Ohiang Mai Chronicle:

The Chiang Mai Chronicle, 1998 For seven centuries Chiang Mai has been the center of a lively culture and civilization in the hills of what is now northern Thailand The Chiang Mai Chronicle one of the most important histories of the region was written in 1827 to explain the growth and strength of the Kingdom of Lan Na which Chiang Mai dominated and to foresee a glorious future after a generation of warfare This translation of The Chiang Mai Chronicle was prepared from a palm leaf manuscript Extensive indexes and annotations have been added and maps have been drawn especially for this edition David Wyatt is the John Stambaugh Professor of History at Cornell University and Aroonrut Wichienkeeo teaches at Chiang Mai Rajabhat Insitute *The Chiang Mai Chronicle* David K. Wyatt, 1995 A translation from Dai Yuen of one of the major versions of the Chronicle of Chiang Mai a major city in northern Thailand which was the capital of Lanna Thai a former kingdom in northern Thailand

The Chiang Mai Chronicle T. Locke, 2015-04-23 Declan Power the intrepid investigative reporter of the Chiang Mai Chronicle receives an envelope stuffed with cash It is sent by his longtime nemesis Martin Gay The message is simple Rescue me Chiang Mai suddenly finds itself gripped with terror as a serial killer wreaks havoc in the seedy underbelly of the ancient city This mirrors the mood of the nation as Thailand is embroiled in a political turmoil that is teetering on civil war All the while a Chiang Mai tycoon has set his sights on reviving the long dormant Lan Na Kingdom and placing a crown on his head Power sniffs a story The disappearance of his enemy a mass murderer on the loose and the political intrigue gripping the nation are all wrapped in one package Can Declan Power put the deadly clues together and solve the riddle Follow Power as he treads through the erotic nooks and dark alleyways of the exotic city of Chiang Mai The city comes alive as Power tracks down the psychotic killer who would bring Chiang Mai to its knees

The Nan Chronicle David K. Wyatt, 2018-05-31 A new translation of the 1894 chronicle by a high ranking official from the Nan kingdom a once powerful principality whose territory encompassed all of what is now northwestern Laos and neighboring portions of China in addition to the present province of Nan in Thailand It details the history of the principality the legendary origins of the Nan River Valley the rituals and customs of the Nan the moral duties of the ruler and royal genealogy A fascinating portrait of Thai history and culture

Chronicles of Chiang Khaeng Volker Grabowsky, Rênū Wichāsin, 2008 Chronicles of Chiang Khaeng goes far beyond a mere annotated translation of four Lu chronicles The polyglot co authors Grabowsky and Wichasin take the annotations out of their meticulously researched footnotes of the translation proper and deftly integrate them into a history not only of a principality in northwestern Laos but a panorama of the jostlings for power among other chiang and their respective chao in the upper Mekong region This geographic area outlines a cultural realm that shared Buddhist ethics and dhammic writing while also subscribing to the notion of hierarchy reinforced by demands for tribute the display of regalia and pomp and the brutal armed removal of local populations in incessant wars over human resources Myth and history merge in these chronicles which document sibling and spousal rivalries in networks of intermarriage and political

alliances among the elite of the region All of this was taking place at a time in history when the British and French arrived on the scene to engage China and newly emerging Siam in a mapping exercise that brought an end to centuries of regional rule by previously fairly autonomous city states In this careful study Chiang Khaeng emerges as a paradigm of a Southeast Asian tributary state with more than one overlord Chronicles is a model of translation skill and historical acumen at its finest

The Legend of Queen Cāma Bodhiramasi, Donald K. Swearer, Sommai Premchit, 1998-01-01 An English translation and a commentary on the chronicle of Queen Cama an important but neglected female monarch who founded a dynasty in Northern Thailand

Chiang Mai between Empire and Modern Thailand Taylor M. Easum, 2025-10-01 Urban histories tend to be dominated by large global cities But what does the history of the modern colonial era look like from the perspective of smaller cities By shifting the focus from the metropolis to the secondary city of Chiang Mai this study provides an alternative narrative of the formation of the modern Thai state that highlights the overlap between European American and Siamese interests Through a detailed analysis of Chiang Mai s urban space the power dynamics that shaped the city come into focus as an urban scale manifestation of colonial forces albeit an incomplete one that allowed sacred space to become a source of conflict that was only resolved in the years before WWII Today as the city confronts the challenge of overdevelopment the legacy of the colonial era and the opportunity of heritage preservation this deep multi layered history of the power of and over urban space is vital

The Mists of Rāmañña Michael A. Aung-Thwin, 2017-04-01 Scholars have long accepted the belief that a Theravada Buddhist Mon kingdom R ma adesa flourished in coastal Lower Burma until it was conquered in 1057 by King Aniruddha of Pagan which then became in essence the new custodian and repository of Mon culture in the Upper Burmese interior This scenario which Aung Thwin calls the Mon Paradigm has circumscribed much of the scholarship on early Burma and significantly shaped the history of Southeast Asia for more than a century Now in a masterful reassessment of Burmese history Michael Aung Thwin reexamines the original contemporary accounts and sources without finding any evidence of an early Theravada Mon polity or a conquest by Aniruddha The paradigm he finds cannot be sustained How when and why did the Mon Paradigm emerge Aung Thwin meticulously traces the paradigm s creation to the merging of two temporally causally and contextually unrelated Mon and Burmese narratives which were later synthesized in English by colonial officials and scholars Thus there was no single originating source only a late and mistaken conflation of sources The conceptual methodological and empirical ramifications of these findings are significant The prevalent view that state formation began in the maritime regions of Southeast Asia with trade and commerce rather than in the interior with agriculture must now be reassessed In addition a more rigorous look at the actual scope and impact of a romanticized Mon culture in the region is required Other issues important to the field of early Burma and Southeast Asian studies including the process of Indianization the characterization of classical states and the advent and spread of Theravada Buddhism are also directly affected by Aung Thwin s work Finally it provides a geo political cultural and economic alternative to what has

become an ethnic interpretation of Burma's history. The Buddha in Lanna Angela S. Chiu, 2017-03-31. For centuries wherever Thai Buddhists have made their homes, statues of the Buddha have provided striking testament to the role of Buddhism in the lives of the people. *The Buddha in Lanna* offers the first in-depth historical study of the Thai tradition of donation of Buddha statues. Drawing on palm leaf manuscripts and inscriptions many never previously translated into English, the book reveals the key roles that Thai Buddha images have played in the social and economic worlds of their makers and devotees from the fifteenth to twentieth centuries. Author Angela Chiu introduces stories from chronicles, histories, and legends written by monks in Lanna, a region centered in today's northern Thailand. By examining the stories, themes, structures, and motifs, she illuminates the complex conceptual and material aspects of Buddha images that influenced their functions in Lanna society. Buddha images were depicted as social agents and mediators, the focal points of pan-regional political, religious lineages, and rivalries, indeed as the very generators of history itself. In the chronicles, Buddha images also unified the Buddha with the northern Thai landscape, thereby integrating Buddhist and local conceptions of place. By comparing Thai Buddha statues with other representations of the Buddha, the author underscores the contribution of the Thai evidence to a broader understanding of how different types of Buddha representations were understood to mediate the presence of the Buddha. *The Buddha in Lanna* focuses on the Thai Buddha image as a part of the wider society and history of its creators and worshippers, beyond monastery walls, shedding much needed light on the Buddha image in history. With its impressive range of primary sources, this book will appeal to students and scholars of Buddhism and Buddhist art history, Thai studies, and Southeast Asian religious studies.

Buddhist-Inflected Sovereignties across the Indian Ocean Anne M. Blackburn, 2025-01-31. Buddhist Inflected Sovereignties across the Indian Ocean draws attention to the varied historically contingent and sometimes competing arguments for and about sovereignty that operated in the Pali arena during the first half of the second millennium AD. It was a time of expanding interaction within the Indian Ocean just prior to Portuguese colonial presence in Southern Asia. Developing a linked series of case studies and examining territories now subsumed within the nation states of Sri Lanka, Burma, Myanmar, and Thailand, Blackburn examines sovereign arguments expressed textually as well as in the built environment by persons with an interest in the teachings and institutions associated with Gotama Buddha. These cases show that no single model of Buddhist inflected sovereignty dominated the Pali arena during this time, and that

there was no stable vision of Buddhist kingship Rather over time there was an accrual of possible models and pathways for argumentation about how sovereigns could and should relate to buddha s sana Taking inspiration from diverse sources transmitted through multiple forms and media arguments for and about sovereignty in the Pali arena were contested and rapidly changing As the Indian Ocean increasingly shaped the flow of people objects and ideas more peoples and territories participated in the Pali arena attracted by its intellectual and aesthetic resources Drawing on extensive scholarship and a wide range of multilingual source materials from premodern Sri Lanka Burma Thailand and Cambodia Anne M Blackburn develops innovative conclusions about the relationships between textuality sovereignty maritime connectivity and material culture in each of these areas The book contributes simultaneously to several fields of study the intellectual history of Southern Asia literary and historical scholarship on Buddhism and historical studies of the Indian Ocean By offering accessible yet in depth analysis Buddhist Inflected Sovereignities across the Indian Ocean connects research fields and introduces new interpretive possibilities for the study of sovereignty politics premodern textual cultures and Buddhism

Buddhist Sculpture of Northern Thailand Carol Stratton,2004 *Strange Parallels: Volume 1, Integration on the Mainland* Victor Lieberman,2003-05-26 This ambitious work has two novel goals to overcome the extreme fragmentation of early Southeast Asian historiography and to connect Southeast Asian to world history Combining careful local research with wide ranging theory Lieberman argues that over a thousand years each of mainland Southeast Asia s great lowland corridors experienced a pattern of accelerating integration punctuated by recurrent collapse These trajectories were synchronized not only between corridors but most curiously between the mainland as a whole much of Europe and other sectors of Eurasia He describes in detail the nature of mainland consolidation which was simultaneously territorial religious ethnic and commercial and dissects the mix of endogenous and external factors responsible Here then is a fundamentally original analysis not only of Southeast Asia but of the pre modern world **The Wheel-Turner and His House** Geok Goh,2014-11-30 The recorded history of precolonial Burmese empire and the modern state of Myanmar starts with the kingdom of Bagan in the eleventh century The oldest surviving written records and structures are from the reign of King Anawrahta 1044 1077 Anawrahta converted to Theravada Buddhism and created a vibrant Buddhist state in the Irrawaddy River basin Anawrahta is a folk hero to this day in Myanmar and is widely credited as a charismatic and pious leader who consolidated various ethnic groups throughout the region into a single nation The Wheel Turner and His House traces the archaeological and historical record of Anawrahta and his seminal position in forming modern Myanmar based on the few sources that have been recovered The Great Chronicle an important history of the country written by the 18th century Burmese nobleman U Kala forms the basis for much of the knowledge we have about Anawrahta today Geok Yian Goh examines U Kala s work in light of the context of U Kala s own time and points out the bias of his royal court as well as the scribe s personal views from the elaborate narratives he produced She looks at other sources as well including unpublished palm leaf manuscripts to disentangle earlier

knowledge about Anawrahta and eleventh century Bagan Placing the overall study of Burmese historical tradition within the larger manuscript culture of Asia Goh presents a critique of theoretical issues in history especially the relationship between the past and memory In order to analyze the expansion of Anawrahta's historical image that formed the development of a Buddhist ecumene in the eleventh and twelfth centuries Goh utilizes published and unpublished texts in Burmese and classical Chinese along with northern Thai and Sri Lankan texts many of which Goh makes available for the first time in English

A Brief History of Lanna Hans Penth, 2001-01-01 Lan Na is the name of a conglomerate of Thai city states that covered roughly the area of modern north Thailand between the thirteenth and sixteenth centuries Lan Na's influence reached far into the neighbouring regions most under the leadership of the city state of Chiang Mai Beginning with the popular legends this wide ranging narrative takes us through prehistoric and protohistoric periods through history up to the

present day While the writing of Lan Na history is still in its infancy this brief and highly readable volume is a welcome step towards developing a fuller history of Northern Thailand **Cowrie Shells and Cowrie Money** Bin Yang, 2018-12-07

Originating in the sea especially in the waters surrounding the low lying islands of the Maldives *Cypraea moneta* sometimes confused with *Cypraea annulus* was transported to various parts of Afro Eurasia in the prehistoric era and in many cases it was gradually transformed into a form of money in various societies for a long span of time Yang provides a global examination of cowrie money within and beyond Afro Eurasia from the archaeological period to the early twentieth century By focusing on cowrie money in Indian Chinese Southeast Asian and West African societies and shell money in Pacific and North American societies Yang synthesises and illustrates the economic and cultural connections networks and interactions over a longue dur e and in a cross regional context Analysing locally varied experiences of cowrie money from a global perspective Yang argued that cowrie money was the first global money that shaped Afro Eurasian societies both individually and collectively He proposes a paradigm of the cowrie money world that engages local regional transregional and global themes
