a beautiful rainbow surrounded their home in upstate New York where family members were gathered to celebrate her life. Since that time there have been many amazing experiences that have provided some very compelling proof that Jan is not very far away. And Lindsay, a former engineer, engineers always need proof; is not one who is prone to fantasy which makes these occurrences all the more believable. He also tells about some other rather amazing experiences that he and his family have had following losses of other loved ones. These stories alone will make a believer out of you. But there is much more. Lindsay also found that as he related these stories to friends and associates he would often find that they would frequently offer their own stories about how lost loved ones had made contact with them. The stories were amazing and revolved around everything from dragonflies to birds to lights and clocks changing to things appearing out of nowhere. There are more than twenty-five of these included in the book, all of which will leave you feeling very good and a little less lonely for those you have lost. Lindsay made a commitment to learn as much as he could from his loss and to help others to find ways to survive their loss. He has spoken to a number of bereavement groups about how to survive loss and shares these insights in *Jan's Rainbow*. His suggestions and ideas on dealing with loss come from true experience. Before taking early retirement, Lindsay was the Creative Thinking Guru for Kodak so his ideas tend to be different. As he says, Losing a loved one is a life-changing experience and it requires some very creative thinking to get through it. There are some wonderful and very different tips for dealing with loss included that will ease the journey through the bereavement process. Included are ways to re-frame your thinking, how to use positive humor in your healing, and the use of metaphors to expand your thinking or finding innovative ways to survive and much, much more. This book is a must for anyone who has lost a loved one or knows of someone who has. It is the ultimate feel-good book for helping people to deal with losing a loved one. You'll cry, you'll laugh, and you'll be lifted to a new level of hope.
