complementary than patriarchal with women maintaining a unique position across the first two centuries of colonial rule

A Mexican Elite Family, 1820-1980 Larissa Adler Lomnitz, Marisol Pérez-Lizaur, 2021-03-09 This book presents the history of the Gomez an elite family of Mexico that today includes several hundred individuals plus their spouses and the families of their spouses all living in Mexico City Tracing the family from its origins in mid nineteenth century Mexico through its rise under the Porfirio Diaz regime and focusing especially on the last three generations the work shows how the Gomez have evolved a distinctive subculture and an ability to advance their economic interests under changing political and economic conditions One of the authors major findings is the importance of the kinship system particularly the three generation grandfamily as a basic unit binding together people of different generations and different classes The authors show that the top entrepreneurs in the family the direct descendants of its founder remain the acknowledged leaders of the kin each one ruling his business as a patron owner through a network of client² relatives Other family members though belonging to the middle class identify ideologically with the family leadership and the bourgeoisie and family values tend to overrule considerations of strictly business interest even among entrepreneurs *Unwanted Pregnancies and Public Policy*

Héctor Correa, 1994 *Unwanted Pregnancies Public Policy An International Perspective* **Supplement to the Handbook of Middle American Indians, Volume 6** John D. Monaghan, Barbara W. Edmonson, 2000 In this Ethnology supplement anthropologists who have carried out long term fieldwork among indigenous people review the ethnographic literature in the various regions of Middle America and discuss the theoretical and methodological orientations that have framed the work of scholars over the last several decades They examine how research agendas have developed in relationship to broader interests in the field and the ways in which the anthropology of the region has responded to the sociopolitical and economic policies of Mexico and Guatemala Most importantly they focus on the changing conditions of life of the indigenous peoples of Mesoamerica This volume offers a comprehensive picture of both the indigenous populations and developments in the anthropology of the region over the last thirty years **Economic Action in Theory and Practice** Donald C.

Wood, 2010-08-18 Contains 14 chapters that focus on various aspects of economic organization and behaviour mostly based on empirical fieldwork conducted by the authors themselves This title takes a look at urban food provisioning in Cameroon and an investigation into entrepreneurial activities in the rapidly changing economy of Cairo *The Matrix Of Language*

Donald Brenneis, 2018-02-20 This book presents a range of methodological approaches and case studies that illustrate the interconnection of language culture and social practice It is useful for anyone exploring the relation of language to psychology political theory feminist studies and literature and folklore **Homegirls in the Public Sphere** Marie "Keta"

Miranda, 2010-01-01 Girls in gangs are usually treated as objects of public criticism and rejection Seldom are they viewed as objects worthy of understanding and even more rarely are they allowed to be active subjects who craft their own public persona which is what makes this work unique In this book Marie Keta Miranda presents the results of an ethnographic

collaboration with Chicana gang members in which they contest popular and academic representations of Chicana o youth and also construct their own narratives of self identity through a documentary film It s a Homie Thang In telling the story of her research in the Fruitvale community of Oakland California Miranda honestly reveals how even a sympathetic ethnographer from the same ethnic group can objectify the subjects of her study She recounts how her project evolved into a study of representation and its effects in the public sphere as the young women spoke out about how public images of their lives rarely come close to the reality As Miranda describes how she listened to the gang members and collaborated in the production of their documentary she sheds new light on the politics of representation and ethnography on how inner city adolescent Chicanas present themselves to various publics and on how Chicana gangs actually function

from those of elite society The institutionalization of female headed households in mid colonial Mexico had wide ranging repercussions and effects on general societal values Rituals and Sisterhoods details the particular relevance of these changes to the history of emotions sexuality gender concepts perceptions of marriage life choices and views of honor and shame in colonial society This book will be of significant interest to students and scholars of colonial Latin American history the history of Early Modern Spain and Europe and gender and women s studies **Cooperation and Community** Jeffrey H.

Cohen,2010-06-28 In the villages and small towns of Oaxaca Mexico as in much of rural Latin America cooperation among neighbors is essential for personal and community survival It can take many forms from godparenting to sponsoring fiestas holding civic offices or exchanging agricultural or other kinds of labor This book examines the ways in which the people of Santa Ana del Valle practice these traditional cooperative and reciprocal relationships and also invent new relationships to respond to global forces of social and economic change at work within their community Based on fieldwork he conducted in this Zapotec speaking community between 1992 and 1996 Jeffrey Cohen describes continuities in the Santa eros practices of cooperation as well as changes resulting from transnational migration tourism increasing educational opportunities and improved communications His nuanced portrayal of the benefits and burdens of cooperation is buttressed by the words of many villagers who explain why and how they participate or not in reciprocal family and community networks This rich ethnographic material offers a working definition of community created in and through cooperative relationships
