Rivero,2017-12-20 Although fictional and often fantastic representations of nature have been a distinguishing feature of Latin American literature for centuries ecocriticism understood as the study of literature as it relates to depictions of the natural world environmental issues and the ways in which human beings interact and identify with their natural surroundings did not emerge as a field of scholarly interest in the region until the end of the twentieth century This volume employs an ecocritical lens in order to explore and question the use of the river imagery in Latino and Latin American literature from the colonial period to our modern world creating a space in which to examine both its literal and figurative meanings associated as much with processes of a personal nature as with those of the collective experience in the region The slow meandering streams of nostalgia the raging currents of conflict or the stagnant waters of social decay are just a few of the ways in which the river has become an important symbol and inspiration to many of the region s writers This book offers a diverse collection of writings that through a trans historical and trans geographical perspective allows us from the vantage point of the twenty first century to reflect on the rich and dynamic image of the river and by extension on the vital context of Latin o America its people and societies      **Norman Maclean's "A River Runs through It"** George H. Jensen,Heidi Skurat Harris,2024-07-31 Norman Maclean s A River Runs through It The Search for Beauty is the first book length study of Norman Maclean or any of his works Since the publication of A River Runs through It in 1976 readers and critics have considered it to be one of the most carefully crafted stories in American literature in terms of both its structure and its style The beauty of the story came with much hard work This study traces Maclean s revisions through four handwritten drafts and three typescripts quoting extensively from previously unpublished material The analysis of Maclean s composition process lays the foundation for original and detailed discussions of other aspects of Maclean s craft such as his approach to genre and style The study publishes for the first time the complete text of the notes that Maclean wrote after the first draft of A River Runs through It      **Indo-China** Naval Intelligence Division,2013-01-11 Prepared by the British Naval Intelligence Division of the Admiralty during World War II and released in 1943 this handbook is now an important geographical and historical reference work documenting the region s environment and natural resources as they were before the developments of recent decades and describing traditional culture infrastructure administration and the extent of foreign influence as it then was It covers the areas of the present day countries of Cambodia Vietnam and Laos Unrivalled in the scope and the quality of information current at the time of first publication this volume is an essential foundation for all researchers and students interested in the history and background to the contemporary dynamics of the region      Through

*What a Song Can Do* Jennifer Armstrong, 2007-12-18 This compelling collection of stories explores the powerful impact that music has in our lives especially in the lives of teens Each story strikes a new note Ron Koertge introduces us to the boys in the band the marching band Joseph Bruchac contributes a Native American boy with no rhythm whatsoever Jennifer Armstrong writes about what was perhaps the first battle of the bands during the American Civil War and David Levithan offers up a love song that speaks powerfully to an unintended audience But while each story is different they combine into a harmonic song of praise for the depths music can reach in us and the power it has to bind us together

The Sign Language of Astronomical Mythology Gerald Massey, 2008-01-01 The origin of a saviour in the guise of a little child is traceable to Child Horus who brought new life to Egypt every year as the Messu of the inundation This was Horus in his pre solar and pre human characters of the fish the shoot of the papyrus or the branch of the endless years In a later stage the image of Horus on his papyrus represented the young god as solar cause in creation But in the primitive phase it was a soul of life or of food ascending from the water in vegetation as he who climbs the stalk ranging from Child Horus to the Polynesian hero and to Jack ascending heavenward by

means of his bean stalk from The Sign Language of Astronomical Mythology It goes unappreciated by modern Egyptologists but it is embraced by those who savor the concept of a hidden history of humanity and those who approach all human knowledge from the perspective of the esoteric Gerard Massey s massive Ancient Egypt The Light of the World first published in 1907 and the crowning achievement of the self taught scholar redefines the roots of Christianity via Egypt proposing that Egyptian mythology was the basis for Jewish and Christian beliefs Here Cosimo proudly presents the combined Books 5 and 6 of Ancient Egypt in which Massey discusses the primeval iconic representations that link the Earth and the heavens and ties the oldest understandings of astronomy with the mythology of the creation of the universe and humanity From the symbols and myths of water drowning and floods to those light and darkness blindness and sight and many others Massey shows how that imagery plays out in the Egyptian zodiac and in turn indelibly influenced modern religion Peculiar and profound this work will intrigue and delight readers of history religion and mythology British author GERALD MASSEY 1828 1907 published works of poetry spiritualism Shakespearean criticism and theology but his best known works are in the realm of Egyptology including A Book of the Beginnings and The Natural Genesis AB Bookman's Weekly ,1997 Bookseller and the Stationery Trades' Journal ,1887 **Notes and Sources for Folk Songs of the Catskills** Norman Cazden,Herbert Haufrecht,Norman Studer,1983-06-30 Notes and Sources to Folk Songs of the Catskills also published by the State University of New York Press is the companion volume to Folk Songs of the Catskills It contains extensive reference notes that exemplify and support detailed citations in the commentary preceding each song The book also includes a comprehensive list of sources including books broadsides or pocket songsters disc recordings music publications periodicals tape archives and other miscellaneous material as well as information on variants adaptations comments or references texts and tunes These notes are designed to provide succinct reference information American First Editions Merle De Vore Johnson,1929 *Catalog of Copyright Entries* Library of Congress.
