Perspectives On Mexican American Life:

Perspectives on Mexican-American Life Elizabeth Fuller, Jay Samuel Stowell, 1974 **Perspectives on Mexican-American life**, 1974 **Race, Place, and Reform in Mexican Los Angeles** Stephanie Lewthwaite, 2022-08-23

Beginning near the end of the nineteenth century a generation of reformers set their sights on the growing Mexican community in Los Angeles. Experimenting with a variety of policies on health, housing, education, and labor, these reformers—settlement workers, educationalists, Americanizers, government officials, and employers—attempted to transform the Mexican community with a variety of distinct and often competing agendas. In *Race, Place, and Reform in Mexican Los Angeles*, Stephanie Lewthwaite presents evidence from a myriad of sources that these varied agendas of reform consistently supported the creation of racial, ethnic, and cultural differences across Los Angeles. Reformers simultaneously promoted acculturation and racialization, creating a landscape of difference that significantly shaped the place and status of Mexican immigrants and Mexican Americans from the Progressive era through the New Deal. The book journeys across the urban, suburban, and rural spaces of Greater Los Angeles as it moves through time and examines the rural-urban migration of Mexicans on both a local and a transnational scale. Part 1 traverses the world of Progressive reform in urban Los Angeles, exploring the link between the region's territorial and industrial expansion, early campaigns for social and housing reform, and the emergence of a first-generation Mexican immigrant population. Part 2 documents the shift from official Americanization and assimilation toward nativism and exclusion. Here, Lewthwaite examines competing cultures of reform and the challenges to assimilation from Mexican nationalists and American nativists. Part 3 analyzes reform during the New Deal, which spawned the active resistance of second-generation Mexican Americans. *Race, Place, and Reform in Mexican Los Angeles* achieves a full, broad, and nuanced account of the various and often contradictory efforts to reform the Mexican population of Los Angeles. With a transnational approach grounded in historical context, this book will appeal to students of history, cultural studies, and literary studies.

Jungian Perspectives on Indeterminate States Elizabeth Brodersen, Pilar Ameza, 2020-08-09. In *Jungian Perspectives on Indeterminate States: Between and Beyond Borders*, Elizabeth Brodersen and Pilar Ameza bring together leading international contributors to analyze and interpret the psychological impact of contemporary border crossing, both literally and figuratively. Each chapter assesses key themes such as migration, culture, gender, and identity formation through a Jungian lens. All the contributors sensitively explore how creative forms can help mitigate the trauma experienced when one is forced to leave safety and enter unknown territory and examines the specific role of indeterminacy, liminality, and symbols as transformers at the border between culture, race, and gender. The book asks whether we are able to hold these indeterminate states as creative, liminal manifestations pointing to new forms, integrate the shadow, other as potential, and allow sufficient cross-border migration and fertilization as permissible. It makes clear that societal conflict represents a struggle for recognition and identity and elucidates the negative experiences of authoritarian

structures attached to disrespect and misrecognitions This interdisciplinary collection will offer key insight for Jungian analysts in practice and in training psychotherapists anthropologists political and cultural theorists and postgraduate researchers in psychosocial studies It will also be of great interest to readers interested in migration sexuality gender race and ethnicity studies Perspectives on the U.S.-Mexico Soccer Rivalry Jeffrey W. Kassing, Lindsey J. Meân, 2017-08-15 This edited volume considers the U S Mexico soccer rivalry which occurs against a complex geo political social and economic backdrop Multidisciplinary contributions explore how a long and complicated history between these countries has produced a unique rivalry one in which loyalties split friends and family fan turnout in many regions of the U S favors Mexico and games are imbued with both national pride and politics The themes of nationhood geography citizenship acculturation identity globalization narrative and mythology reverberate throughout this book especially with regard to how they shape place identity and culture International Perspectives on Racial and Ethnic Mixedness and Mixing Rosalind Edwards, Suki Ali, Chamion Caballero, Miri Song, 2012-06-14 People from a mixed or inter racial and ethnic background and people partnering and parenting across different racial and ethnic backgrounds are of increasing political public and intellectual interest internationally Contributors to this interdisciplinary collection interrogate notions of mixedness and mixing and challenge stereotypical assumptions They advance debates in the field through illuminating the complexity of specific historical trajectories administrative practices and lived experience Recurrent themes woven throughout the chapters include boundaries and categorisation in terms of administration and government and also of lived experience the explicit and implicit politics of mixedness and mixing in terms of nation state interests agenda and policies as well as on the ground social relations the ways that mixedness and mixing shift in meaning and implications across time and place shaped by different national regional and or local contexts This volume shows that who is and is not mixed is contested and understandings of mixedness and mixing however conceived need to be situated in the larger complex of ideas about race and its classification International Perspectives on Racial and Ethnic Mixedness and Mixing is an invaluable book for students and scholars of race and ethnicity Mexican Americans and Language Glenn A. Martínez, 2022-05-03 When political activists rallied for the abolition of bilingual education and even called for the declaration of English as an official language Mexican Americans and other immigrant groups saw this as an assault on their heritage and civil rights Because language is such a defining characteristic of Mexican American ethnicity nearly every policy issue that touches their lives involves language in one way or another This book offers an overview of some of the central issues in the Mexican American language experience describing it in terms of both bilingualism and minority status It is the first book to focus on the historical social political and structural aspects of multiple languages in the Mexican American experience and to address the principles and methods of applied sociolinguistic research in the Mexican American community Spanish and non Spanish speakers in the Mexican American community share a common set of social and ethnic bonds They also share a common experience of

bilingualism As Martinez observes the ideas that have been constructed around bilingualism are as important to understanding the Mexican American language experience as bilingualism itself Mexican Americans and Language gives students the background they need to respond to the multiple social problems that can result from the language differences that exist in the Mexican American community By showing students how to go from word to deed *del dicho al hecho* it reinforces the importance of language for their community and for their own lives and futures

The Shaping of America: A Geographical Perspective on 500 Years of History D. W. Meinig, 2010-01-01 This landmark book the concluding volume of D W Meinig's magisterial series *The Shaping of America* presents the story of America's interwoven history and geography from 1915 to 2000 The author describes decades of enormous national growth and change in his characteristic engaging style and through more than seventy original maps he ingeniously depicts diverse twentieth century trends and developments The book addresses the expanding nation's progress in terms of the automotive revolution neotechnic evolution access to air travel growth of instantaneous forms of communication including telephones television and the Internet and such political events as World War II Meinig relates these developments to social and geographic trends among them patterns of urban migration regionalism metropolitanization the beginnings of the urban megalopolis shifts in ethnic and religious populations and on a more global scale transformations in America's connections with Europe Asia and Latin America A masterful synthesis of twentieth century history and geography this book offers unprecedented insights into the shaping and reshaping of the United States over the past century

Understanding Mexicans and Americans Rogelio Diaz-Guerrero, Lorand B. Szalay, 2013-11-11 The *Communication Lexicon* is a new concept it is a new source of information in the field of language and area studies Its focus is on people's way of thinking their frame of reference their characteristic outlook on life Compared to the more traditional area studies our main focus is not on history or religion or geography not on tangible material realities of existence in a particular country but rather on people's shared subjective views of those realities which are dominant in their minds The focus of the analysis is essentially psychological it is centered on perceptions and motivations which influence people's choices and behavior Compared to individual psychology the information represented by this volume is psychocultural in that it is centered on the shared perceptions and motivations which people with the same language backgrounds and experiences develop together into a shared cultural view or subjective representation of their universe The attention psychocultural factors are receiving these days follows from the growing realization that their influences are powerful and yet they occur without people's awareness Based on extensive empirical data produced through an analytic technique of in-depth assessment the *Communication Lexicon* presents the culturally characteristic system of meanings which members of a particular cultural community develop in construing their world At the level of specifics the lexicon describes how selected themes such as family society work and entertainment are perceived and understood by members of three cultures Mexicans Colombians and U S

ETHNIC REALITIES OF MEXICAN AMERICANS Martin

Guevara Urbina,Joel E. Vela,Juan O. Sanchez,2014-03-01 The goal of this book is to examine the ethnic experience of the Mexican American community in the United States from colonialism to twenty first century globalization The authors unearth evidence that reveals how historically white ideology combined with science law and the American imagination has been strategically used as a mechanism to intimidate manipulate oppress control dominate and silence Mexican Americans ethnic racial minorities and poor whites A theoretical and philosophical overview is presented focusing on the repressive practice against Mexicans that resulted in violence brutality vigilantism executions and mass expulsions The Mexican experience under hooded America is explored including religion the Ku Klux Klan and the Mexican American Civil Rights Movement Local state and federal laws are documented often in conflict with one another including the Homeland Security program that continues to result in detentions and deportations The authors examine the continuing argument of citizenship that has been used to legally exclude Mexican children from the educational system and thereby being characterized as not fit for the classroom nor entitled to an equitable education Segregation and integration in the classroom is discussed featuring examples of court cases As documented throughout the book American law is a constant reminder of the pervasive ideology of the historical racial supremacy socially defined and enforced ethnic inferiority and the rejection of positive social change equality and justice that continues to persist in the United States The book is extensively referenced and is intended for professionals in the fields of sociology history ethnic studies Mexican American Chicano studies law and political science and also those concerned with sociolegal issues Description Here **Encyclopedia of Adult Development** Robert

Kastenbaum,1993-10-01 Robert Kastenbaum creator of the award winning Encyclopedia of Death has now collected and edited a source of reliable information on adult development that is accessible to the general reader useable by professionals and perfect for those who are simply browsing This work is a fascinating and highly informative look at the milestones and ordeals the key issues and the concerns of American adults The book expands our understanding of adulthood through 105 articles written by more than 70 contributing specialists from the fields of psychology anthropology religion and sociology

Women On The U.S.-Mexico Border Vicki Ruiz,2020-06-11 This book illuminates the reality of border women s lives and challenges the conventional notion that women need not work for wages because they are economically supported by men It offers insight into the lives of undocumented women [The Forked Juniper](#) Roberto Cantú,2016-11-23 Widely

acclaimed as the founder of Chicano literature Rudolfo Anaya is one of America s most compelling and prolific authors A recipient of a National Humanities Medal and best known for his debut novel Bless Me Ultima his writings span multiple genres from novels and essays to plays poems and children s stories Despite his prominence critical studies of Anaya s writings have appeared almost solely in journals and the last book length collection of essays on his work is now more than twenty five years old The Forked Juniper remedies this gap by offering new critical evaluations of Anaya s ever evolving artistry Edited by distinguished Chicano studies scholar Roberto Cant The Forked Juniper presents thirteen essays written by

U S Mexican and German critics and academics The essayists employ a range of critical methods in their analyses of such major works as Bless Me Ultima 1972 Jalamanta A Message from the Desert 1996 and the Sonny Baca narrative quartet 1995 2005 Through the lens of cultural studies the essayists also discuss intriguing themes in Anaya s writings such as witchcraft in colonial New Mexico the reconceptualization of Aztl n and the aesthetics of the New World Baroque The volume concludes with an interview with renowned filmmaker David Ellis who produced the 2014 film Rudolfo Anaya The Magic of Words The symbol of the forked juniper tree venerated as an emblem of healing and peace in some spiritual traditions and a compelling image in Bless Me Ultima is open to multiple interpretations It echoes the manifold meanings the contributors to this volume reveal in Anaya s boundlessly imaginative literature The Forked Juniper illuminates both the artistry of Anaya s writings and the culture history and diverse religious traditions of his beloved Nuevo Mexico It is an essential reference for any reader seeking greater understanding of Anaya s world embracing work

Occupied America Rodolfo Acuña,1988 Occupied America was the first book published for the growing interest in Chicano history developing across the country The Fourth Edition has been completely updated and includes a significant amount of new material on Mexican American history as well as a new chapter which explores the period before 1821

Latino Politics in America John A. García,2011-09-29 Latinos constitute the fastest growing population in the United States today and Latino political participation is growing rapidly Still Latino political power is not commensurate with the numbers and much potential remains to be tapped In Latino Politics in America author John A Garc a examines the development of this vibrant community and points the way toward a future of shared interests and coalitions among the diverse Latino subgroups This newly revised edition lays out the basic facts of Latino America who Latinos are where they come from where they reside and then connects these facts to political realities of immigration citizenship voting education organization and leadership Garc a s nuanced portrait of contemporary Latino political life first published in 2003 has been updated throughout to include data from the 2010 census and the 2008 and 2010 elections

Race, Ethnicity, and Leisure Monika Stodolska,2013-09-04 Race Ethnicity and Leisure Perspectives on Research Theory and Practice provides an overview of the current theories and practices related to minority leisure and reviews numerous issues related to these diverse groups leisure including needs and motivations constraints and discrimination World renowned researchers synthesize research on race and ethnicity explain how demographics will affect leisure behavior in the 21st century and explain the leisure behavior of minorities

Multilingual Perspectives on Translanguaging Jeff MacSwan,2022-07-13 This book brings together a broad interdisciplinary group of leading scholars to critically assess a recent proposal within translanguaging theory called deconstructivism the view that discrete or named languages do not exist Contributors explore important topics in relation to the deconstructivist turn in translanguaging including epistemology language ideology bilingual linguistic competence codeswitching bilingual first language acquisition the neurolinguistics of bilingualism the significance of language naming to Indigenous language reclamation efforts

implications for bilingual education and language rights and the effects of translanguaging on immersion programs for endangered languages Contributing authors converge on support for a multilingual perspective on translanguaging which affirms the pedagogical and conceptual aims of translanguaging but rejects deconstructivism The book makes a valuable contribution to the development of translanguaging theory and will be required reading for scholars and students interested in one of the most vibrant and vital debates in contemporary applied linguistics **Unequal Freedoms** Jeff

Strickland,2015-09-08 Focusing on Charleston South Carolina Jeff Strickland examines the ways that race ethnicity and class shaped the political economy of this vital Southern city during the second half of the nineteenth century Race and Racism

in the United States Charles A. Gallagher,Cameron D. Lippard,2014-06-24 How is race defined and perceived in America today and how do these definitions and perceptions compare to attitudes 100 years ago or 200 years ago This four volume set is the definitive source for every topic related to race in the United States In the 21st century it is easy for some students and readers to believe that racism is a thing of the past in reality old wounds have yet to heal and new forms of racism are taking shape Racism has played a role in American society since the founding of the nation in spite of the words all men are created equal within the Declaration of Independence This set is the largest and most complete of its kind covering every facet of race relations in the United States while providing information in a user friendly format that allows easy cross referencing of related topics for efficient research and learning The work serves as an accessible tool for high school researchers provides important material for undergraduate students enrolled in a variety of humanities and social sciences courses and is an outstanding ready reference for race scholars The entries provide readers with comprehensive content supplemented by historical backgrounds relevant examples from primary documents and first hand accounts Information is presented to interest and appeal to readers but also to support critical inquiry and understanding A fourth volume of related primary documents supplies additional reading and resources for research **Rethinking Anthropological Perspectives on**

Migration Graciela S. Cabana,Jeffery J. Clark,2020-03-17 Rethinking Anthropological Perspectives on Migration brings together these new methods in one volume and addresses innovative approaches to migration research that emerge from the collective effort of scholars from different intellectual backgrounds Its contributors present a comprehensive anthropological exploration of the many topics related to human migration throughout the world ranging from theoretical treatments to specific case studies derived primarily from the Americas prior to European contact
