Fourteen months after the outbreak thirteen months after the nuclear war the old world is gone but a new world is emerging The evacuation of Britain failed but other evacuations were a success In Canberra a new civilisation is being born but in Canada the survivors bid a last and final farewell to the Atlantic While a final evacuation of Nova Scotia is planned the search for lost communities begins The journey takes Bill and Kim to the very end of the Earth and to a meeting with familiar strangers Crossing the border Sholto endures a bittersweet return to the country he d embraced so many decades ago The United States he remembered is gone and yet he can see its shadow among the burned ruins and desolate towns of the American Northeast But the rains soon turn to a flood that washes away the few bridges not destroyed during the failed quarantine With no other escape from the deluge they take to the river On the Hudson they sail into the middle of a civil war When they learn one faction is led by the last surviving member of the political conspiracy that spawned the apocalypse it is obvious which side to take Set among the thawing wilderness of Quebec and Ontario the swollen rivers and flooded roads of New York and in the courtrooms of Canberra this novel includes characters and events from the five part Pacific based series Life Goes On **Oil & Gasoline** Billi Gordon,Taylor-Anne Wentworth,1991 In the pages of this heavily autobiographical novel two outwardly different individuals discover that they have much in common With an honesty usually expected only from small children or cameras they grapple with their shared experiences incest dependency child abuse and the human will to survive Their story is one of healing and power the healing that can come only from forgiveness the power that can come only from love back cover **Ships, Salvage, and Sinews of War** United States.
