Cole Porter: Selected Lyrics Cole Porter,2024-11-12 Cole Porter possessed to a singular degree the art of expressing depth through apparent frivolity The effervescent wit and technical bravura of his songs are matched by their unguarded revelations of feeling In the words of editor Robert Kimball Porter wrote tellingly of the pain and evanescence of emotional relationships He gently mocked propriety and said that few things were simple or lasting or free from ambiguity Of the masters of twentieth century American songwriting Porter was one of the few who wrote both music and lyrics and even in the absence of his melodies his words distill an unmistakable mixture of poignancy and wit that marks him as a genius of light verse Selected from over eight hundred songs here are Porter s finest flights of invention lyrics that are an indelible part of 20th century culture Let s Do It Love for Sale I Get a Kick Out of You Anything Goes In the Still of the Night I Concentrate on You and dozens more About the American Poets Project Elegantly designed in compact editions printed on

Making a Drama Out of a Crisis Tommy Donbavand,2009-06-21 An exciting new resource that tackles behaviour management in a fresh accessible and imaginative way On Sympathy Sophie Ratcliffe,2008-05-15 Taking Shakespeare as its starting point this book examines why and how we read poetry how we relate to fictional characters and whether reading is good for you It also focuses on key works by Browning Auden and Beckett and concludes with a critique of contemporary ideas about art sympathy and community Defragmenting the Soul John Sawkins,2011-06-01 Description Coming Soon About the Author Recovery tends to imply some notion of going back to your old self After all that is what your friends and relations would most like perhaps clinicians too For the author however this was not to be an option He decided to dump the garbage and start afresh with a new persona after experiencing a hypo manic episode just at the turn of the millennium Like many who experience the life changing effects of having had a nervous break down he found himself impelled to cultivate a totally different existence to that of the person he used to be Fortunately for him his employers were sufficiently sympathetic to allow him to indulge his more creative side and he effectively abandoned the modern language teaching he had done for thirty years lecturing instead in more creative pursuits such as music and photography That is not to say that he had never had such interests however It was just that he never found the time to indulge them After the break down which incidentally he regards as being the start of a therapeutic healing process he could sense the need to adopt more right brain oriented

thinking and a number of long cherished aspirations came to fruition as a result He felt the need to remove the clutter from his thinking jettison the unwanted baggage and embrace a fascinating if somewhat more challenging future First of all he recorded a CD of songs he had written back in 1968 Then he joined the Caithness Big Band and tried to teach himself bass guitar in that order he subsequently joined the North Coast Jazz Band and has been with them for around eight years now More recently he succeeded in getting his poems Rare Frequencies published through Chipmunka Recovery has been achieved by following his own best instincts and reading widely about mental illness the history of its treatment and opinions of a wide variety of professionals who have challenged the received wisdom of their colleagues particularly concerning the long term use of medication to modify behaviour patterns Taking up advocacy work through Advocacy Highland proved to be a kind of therapy for the author He needed to get out of the self pitying self obsession that isolation can bring It is important he feels to avoid scenarios where negative thoughts and downward spiral syndromes are reinforced So what was it you may rightly ask that he recovered from To be honest he is not exactly sure but since he exhibited some cyclothymic behaviour that might have suggested bipolar just as the psychiatrist initially thought but there were also other aspects of his behaviour patterns that did not quite fit the bill During the four weeks he spent in a psychiatric hospital he had no choice but to take the medication haloperidol procycladine and zopiclone but once he was out of there and he is not necessarily implying that this was the most advisable course of action though at the time it seemed quite reasonable he decided to go cold turkey Most folk who try this end up regretting it for various reasons some realise that they cannot function without their medication and however reluctantly are forced to acknowledge the error of their ways Others find the detoxification process altogether too horrendous Still he decided to ride out the storm and this took about four weeks He has not taken any form of medication now for ten years since that date His employer did not wish him to return to work as quickly as he himself had hoped so in the interim he needed to find something useful to do He discovered The Stepping Stones a local drop in facility for people with mental health issues and soon found out that part of his therapy was to be found in acting as a volunteer The advantage for the centre was that having experienced a similar state of mind to the users of the centre schizophrenia bipolar borderline personality disorder etc the author was
