What does the Koran say about women's rights? How has the digital revolution changed life in the modern age? From the law courts of ancient Iraq to bloody Civil War battlefields, explore the daily lives of people from major world cultures throughout history as presented in their own words. Bringing useful and engaging material into world history classrooms, this rich collection of historical documents and illustrations provides insight into major cultures from all continents. Document selections are guided by the National Standards for World History, providing a direct tie to the curriculum. Analytical introductions explain the key features and background of each document and create links between documents to illustrate the interrelationship of thoughts and customs across time and cultures. Volume 3: The Modern World spans the period from the Enlightenment through the modern Internet era and global economy, including the founding of the United States, colonial and post-colonial life in Latin America and Africa, and the growth of international cultures and new economies in Asia.
