River Place One Mans Search For Serenity:

River Place Doug Baker, 1980 **Reading Portland** John Trombold, Peter Donahue, 2017-08-24 Reading Portland is a literary exploration of the city's past and present. In over eighty selections Portland is revealed through histories, memoirs, autobiographies, short stories, novels, and news reports. This single volume gives voice to women and men, the colonizers and the colonized, white, Hispanic, African American, Asian American, and Indian storytellers, and lower middle and upper classes. In his introduction John Trombold considers the history of writing about a place that has nourished a provocative and errant literary tradition for over 150 years. In the preface Peter Donahue considers the influence of region, particularly Portland's urbanity and its hybrid population, on literature. Included here are the voices of Carl Abbott, Kathryn Hall Bogle, Beverly Cleary, Robin Cody, Lawson Fusao Inada, Rudyard Kipling, Ursula K. Le Guin, Joaquin Miller, Sandy Polishuk, Gary Snyder, Kim Stafford, Elizabeth Woody, and many more. *Pacific Northwest*, 1980 **Materijali za istorijata na Makedonija**, 1982

Ridings, 2006-05 Eli Roberts enjoyed history class in high school but really got interested after reading letters written home from the Civil War by his Great Great Grandfather. His research leads him to some fascinating findings, including an encrypted message found in his Civil War veteran Grandfather's bible. Eli explores his bond with his family's past and makes an amazing discovery. Fiction available in print or download. *The Image of the River in Latin/o American Literature* Jeanie Murphy, Elizabeth G. Rivero, 2017-12-20 Although fictional and often fantastic representations of nature have been a distinguishing feature of Latin American literature for centuries, ecocriticism understood as the study of literature as it relates to depictions of the natural world, environmental issues, and the ways in which human beings interact and identify with their natural surroundings did not emerge as a field of scholarly interest in the region until the end of the twentieth century. This volume employs an ecocritical lens in order to explore and question the use of the river imagery in Latino and Latin American literature from the colonial period to our modern world, creating a space in which to examine both its literal and figurative meanings associated as much with processes of a personal nature as with those of the collective experience in the region. The slow meandering streams of nostalgia, the raging currents of conflict, or the stagnant waters of social decay are just a few of the ways in which the river has become an important symbol and inspiration to many of the region's writers. This book offers a diverse collection of writings that through a trans-historical and trans-geographical perspective allows us from the vantage point of the twenty-first century to reflect on the rich and dynamic image of the river and by extension on

the vital context of Latin o America its people and societies
