Our Americas Political Cultural Imagin

Mark E. Neely Jr.

Our Americas Political Cultural Imagin:

American Political Culture Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process

Manhood and American Political Culture in the Cold War K.A. Cuordileone, 2012-11-12 Manhood and American Political Culture in the Cold War explores the meaning of anxiety as expressed through the political and cultural language of the early cold war era Cuordileone shows how the preoccupation with the soft malleable American character reflected not only anti Communism but acute anxieties about manhood and sexuality Reading major figures like Arthur Schlesinger Jr Adlai Stevenson Joseph McCarthy Norman Mailer JFK and many lesser known public figures Cuordileone reveals how the era s cult of toughness shaped the political dynamics of the time and inspired a reinvention of the liberal as a cold warrior

The Oxford Handbook of American Political Development Richard M. Valelly, Suzanne Mettler, Robert C. Lieberman, 2016-08-25 Scholars working in or sympathetic to American political development APD share a commitment to accurately understanding the history of American politics and thus they question stylized facts about America s political evolution Like other approaches to American politics APD prizes analytical rigor data collection the development and testing of theory and the generation of provocative hypotheses Much APD scholarship indeed overlaps with the American politics subfield and its many well developed literatures on specific institutions or processes for example Congress judicial politics or party competition specific policy domains welfare policy immigration the foundations of in equality in American politics the distribution of wealth and income race ethnicity gender class and sexual and gender orientation public law and governance and representation What distinguishes APD is careful systematic thought about the ways that political processes civic ideals the political construction of social divisions patterns of identity formation the making and implementation of public policies contestation over and via

the Constitution and other formal and informal institutions and processes evolve over time and whether and how they alter compromise or sustain the American liberal democratic regime APD scholars identify in short the histories that constitute American politics They ask what familiar or unfamiliar elements of the American past illuminate the present Are contemporary phenomena that appear new or surprising prefigured in ways that an APD approach can bring to the fore If a contemporary phenomenon is unprecedented then how might an accurate understanding of the evolution of American politics unlock its significance Featuring contributions from leading academics in the field The Oxford Handbook of American Political Development provides an authoritative and accessible analysis of the study of American political development

The Boundaries of American Political Culture in the Civil War Era Mark E. Neely Jr., 2009-11-17 Did preoccupations with family and work crowd out interest in politics in the nineteenth century as some have argued Arguing that social historians have gone too far in concluding that Americans were not deeply engaged in public life and that political historians have gone too far in asserting that politics informed all of Americans lives Mark Neely seeks to gauge the importance of politics for ordinary people in the Civil War era Looking beyond the usual markers of political activity Neely sifts through the political bric a brac of the era lithographs and engravings of political heroes campaign buttons songsters filled with political lyrics photo albums newspapers and political cartoons In each of four chapters he examines a different sphere the home the workplace the gentlemen s Union League Club and the minstrel stage where political engagement was expressed in material culture Neely acknowledges that there were boundaries to political life however But as his investigation shows political expression permeated the public and private realms of Civil War America

Cuban American Political Culture and Civic Organizing Robert M. Ceresa, 2017-06-21 This book studies civic organizations in Miami s Cuban community Few places in the United States have been transformed by immigration the way Miami has been transformed by Cuban exiles Cuban civic organizations help to explain why this is the case Civic organizations are the heart of the story of the social and political power and influence of Miami s Cuban community This community is home to a broad tradition of active political participation and many civic organizations The sheer number of organizations suggests they have something to do with the community s considerable vibrancy and civic capacity How do the organizations work How have they managed to be so successful over so many years What can be learned about successful civic organizing from their experience How will changing United States Cuba relations impact Cuban civic organizations and in turn broader Miami These are questions this book helps to answer

Latin American Political Culture John A. Booth, Patricia Bayer Richard, 2014-10-30 Latin American Political Culture Public Opinion and Democracy presents a genuinely pan Latin American examination of the region s contemporary political culture This is the only book to extensively investigate the attitudes and behaviors of Latin Americans based on the Latin American Public Opinion Project s LAPOP AmericasBarometer surveys The findings reveal a complex Latin America with distinct political culture Authors John Booth and Patricia Bayer Richard join

rigorous analysis with clear graphic presentation and extensive examples and readers learn about public opinion research engage with further questions for analysis and have access to data an expansive bibliography and links to appendices *The Concise Princeton Encyclopedia of American Political History* Michael Kazin, Rebecca Edwards, Adam Rothman, 2011-08-08 An essential guide to U S politics from the founding to today With 150 accessible articles written by more than 130 leading experts this essential reference provides authoritative introductions to some of the most important and talked about topics in American history and politics from the founding to today Abridged from the acclaimed Princeton Encyclopedia of American Political History this is the only single volume encyclopedia that provides comprehensive coverage of both the traditional topics of U S political history and the broader forces that shape American politics including economics religion social movements race class and gender Fully indexed and cross referenced each entry provides crucial context expert analysis informed perspectives and suggestions for further reading Contributors include Dean Baker Lewis Gould Alex Keyssar James Kloppenberg Patricia Nelson Limerick Lisa McGirr Jack Rakove Nick Salvatore Stephen Skowronek Jeremi Suri Julian Zelizer and many more Entries cover Key political periods from the founding to today Political institutions major parties and founding documents The broader forces that shape U S politics from economics religion and social movements to race class and gender Ideas philosophies and movements The political history and influence of geographic regions **The**

Transformation of American Political Culture and the Impact on Foreign Strategy PAN Yaling, 2021-12-30 This book examines the interplay between political culture and diplomatic strategy in the U S revealing the transformation of American political culture and its impact on the country s foreign strategy The theoretical pivot of this study is an analysis of the dynamics of political culture and the mechanisms of the interaction between political culture and diplomatic strategy Given this premise the core chapters revisit the historical transformations of American political culture and analyze the responses and countermeasures taken to attempt to reverse the perceived decline in American hegemony during the presidencies of George W Bush Barack Obama and Donald Trump factors interwoven with security economic and institutional crises The discussion describes the landscape and evolution of contemporary American political culture and the correlated adjustments of U S global strategy over the course of the twenty first century Given the myriad of challenges and political legacies left by its predecessors the author gives a pessimistic prognosis of the prospect of resolving America s political plight by the Joe Biden administration The title will be a valuable reference for academic and general readers interested in American politics U S diplomatic strategy and international relations **Keeping the Republic** Christine Barbour, Gerald C.

Wright, 2025-03-19 *Keeping the Republic* Brief Eleventh Edition draws students into the study of American politics showing them how to think critically about who gets what and how while exploring the twin themes of power and citizenship With students living through one of the most challenging periods in American life this text is a much needed resource to help them make sense of politics in America today and become savvy consumers of political information Carefully condensed from the

Full Edition by authors Christine Barbour and Gerald C Wright Keeping the Republic Brief Eleventh Edition gives your students the same continuity and crucial content in a more concise value oriented package *Statecraft and Stagecraft* Robert Schmuhl,1992-04-30 In this second edition of *Statecraft and Stagecraft* Robert Schmuhl brings up to date his provocative exploration of the involvement of the media in our public life by including a new chapter on the Persian Gulf War

Welfare in America Stanley W. Carlson-Thies,James W. Skillen,1996 Discusses the current issue of welfare reform and shares views on what the church s position should be **Thomas Jefferson's Image of New England** Arthur Scherr,2016-10-03 Writers often depict Thomas Jefferson as a narrow minded defender of states rights and Virginia s interests despite his authorship of the Declaration of Independence and vigorous defense of the young republic s sovereignty Some historians claim he was particularly hostile to the New England states whose Federalist electorate he regarded as enemies of his Democratic Republican Party This study of Jefferson s lifelong relationship with New England reveals him to be a consistent nationalist and friend of the region from his first visit to Boston in 1784 to his recruiting of Massachusetts scholars to teach at the University of Virginia His nationalist point of view is most evident where some historians claim to see it least in his opinions of the people and politics of New England He admired New Englanders Revolutionary patriotism especially that of his friend John Adams and considered their direct democracy and town meeting traditions a model for the rest of the Union **Presidential Campaigns And American Self Images** Arthur H Miller,Bruce E Gronbeck,2019-06-26 This volume explores a central political paradox why American scholars journalists and citizens periodically question the viability of their presidential electoral system and yet believe that presidential elections are our best hope for tomorrow The book argues that the key to understanding this paradox lies in the concept of self image exploring relationships between campaign activities and political culture After presenting an introduction to the history of presidential campaigning and a theory of political image the book arranges essays in three parts images centered on candidates mass media and the public A final essay assesses explanations of the contrasts between the 1988 and 1992elections and suggests tomorrow s research agenda *African American Political Thought and American Culture* Alex Zamalin,2015-10-07 This book demonstrates how certain African American writers radically re envisioned core American ideals in order to make them serviceable for racial justice Each writer s unprecedented reconstruction of key American values has the potential to energize American citizenship today American Political Cultures Richard J. Ellis,1993-07-29 This work challenges the thesis first formulated by de Tocqueville and later systematically developed by Louis Hartz that American political culture is characterized by a consensus on liberal capitalist values Ranging over three hundred years of history and drawing upon the seminal work anthropologist Mary Douglas Richard Ellis demonstrates that American history is best understood as a contest between five rival political cultures egalitarian community competitive individualism hierarchical collectivism atomized fatalism and autonomous hermitude What Does the American Presidency Mean? Richard Holtzman,2025-06-27 What Does the American

Presidency Mean The Need for Interpretation in Presidency Studies makes a compelling case for how interpretivism contributes to our understanding of the American presidency This brief book is accessible and inviting regardless of a reader's background in presidency studies or interpretivism Part I explores several dimensions of interpretivist and positivist methodologies Chapters discuss the characteristics of interpretivism genealogically trace positivism's dominance in presidency studies and identify how attributes of the presidency that raise methodological challenges for positivism are the same that make it fertile ground for interpretivism Part II explores a wide range of interpretive scholarship on the American presidency including studies of presidential meaning making the institution's historical political development presidential symbolism the construction of the presidency and the presidential spectacle It concludes with an interpretation of recent developments emphasizing the timeliness relevance and importance of methodological pluralism in presidency studies The book is written for anyone interested in the meaning of the presidency whether scholars or graduate students in American political science or those from other disciplines within and outside the United States It is appropriate for courses on the American Presidency Executive Politics Political Communication Rhetoric and Social Science Methods among others

Politics Virginie Mamadouh, 2017-05-15 Depending on the breadth or narrowness of the understanding of politics and the political politics in human geography is defined as either the operation of power in all social relations or the workings of power directed to or by the state This volume avoids the two extremes by acknowledging the transformation of approaches to the political in human geography over the past few decades but also by highlighting the continued importance of the more traditional state based conception of politics The selected articles are clustered around six themes new agendas in political geography state territoriality international relations and globalization internal territorial organisation and geographical scale social movements and electoral participation and identities and citizenship

Hollywood and Israel Tony Shaw, Giora Goodman, 2022-03-08 Winner 2023 Shapiro Best Book Award Association for Israel Studies From Frank Sinatra's early pro Zionist rallying to Steven Spielberg's present day peacemaking Hollywood has long enjoyed a special relationship with Israel This book offers a groundbreaking account of this relationship both on and off the screen Tony Shaw and Giora Goodman investigate the many ways in which Hollywood's moguls directors and actors have supported or challenged Israel for more than seven decades They explore the complex story of Israel's relationship with American Jewry and illuminate how media and soft power have shaped the Arab Israeli conflict Shaw and Goodman draw on a vast range of archival sources to demonstrate how show business has played a pivotal role in crafting the U S Israel alliance They probe the influence of Israeli diplomacy on Hollywood's output and lobbying activities but also highlight the limits of ideological devotion in high risk entertainment industries The book details the political involvement with Israel and Palestine of household names such as Eddie Cantor Kirk Douglas Elizabeth Taylor Barbra Streisand Vanessa Redgrave Arnold Schwarzenegger Robert De Niro and Natalie Portman It also spotlights the role of key behind the scenes players like Dore Schary Arthur Krim Arnon Milchan and

Haim Saban Bringing the story up to the moment Shaw and Goodman contend that the Hollywood Israel relationship might now be at a turning point Shedding new light on the political power that images and celebrity can wield Hollywood and Israel shows the world's entertainment capital to be an important player in international affairs **American Political Discourse on China** Michelle Murray Yang, 2017-06-14 Despite the U S and China's shared economic and political interests distrust between the nations persists How does the United States rhetorically navigate its relationship with China in the midst of continued distrust This book pursues this question by rhetorically analyzing U S news and political discourse concerning the 2008 Beijing Olympic Games the 2010 U S midterm elections the 2012 U S presidential election and the 2014 2015 Chinese cyber espionage controversy It finds that memory frames of China as the yellow peril and the red menace have combined to construct China as a threatening red peril Red peril characterizations revive and revise yellow peril tropes of China as a moral political economic and military threat by imbuing them with anti communist ideology Tracing the origins functions and implications of the red peril this study illustrates how historical representations of the Chinese threat continue to limit understanding of U S Sino relations by keeping the nations relationship mired in the past *The Geopolitics Reader* Simon Dalby, Paul Routledge, Gearóid Ó Tuathail, 2003-08 The Geopolitics Reader offers an interdisciplinary sourcebook of the most important political geographical historical and sociological readings of geopolitics in the late twentieth century The Reader is divided into five parts which draw on the most illuminating examples of imperial Cold War contemporary geopolitics new environmental themes and multiple resistances to the practices of geopolitics The editors provide comprehensive introductions and critical comment at the beginning of each part and visual geopolitical texts in the form of political cartoons are integrated throughout Encouraging exploration of divergent viewpoints of global conflict and change this invaluable compendium includes readings by Martin Luther King Vaclav Havel and George Bush

Our Americas Political Cultural Imagin Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be evident than ever. They have the ability to inspire, provoke, and ignite change.
