G. Robert Jacks,1996 Over the years I ve heard some wonderful sermons writes G Robert Jacks I ve also heard some duds Some have been so

extemporaneous they sounded as if the preacher hadn't prepared anything. Some have been such wondrously crafted literary pieces they sounded as if the preacher wanted to sound wondrously crafted and literary. Some have sounded as though the preacher were giving a lecture or reading a term paper. That's because the preacher had written a lecture or term paper. And some have captured the attention and the imagination and set the spark to ignite faith in the hearer. That's because they were written to be listened to and to appeal to the sense world of the hearers. Drawing on nearly thirty years of experience in critiquing sermon delivery, Jacks here offers a practical hands-on approach to writing sermons that consider listeners first. Jacks gives samples and examples of writing that effectively captures and holds an audience's attention and he offers practical tips and suggestions intended to help each of us find a preaching style and voice of our own. He also shows how to translate the jargon of theological textbooks into everyday language, suggests methods for rewriting sermons to avoid some of the pomposity of sermonic proclamation and demonstrates ways to retell biblical narratives in fresh and imaginative ways. Just Say the Word: Writing for the Ear is a valuable resource that will help pastors and lay leaders communicate as effectively as possible the faith that is ours to share. *Getting the Word Across* G. Robert Jacks, 1995-09-21. This volume gives pastors and worship leaders practical lessons in disciplined interpretive speech that will enhance the living quality of Scripture for listeners today. Among other subjects, Jacks discusses phrasing, emphasis, imagery, vocal gesture, pronunciation, articulation, and vocal control. *Conspiracy Cinema* David Ray Carter, 2012-09-28. The only guide to this emerging genre of cinema. Still marginalized by mainstream media, conspiracy theories are a growing influence on the contemporary political imagination thanks to internet distribution of conspiracy cinema documentaries presenting conspiratorial explanations everything from 9/11 to the Kennedy assassinations, Roswell to the causes of HIV. One hundred million people around the world have watched one of these films and this is the first book to explain and explore what they are seeing. Lighthearted, funny, and interactive, this is the definitive and only guide to this intriguing and immensely popular form of modern entertainment. **Canadian Film Weekly; Voice of the Canadian Motion Picture Industry**, 1958.
