Theobald,2015-09-17 Everyone s heard of Usain Bolt but how many people know about Dineka Maguire Like Bolt the Irish woman is a world record holder but in the rather lesser known sport of bog snorkelling She is just one of the hundreds of unsung heroes featured in this book chronicling the people who go to bizarre lengths to break world records in the weirdest categories people who devote hours of intense training to spitting dung eating cockroaches sniffing feet or tossing tuna in the hope of one day being recognised as the best in the world This astonishing compendium of the weirdest wackiest and most disgusting world records will amuse and astound in equal measure Entries include Longest ear hair Fastest marathon while wearing a deep sea diving suit Fastest bog snorkeller Farthest distance skateboarding by a goat Most bees on body Most milk crates balanced on head Fastest 5 km run while dressed as a penguin and juggling Heaviest airplane pulled with teeth Fastest shopping trolley Longest backwards motorcycle ride Most stairs climbed by bicycle Fastest 30 metres on a scooter by a dog First water skiing squirrel *Monthly Catalog of United States Government Publications* ,2004 **Solve This!** Joan Marie Galat,2018 Science experiments for kids that solve problems *The Complete Book of Model Aircraft, Spacecraft and Rockets* Louis Heilbroner Hertz,1967 *The Chronicles of Sekhmet on Olmecra Book 2* indigo ptah,2022-09-21 In the Ancient Lands of Kemet Goddess Sekhmet is a Legendary Lioness Woman In the chronicles the famous lioness woman NTR is tasked with raising the vibrational energies of humans on a specific part of Earth called Olmecra And unless there is an elevation in vibrations Earth will not ascend with the other planets in its galaxy The Matriarchy of the Kemetic Pantheon and Cosmic Goddesses are the protagonist of the book displaying their best nurturing attributes The story is being told from a divine feminine perspective in a way Goddess Sekhmet is not traditionally typified For those who study the Ancient Egyptians and or Kemet metaphors will develop into myth And for those who are new to the subject matter the interaction of the immortals with humans will encourage readers to seek what is seeking them This novella is unique in that few stories are dedicated to the African Cosmic Pantheon as compared to books popularized by Greek and Roman mythology Book Two is the second of a series of seven novellas that chronicle how the Goddess Sekhmet assists humans to help Earth ascend In Book One three exceptionally conscious women face individual crisis situations And to the surprise of themselves and their community they gain the gift to transform into a lioness woman to balance out their circumstances Another exceptional

woman takes their signal to begin a new purpose quest to assist with Earth's ascension. The main antagonist status quo of patriarchy in the form of selfish systematic supremacy attempts to progress its parasitic programming practices by spreading fear and eating away at natural energy resources on the planet and beyond. But the forces of nature get more involved in Earth's evolution. As an exceptional man embraces his animal spirit to provide and protect the path of the lioness women, Book Two continues the chronicles in Book One with immortal conversations and early background on how and why Olmecra was formed. The stories may seem controversial to some but are non-confrontational. And the story lines are never meant to make accusation of anyone or any group of people. But rather what is emphasized is the misuse of spirituality and the decline of the human condition. As the author evolves the chronicles, she hopes the concept of Personal Agency is encouraged so the reader expands their thoughts on their individual journey and how their purpose fits in the Universe.
