Rights Of Teachers

Jonna Perrillo

Rights Of Teachers:

Public School Law Martha M. McCarthy, Nelda H. Cambron-McCabe, Stephen B. Thomas, 1998 Public School Law Teachers and Students Rights provides a comprehensive treatment of the evolution and current status of the law governing public schools The text addresses legal principles applicable to practitioners in a succinct but comprehensive manner Information in this text should help alleviate concerns voiced by educators who feel that the scales of justice have been tipped against them In the fourth edition the content of all chapters has been updated and new sections have been added to reflect emerging issues of legal concern

Legal Rights of Teachers and Students Nelda H. Cambron-McCabe, Martha M. McCarthy, Suzanne Eckes, 2014 Key Benefit Gives pre and in service educators a concise informative comprehensive guide to the legal issues affecting their daily activities with students and teachers Key Topics The legal framework of public education tort liability church state relations instruction student expression association and appearance student classifications rights of students with disabilities student discipline terms and conditions of employment teachers substantive constitutional rights discrimination in employment termination in employment legal generalizations selected Supreme Court decisions Market Pre and in service educators

The Rights of Teachers David Rubin, Greenhouse, 1985-03-01 Quality education depends on preserving a teacher s freedom of expression and habits of openmindedness and critical inquiry But in the classroom or the community teachers may find their principles and standards challenged by school authorities or public officials This essential handbook describes the legal recourses and remedies available when injustices occur The Rights of Teachers focuses on constitutionally protected activities in the classroom with parents and students and outside the school It includes vital information on suing under civil rights acts for monetary and injunctive relief when a teacher s rights are violated

The Legal Rights and Responsibilities of Teachers Allan G. Osborne, Jr., Charles J. Russo, 2011-04-04 Everything teachers need to know about education law Do you know what you can and can t say and do in your school Most teacher education programs offer little if any instruction on education law When teachers need advice regarding employment or instructional issues they may find the search frustrating time consuming or costly Teachers will find the answers to their most frequently asked legal questions in this easy to read book Key topics include Certification tenure evaluation and dismissal Collective bargaining and teacher contracts Constitutional rights of teachers Discrimination and harassment Teachers responsibility regarding student bullying Academic freedom Copyright law Safety

The Rights of Teachers David Rubin, 1972

The Employment Rights of Teachers Charles J. Russo, Jan de Groof, 2009 As well established as the right to work is in the industrialized world in many places it is neither as well defined nor protected even though signatories to various international treaties profess their adherence to the lofty principles contained in the array of documents addressing what is recognized as a fundamental human right The right to work is an important human right without the ability to support themselves workers have a difficult time affording themselves and their families the opportunity to enjoy

their other rights International documents acknowledge the fundamental right of individuals to work but do not explicitly address the status of teachers Employment Rights of Teachers covers twelve different nations in an analysis of rights allowed and denied to teachers throughout the world Teachers Have Rights, Too Leigh Stelzer, Joanna Banthin, 1980 This book addresses the law related concerns of school teachers Much of the data on which the book is based was collected during a four year study conducted by the American Bar Association with the support of the Ford Foundation Court cases are cited Chapter one examines Tenure Since tenure gives teachers the right to their jobs tenured teachers cannot be dismissed without due process of law or without cause They are entitled to notice of charges and a fair hearing with the opportunity to present a defense The burden is on school authorities to show that there are good and lawful reasons for dismissal Reduction In Force RIF is the topic of chapter two Many school districts are facing declining enrollments and rising costs for diminished services RIF begins with a decision that a school district has too many teachers Laws vary from state to state Discussed are What requirements must be met for RIF to be declared Who can be RIFed What procedures must be followed Do RIFed personnel have reinstatement rights Chapter three deals with Negligence Negligence is the failure to anticipate unreasonable risk and guard against the consequences In general teachers are unlikely to be held responsible for students injuries Normal considerations of negligence and liability protect the responsible teacher Chapters four through eight treat the topics of Malpractice and Defamation Discipline Academic Freedom Freedom of Speech and Association and Life Style Choices Two areas not examined are unionization and some of the emerging issues in the legislative arena such as teacher accountability and teacher competency The book concludes with a list of related resources in the ERIC system Author RM

The Legal Rights and Responsibilities of Teachers Allan G. Osborne, Jr., Charles J. Russo, 2011-04-04 This easy to read book answers teachers legal questions regarding employment and instruction Key topics include tenure collective bargaining academic freedom copyright law safety and student bullying The Human Rights Imperative in Teacher Education Gloria T. Alter, William R. Fernekes, 2022-10-05 Human rights education HRE is a worldwide movement designed to place human rights at the center of K university educational theory and practice providing a critical foundation for global citizenship education social justice and diversity education and equity based schooling reforms Readers will learn how 1 HRE content supports core values of U S education including those focused on liberty justice and social equality for all educators and students 2 HRE concepts and illustrative learning strategies support inclusive education and promote peace tolerance and cross cultural understanding and 3 the theoretical foundations of HRE are compatible with recognized teacher preparation standards and program goals Pre service educators seeking teaching licenses and practicing classroom educators desiring to expand their focus into human rights education will find this book very helpful as will professors teaching methods courses and courses dealing with social justice multicultural education and diversity in education The book blends theory and practice to help educators make human rights education a central focus of their daily practice providing sample HRE units

concerning the rights of global migrants Indigenous peoples and LGBTQ communities Readers will not only apply what they learn but also become part of a non partisan movement supporting human rights across the globe

Teachers' Rights and the Law Robert M. Cuen, 2011-03-08 Finally a school law book written for teachers Open this book and locate your legal question and there s your answer explained on just one page For less than 1 00 per legal answer you have at your convenience one page answers to the 101 most relevant legal problems facing California teachers today If knowledge is power this book is your opportunity to become powerful I will be sharing with you my legal expertise regarding the 101 most relevant school law questions and answers In the many years that I have worked with teachers I found that teachers were constantly in fear of being burned by their administration Indeed how many of you have had an administrator or others bully you with legal or procedural threats How many of you have felt frozen or paralyzed to act against a student employee or administrator How many of you have felt stressed for not acting due to this fear Finally how many of you have feared retaliation for standing up for your rights If you have experienced any of these situations this book is for you I have good news and bad news Bad news first the legal aspects of your teaching career will not go away Unavoidably with each passing day your fears of being bullied and retaliated against in your every day interaction with administration students and parents will focus more and more on school law issues This reality is not unique turn on the television or read the newspaper and you ll see that all employees must deal with this reality at one time or another The good news is that this book will enable you to understand and acquire knowledge of your rights as they relate to your interactions with administration students and parents Just imagine not having to worry about or fear your administration I would say to those teachers who would read this book behold you are now entering a new world a legal world and with the knowledge acquired herein you will become more confident and secure in your interactions with administrators students and parents ABOUT THE AUTHOR Robert M Cuen is a graduate of UCLA and Loyola Law School and has been practicing school law for more than twenty years He has represented teacher unions and school districts and therefore has the unique legal perspective of representing both teachers and administrators During these years Mr Cuen has provided legal answers to more than 100 000 legal questions from teachers administrators and other school employees and has presented hundreds of legal training workshops dealing with school law issues Currently Mr Cuen is a staff attorney for the Los Angeles Unified School District and a part time school law professor at California State University Northridge

Copyrights, Clearances, and Rights of Teachers in the New Educational Media Fred Seaton Siebert, 1964

What Every Teacher Should Know about Student Rights Eve Cary, 1975

Uncivil Rights Jonna Perrillo, 2024-05-31 Almost fifty years after Brown v Board of Education a wealth of research shows that minority students continue to receive an unequal education At the heart of this inequality is a complex and often conflicted relationship between teachers and civil rights activists examined fully for the first time in Jonna Perrillo s Uncivil Rights which traces the tensions between the two groups in New York City from the Great Depression to the present While

movements for teachers rights and civil rights were not always in conflict Perrillo uncovers the ways they have become so brought about both by teachers who have come to see civil rights efforts as detracting from or competing with their own goals and by civil rights activists whose aims have de professionalized the role of the educator Focusing in particular on unionized teachers Perrillo finds a new vantage point from which to examine the relationship between school and community showing how in this struggle educators activists and especially our students have lost out

The 200 Most Frequently Asked Legal Questions for Educators Nathan L. Essex, 2012-08 The ideal quick reference guide for understanding legal issues within school

Human Rights in Language and STEM Education Zehlia Babaci-Wilhite, 2016-03-22 This volume explores the challenges of teaching and learning Science Technology Engineering and Mathematics STEM subjects in local languages and local contexts in a range of countries around the world Many countries around the world including African countries have been largely excluded from the transformation that is going on in STEM pedagogy in the USA where the emphasis is on the importance of language choice and the development of English Language Learner ELL STEM subjects in many parts of the world have been taught in a global language mainly English rather than using a local language and local curriculum This creates pedagogical challenges to the teaching of STEM The contributions to this book review evidence and arguments for the teaching of STEM subjects in local languages and several chapters make this case that this should be considered a human right both in national educational programs and in development aid Working across disciplines and domains has the potential to lead to new understanding and the removal of barriers to progress with the ultimate goal of creating solutions to persistent problems in education Cross disciplinary work in science language and literacy has shown much promise and demonstrated the importance of developing language along with disciplinary knowledge This volume provides a deep dive into this topic with articles by several scholars in the field of language in STEM Jaqueline Barber Director of the Learning Design Group at the Lawrence Hall of Science University of California Berkeley USA In an increasingly technological world STEM Education has become a priority on national agendas and in educational institutions Meaningful access to STEM education can enable or hinder young people from gaining entry into the world of work It is against this backdrop that the edited collection *Human Rights and Language in STEM Education* needs to be welcomed The various chapters tackle the big questions of access and many others This edited collection is required reading for all those working in STEM and for policy makers who tend to see language and STEM as binaries rather than as interdependent

Zubeida Desai Professor and Dean of Education University of the Western Cape South Africa This volume by researchers from 10 countries provides a thought and action provoking multidimensional analysis of issues on the dignity of the use of STEM subjects in local education in the perspective of human rights This book is especially recommended to researchers and education policy makers in such areas as STEM Educational Theory and Praxis Human Rights Future sustainable Development Science and Technology Literacy May it inspire similar volumes in today s politically ebullient world Francisco

Gomes de Matos Professor Emeritus of Linguistics human linguistic rights scholar Federal University of Pernambuco Recife Brazil

After Civil Rights John D. Skrentny, 2015-11-24 A provocative new approach to race in the workplace What role should racial difference play in the American workplace As a nation we rely on civil rights law to address this question and the monumental Civil Rights Act of 1964 seemingly answered it race must not be a factor in workplace decisions In *After Civil Rights* John Skrentny contends that after decades of mass immigration many employers Democratic and Republican political leaders and advocates have adopted a new strategy to manage race and work Race is now relevant not only in negative cases of discrimination but in more positive ways as well In today's workplace employers routinely practice racial realism where they view race as real as a job qualification Many believe employee racial differences and sometimes immigrant status correspond to unique abilities or evoke desirable reactions from clients or citizens They also see racial diversity as a way to increase workplace dynamism The problem is that when employers see race as useful for organizational effectiveness they are often in violation of civil rights law *After Civil Rights* examines this emerging strategy in a wide range of employment situations including the low skilled sector professional and white collar jobs and entertainment and media In this important book Skrentny urges us to acknowledge the racial realism already occurring and lays out a series of reforms that if enacted would bring the law and lived experience more in line yet still remain respectful of the need to protect the civil rights of all workers

Young Children in the World and Their Rights Adrijana Višnjić-Jevtić, Alicja R. Sadownik, Ingrid Engdahl, 2021-04-20 This book provides different perspectives on the concept of children's rights including policy educational and children's perspectives It examines how the crucial ideas of the Convention on the Rights of the Child are respected and implemented in 14 countries in five regions of the world It looks at early childhood education children's participatory rights and at how these rights are promoted and guaranteed in different countries It explores the professional practice of education and its complexities challenges and dilemmas as well as the role of play and of listening and participation The book advocates children's rights today arguing for its vital importance in the best interests of the children In doing so it furthers the understanding of children's rights and spreads knowledge about the Convention as a means of celebrating its 30th anniversary The UN Convention on the Rights of the Child UNCRC comprises the potential to change the lives of children to the very best It may exalt children from the position of marginalized citizens to the centre of policies all over the world Even though the concept of children's rights is omnipresent the respect for children's rights must be discussed While the Convention brings the new perspective of children as citizens to the world there are still challenges in its application The book interrogates challenges in understanding and applying children rights and offers possible answers to these challenges The ratification process itself does not guarantee that children's rights are respected While all adults should take responsibility for implementing the UNCRC in everyday life Early Childhood Education should give opportunities for children to learn and live their rights

Human Rights Education Globally Joseph Zajda, 2020-06-02 This book presents a

comprehensive overview of selected research concerning global and comparative trends in dominant discourses on human rights education Using diverse paradigms ranging from critical theory to historical comparative research the book examines major human rights education reforms and policy issues in a global culture with a focus on the ambivalent and problematic relationship between human rights education discourses ideology and the state Further it discusses democracy national identity and social justice which are among the most critical and significant factors defining and contextualising the processes surrounding nation building identity politics and human rights education globally and also critiques current human rights education practices and policy reforms illustrating the shifts in the relationship between the state and human rights education policy Written by authors from diverse backgrounds and regions the book examines current developments in research concerning human rights education and citizenship education globally As such it enables readers to gain a more holistic understanding of the nexus between nation state national identity and human rights education both locally and globally It also provides an easily accessible practical yet scholarly insights into international concerns in the field of human rights education in the context of global culture

Nordic Perspectives on Human Rights Education Audrey Osler, Beate Goldschmidt-Gjerløw, 2024-07-29 Backed by a range of case studies and recent developments in human rights education research *Nordic Perspectives on Human Rights Education* guides readers through an analysis of educational inequities and identifies how internationally agreed upon human rights standards may inform social justice practices within schools In an age characterised by authoritarianism and extremism but also social and climate justice movements this book provides a critical analysis of current practice within schools Contributing authors also discuss how a human rights framework may improve practice supporting intersectional thinking and more sustainable learning environments while also empowering teachers to confidently navigate issues of gender national identity and minority rights Divided into three distinct sections chapters invite readers to consider The context behind human rights education HRE Rights based approaches to teaching and education International dialogue and how we may learn from the approaches of other countries Drawing on research from the Nordic region and discussing its implications elsewhere this volume is an essential resource for scholars developing theory and practice in human rights education social studies citizenship education and international and comparative education Chapter 2 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license Chapters 1 6 7 9 12 and 13 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Human Rights Educ & Global R James Lynch, Celia Modgil, Sohan Modgil, 2014-07-10 First published in 1992 This is Volume 4 of a series of four on Cultural Diversity and the Schools and focusses on Human Rights Education and Global Responsibilities One of the major problems facing societies in almost all parts of the world is the inadequate accommodation of social equity with cultural diversity The crisis emanating from neglect

of this issue can be seen in societies as different and wide apart as the Soviet Union India Pakistan the United States and the United Kingdom This series seeks to contribute through joint publication and the stimulation of greater discourse to identify the pathways to a less selfish and parochial response to the continuing dilemma of equity and diversity not solely within the nation state but also internationally

Decoding **Rights Of Teachers**: Revealing the Captivating Potential of Verbal Expression

In a time characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
