1950s just as TV became a central facet of daily life for most Americans Baughman s engagingly written account of the brief but contentious debate shows how the inner workings and outward actions of the major networks advertisers producers writers and entertainers ultimately made TV the primary forum for entertainment and information The tale of television s founding years reveals a series of decisions that favored commercial success over cultural aspiration
