Kaspersky, 2007 Going beyond the issues of analyzing and optimizing programs as well as creating the means of protecting information this guide takes on the programming problem of how to go about disassembling a program with holes without its source code Detailing hacking methods used to analyze programs using a debugger and disassembler such as virtual functions local and global variables branching loops objects and their hierarchy and mathematical operators this guide covers methods of fighting disassemblers self modifying code in operating systems and executing code in the stack Advanced disassembler topics such as optimizing compilers and movable code are discussed as well and a CD ROM that contains illustrations and the source codes for the programs is also included **Geographic Information Systems in Fisheries**

Management and Planning Gertjan de Graaf, 2003-01-01 The FAO Inland Water Resources and Aquaculture Service has been active in promoting the use of geographical information systems GIS and remote sensing in fisheries and aquaculture since 1985 However a manual for fisheries biologists in the field to use along with GIS software explaining GIS in a way that is understandable to non GIS users has not been produced until now This manual has been written to overcome this knowledge gap as a do it yourself manual giving a short introduction to GIS software and its applications in fishery science The overall objective is to encourage fishery managers to use GIS to foster the sustainable use of natural resources It is aimed at fisheries biologists aquatic resource managers and decision makers in developing countries who have no knowledge about GIS and will be useful for a broad range of fishery applications Although the manual by no means covers all the

possibilities of GIS it touches upon some of the most important features for fisheries management and planning Software and system requirements This technical manual was written for use with ESRI s ArcView 3 x and Spatial Analyst software which are not provided for purchasing this software and for details on system requirements see www.esri.com The two CD ROMs included at the back of the present manual contain spatial data for exercises
