anthropological studies in this volume provide a new perspective to this idea by showing how the relations of workers employees and employers and of firms families and households are interwoven with local notions of moralities From concepts of individual autonomy kinship obligations to ways of expressing mutuality or creativity moral values exert an unrealized influence and these often produce more consent than resistance or outrage *Solar Home Heating and Cooling Demonstration Act, Hearings Before the Subcommittee on Housing and Urban Affairs of ..., 93-2 on S. 2540 ..., S. 2650 ..., H.R. 11864 ..., 93-2, March 20 and 21, 1974* United States.
