Selections From English Wycliffite Writings:

Selections from English Wycliffite Writings Anne Hudson, 1981 *Selections from English Wycliffite Writings* Medieval Academy of America, 1997-01-01 The text is in Middle English with extensive supplemental notes that help to fully explain the context of each work This new MART edition comes with a revised and updated bibliography by the editor Selections from English Wycliffite Writings; Ed., with an Intr., Notes and Glossary, 1978 *English John Wyclif Writings* John Wycliff, Anne Hudson, 1981 **Language Anxiety** Tim William Machan, 2009-01-29 This book looks at the ever present anxieties associated with language change Focusing on English from Alfred the Great to the present Tim Machan offers a fresh perspective on the history of language He reveals amusing and sometimes disconcerting aspects of our linguistic and social behavior and suggests that anxiety about language has sometimes allowed us to avoid the issues we really find disturbing when speakers of English worry over grammar sounds or words the real source of their anxiety is often not language at all but issues like immigration or social instability Drawing on an array of evidence from archives literature history polemics and the press as well as centuries of legislation Tim Machan uncovers the perennial nature of concerns about the poverty and purity of English There has never been a time he shows when we weren't worried about the corruption of language and its apparent connections with educational standards the morality of youth the integrity of society and the identity of our nations This is a fascinating story told here in consummate fashion combining insight and anecdote and learning with wit a book for everyone interested in languages and the people who speak them **Fashioning England and the English** Rahel Orgis, Matthias Heim, 2018-07-27 This book explores how literary texts envision England and respond to discourses and conceptions of Englishness and the English nation especially in relation to gender and language The essays discuss texts from the fifteenth to the twentieth century and bear witness to changing views of England and the English highlighting the importance of religion economy landscape the spectre of the other and language in this discourse The volume pays attention to women writers reflection on the nation and the roles female figures play in male writers' visions of nationhood It brings into conversation less well known voices like those of Osborn Bokenham Thomas Deloney Eleanor Davies and Jacquetta Hawkes with canonical authors William Shakespeare William Wordsworth Jane Austen and Virginia Woolf and opens a space for exploring the interplay of dominant and variant voices in the fashioning of England A Companion to British Literature, Volume 1 Heesok Chang, Robert DeMaria, Jr., Samantha Zacher, 2013-12-13 A Companion to British Literature Medieval Literature 700-1450 A Companion to Medieval English Literature and Culture, c.1350 - c.1500 Peter Brown, 2009-10-26 A Companion to Medieval English Literature and Culture c. 1350 - c. 1500 challenges readers to think beyond a narrowly defined canon and conventional disciplinary boundaries A ground breaking collection of newly commissioned essays on medieval literature and culture Encourages students to think beyond a narrowly defined canon and conventional disciplinary boundaries Reflects the erosion of the traditional rigid boundary between medieval and early

modern literature Stresses the importance of constructing contexts for reading literature Explores the extent to which medieval literature is in dialogue with other cultural products including the literature of other countries manuscripts and religion Includes close readings of frequently studied texts including texts by Chaucer Langland the Gawain poet and Hoccleve Confronts some of the controversies that exercise students of medieval literature such as those connected with literary theory love and chivalry and war *The Gawain-Poet and the Fourteenth-Century English Anticlerical Tradition* Ethan Campbell, 2018-04-15 Ethan Campbell argues that a central feature of the Gawain poet's Middle English works moral rhetoric is anticlerical critique Written in an era when clerical corruption was a key concern for polemicists such as Richard FitzRalph and John Wyclif as well as satirical poets such as John Gower William Langland and Geoffrey Chaucer the Gawain poems feature an explicit attack on hypocritical priests in the opening lines of Cleanthes as well as more subtle critiques embedded within depictions of flawed priest-like characters **Pilgrimage in Medieval England** Diana Webb, 2007-02-10 The men and women who gathered at the Tabard Inn in Southwark in Chaucer's Canterbury Tales are only the most famous of the tens of thousands of English pilgrims from kings to peasants who set off to the shrines of saints and the sites of miracles in the middle ages As they traveled along well established routes in the hope of a cure or a blessing to fulfill a vow or to see new places the pilgrims left records that let us see medieval people and their concerns and beliefs from a unique and intimate angle As well as the most famous shrines notably that of St Thomas Becket at Canterbury Diana Webb also describes the many local pilgrimages and cults and their rise and fall over the English middle ages as a whole Webb's scholarly achievement deserves high praise Christina Hardyment *The Independent* *Same-sex Sexuality in Later Medieval English Culture* Tom Linkinen, 2025-10-01 This volume investigates the state of same sex relations in later medieval England drawing on a remarkably rich array of primary sources from the period that include legal documents artworks theological treatises and poetry Tom Linkinen uses those sources to build a framework of medieval condemnations of same sex intimacy and desire and then shows how same sex sexuality reflected and was inflected by gender hierarchies approaches to crime and the conspicuous silence on the matter in the legal systems of the period *The church as sacred space in Middle English literature and culture* Laura Varnam, 2018-01-11 This book presents an exciting new approach to the medieval church by examining the role of literary texts visual decorations ritual performance and lived experience in the production of sanctity The meaning of the church was intensely debated in the fourteenth and fifteenth centuries This book explores what was at stake not only for the church's sanctity but for the identity of the parish community as a result Focusing on pastoral material used to teach the laity it shows how the church's status as a sacred space at the heart of the congregation was dangerously but profitably dependent on lay practice The sacred and profane were inextricably linked and paradoxically the church is shown to thrive on the sacrilegious challenge of lay misbehaviour and sin *Textual Criticism and Middle English Texts* Tim William Machan, 1994 Textual Critical studies of medieval English literature have primarily focused on practical

matters such as transcription collation recension and the identification of scribal hands But the theory of editing medieval English works remains largely unexplored Tim William Machan addresses this void by setting out to articulate the textual and cultural factors that distinctively characterize Middle English works as Middle English and to reveal the role these factors play in editing and interpretation of these works In revealing how the creation of textual criticism affected the transmission of Middle English this book will be of interest and accessible to readers relatively new to both textual criticism and Middle English It will also be of vital importance to specialists in medieval studies Renaissance studies and textual criticism

Memory and the English Reformation Alexandra Walsham, Bronwyn Wallace, Ceri Law, Brian Cummings, 2020-11-12

Recasts the Reformation as a battleground over memory in which new identities were formed through acts of commemoration invention and repression **English Readers of Catholic Saints** Judy Ann Ford, 2020-05-18 In 1484 William Caxton the first publisher of English language books issued *The Golden Legend* a translation of the most well known collection of saints lives in Europe This study analyzes the molding of the *Legenda aurea* into a book that powerfully attracted the English market Modifications included not only illustrations and changes in the arrangement of chapters but also the addition of lives of British saints and translated excerpts from the Bible showing an appetite for vernacular scripture and stories about England's past The publication history of Caxton's *Golden Legend* reveals attitudes towards national identity and piety within the context of English print culture during the half century prior to the Henrician Reformation

Middle English Literature Matthew Boyd Goldie, 2008-04-15 This collection of fourteenth and fifteenth century documents is designed for students of Chaucer and Middle English literature It makes readily available accounts of key historical events and descriptions of pertinent cultural phenomena Brings together in one volume fourteenth and fifteenth century historical and cultural texts Documents shed light on the themes and styles that appear in Chaucer and other Middle English literature Contains twelve important images from the period Concise introductions and bibliographies accompany all documents

Manuscripts in Lambeth Palace Library, Including Those Formerly in Sion College Library Oliver S.

Pickering, Veronica M. O'Mara, 1999 Lambeth Palace Library which dates from a request by Archbishop Bancroft in 1610 is one of England's major repositories of medieval manuscripts The collection is large enough to be fully representative of the corpus of Middle English prose the Brut the Wycliffite Bible and Love's Mirror for example are all present in some cases in multiple copies as are writings by Hilton and Rolle There are sermon cycles including an almost complete set of Wycliffite sermons medical recipes historical works and anthologies of religious treatises Altogether the current handlist indexes are almost eight hundred separate items ranging from the veterinary to the liturgical **The English Apocalypse** Ethan Campbell, 2024-11-04 Before the Wycliffite Bible in the 1380s one of the only complete books of the Bible to be translated into Middle English was the Book of Revelation The English Apocalypse translated from the French in the early 14th century must have been well known to the later translators as it appears in 18 extant manuscripts sometimes alongside Wycliffite

material This edition reproduces for the first time a copy of the English Apocalypse which actually replaced the Book of Revelation at the end of a Wycliffite New Testament **Smaller Bodleian Collections** Ralph Hanna, Bodleian Library, 1997
This is a survey of the prose to be found in six smaller collections of the Bodleian Library English Miscellaneous English Poetry English Theology Latin Theology Lyell and the Radcliffe Trust The manuscripts covered include the largest in Middle English the Vernon manuscript **Moving Subjects** Kathleen Ashley, Kathleen M. Ashley, Wim N. M. Hüsken, 2001
Procession arguably the most ubiquitous and versatile public performance mode until the seventeenth century has received little scholarly or theoretical attention Yet this form of social behaviour has been so thoroughly naturalised in our accounts of western European history that it merited little comment as a cultural performance choice over many centuries until recently when a generation of cultural historians using explanatory models from anthropology called attention to the processional mode as a privileged vehicle for articulation in its society Their analyses however tended to focus on the issue of whether processions produced social harmony or reinforced social distinctions potentially leading to conflict While such questions are not ignored in this collection of essays its primary purpose is to reflect upon salient theatrical aspects of processions that may help us understand how in the performance of moving subjects they accomplished their often transformative cultural work
