Ritchie, 2023-04-25 A human and global take on a beloved vacation spot The crash of surf smell of salted air wet whorls of sand underfoot These are the sensations of the beach that environment that has drawn humans to its life sustaining shores for millennia And while the gull's cry and the cove's splendor have remained constant throughout time our relationship with the beach has been as fluid as the runnels left behind by the tide's turning The Lure of the Beach is a chronicle of humanity's history with the coast taking us from the seaside

pleasure palaces of Roman elites and the aquatic rituals of medieval pilgrims to the venues of modern resort towns and beyond Robert C Ritchie traces the contours of the material and social economies of the beach throughout time covering changes in the social status of beach goers the technology of transport and the development of fashion from nudity to Victorianism and back again as well as the geographic spread of modern beach going from England to France across the Mediterranean and from nineteenth century America to the world And as climate change and rising sea levels erode the familiar faces of our coasts we are poised for a contemporary reckoning with our relationship and responsibilities to our beaches and their ecosystems The Lure of the Beach demonstrates that whether as a commodified pastoral destination a site of ecological resplendency or a flashpoint between private ownership and public access the history of the beach is a human one that deserves to be told now more than ever before The Victorian Novel and the Problems of Marine Language Matthew P. Kerr,2022 This book shows how prose writers in the Victorian period grappled with the sea as a setting a shaper of plot and character as a structuring motif and as a source of metaphor *Tourism, Land and Landscape in Ireland* K.J. James,2014-06-20 This study exploring a broad range of evocative Irish travel writing from 1850 to 1914 much of it highly entertaining and heavily laced with irony and humour draws out interplays between tourism travel literature and commodifications of culture It focuses on the importance of informal tourist economies illicit dimensions of tourism national landscapes legend and invented tradition in modern tourism **The SAGE International Encyclopedia of Travel and Tourism** Linda L. Lowry,2016-09 Taking a global and multidisciplinary approach The SAGE International Encyclopedia of Travel and Tourism examines the world travel and tourism industry which is expected to grow at an annual rate of four percent for the next decade *Invisible Seasides* Tony Blackshaw,2025-08-01 Invisible Seasides positions the seaside as a lens for understanding lived utopia pinned in a certain place an immovable feature in a landscape where our hopes and fears continue to unfold Wide ranging in theme it brings a double perspective past and present to bear on how we understand contemporary seaside experience Presenting a magical paradox of the modern seaside this book traces the development of a cultural phenomenon from the mid 1800s to the present day In the process it modifies the accepted narrative about its rise and fall reappraising our understanding of the end of a Mass Utopia and shining new light on the diversity of post utopias that have emerged in its afterlife Fusing social theory social history and leisure studies its thesis adroitly envisions the diverse density of the seaside through a critical lens making the unfamiliar familiar and vice versa providing us with an exemplar for a different way of thinking sociologically which will be used by scholars from a range of different subject fields to encourage fresh reflection on social continuity and change *Environment and Ecology in the Long Nineteenth-Century* Mark Frost,2024-10-22 This volume includes sources relating to a range of social and cultural contexts including the proliferation of natural history crazes ferns aquaria orchids etc debates about the social and environmental impacts of changing land use in town and country debates about demographics population and resources inspired by Thomas Malthus
