Precarious childhood in post-independence Ireland Moira Maguire, 2013-07-19 This fascinating study reveals the desperate plight of the poor illegitimate and abused children in an Irish society that claimed to cherish and hold them sacred but in fact marginalized and ignored them It examines closely the history of childhood in post independence Ireland and breaks new ground in examining the role of the state in caring for its most vulnerable citizens Maguire gives voice to those children who formed a significant proportion of the Irish population but have been ignored in the historical record More importantly she uses their experiences as lenses through which to re evaluate Catholic influence in post independence Irish society An essential and timely work this book offers a different interpretation of the relationships between the Catholic Church the political establishment and Irish people important for those interested in the history of family and childhood as well as twentieth century Irish social history *Irish Publishing Record*, 1986 Journal of Women's History, 1995

The Irish Short Story at the Turn of the Twenty-First Century Madalina Armie, 2022-12-30 In the mid 1990s Ireland was experiencing the best of times The Celtic Tiger seemed to instil in the national consciousness that poverty was a problem of the past The impressive economic performance ensured that the Republic occupied one of the top positions among the world's economic powers During the boom dissident voices continuously criticised what they considered to be a mirage identifying the precariousness of its structures and foretelling its eventual crash The 2008 recession proved them right Throughout this time the Irish contemporary short story expressed distrust Enabled by its capacity to reflect change with immediacy and dexterity the short story saw through the smokescreen created by the Celtic Tiger discourse of well being It reinterpreted and captured the worst and the best of the country and became a bridge connecting tradition and modernity The major objective of this book is to analyse the interactions between fiction and reality during this period in Ireland by studying the short stories written by old and emergent voices published between the birth of the Celtic Tiger in 1995 up to its immediate aftermath in 2013
