The Lost Roads of Wessex Cyril Cochrane,1972 **The Lost Roads of Wessex** C. Cochrane,1969 **Lost Road of Wessex** C. Cochrane,1969 *The Ashgate Research Companion to Thomas Hardy* Rosemarie Morgan,2016-03-23 In *The Ashgate Research Companion to Thomas Hardy* some of the most prominent Hardy specialists working today offer an overview of Hardy scholarship and suggest new directions in Hardy studies The contributors cover virtually every area relevant to Hardy s fiction and poetry including philosophy palaeontology biography science film popular culture beliefs gender music masculinity tragedy topography psychology metaphysics illustration bibliographical studies and contemporary response While several collections have surveyed the Hardy landscape no previous volume has been composed especially for scholars and advanced graduate students This companion is specially designed to aid original research on Hardy and serve as the critical basis for Hardy studies in the new millennium Among the features are a comprehensive bibliography that includes not only works in English but in acknowledgment of Hardy s explosion in popularity around the world also works in languages other than English *Lost Trade Routes* Shirley Toulson,1983 **The Hard Way** Susannah Walker,2024-06-06 A powerful manifesto for women who long to walk alone and safely in the countryside Dr Sharon Blackie author of *If Women Rose Rooted* Why is it radical for women to walk alone in the countryside when men have been doing so for centuries The *Hard Way* is a powerful and illuminating book about addressing this imbalance reclaiming fearlessness and diving into the history of the landscape from a woman s point of view Setting off to follow the oldest paths in England the Ridgeway and the Harrow Way Susannah Walker comes across artillery fire concern from passing policemen and her own innate fear of lone figures in the distance a landscape shaped by men from prehistoric earthworks to today s army bases But along the way Susannah finds Edwardian feminists rebellious widows forgotten writers and artists as well as all their anonymous sisters who stayed at home throughout history They become her companions over 135 miles of walking revealing how much or how little has changed for women now An urgent call Guy Shrubsole author of *Who Owns England* A fascinating personal journey Sophie Pierce author of *The Green Hill* Thought provoking rich and interesting Andrew Ziminski author of *The Stonemason* *The Winchester Powerhouse* Anthony Paice,2024-11-28 Presenting portraits of the Winchester bishops down to the Norman Conquest *The Winchester Power House* is the first volume of a study covering the lives of some one hundred holders of the high ecclesiastical office Characterised overwhelmingly by benevolence the pre Conquest prelates were at the forefront of the reconversion of southern Britain to Christianity Beyond their spiritual role however they also helped to make Winchester rather than London or Canterbury the powerhouse of the expanding kingdom of Wessex and eventually of all England they helped ensure that it remained the most prized and prestigious diocese in England down to the Reformation As key counsellors to the Wessex kings as reformers even warriors on occasion these men exerted a strong influence on the introduction of successive Saxon legal codes and judicial process Indeed during the development of an embryonic royal

chancery in the early 11th century the bishop was invariably the choice for chancellor the king's chief minister It is no accident that the last bishop Stigand was both bishop of Winchester and archbishop of Canterbury *British and Irish Archaeology*, 1994

Reading and Mapping Hardy's Roads Scott Rode, 2006-06-23 This book examines Thomas Hardy's representations of the road and the ways the archaeological and historical record of roads inform his work Through an analysis of the uneven and often competing road signs found within three of his major novels *The Return of the Native* *Tess of the D'Urbervilles* and *Jude the Obscure* and by mapping the road travels of his protagonists this book argues that the road as represented by Hardy provides a palimpsest that critiques the Victorian construction of social and sexual identities Balancing modern exigencies with mythic possibilities Hardy's fictive roads exist as contested spaces that channel desire for middle class assimilation even as they provide the means both to reinforce and to resist conformity to hegemonic authority

Jane Austen: A Family Record Deirdre Le Faye, 2004 This book is the outcome of years of research in Austen archives and stems from the original family biography by W and R A Austen Leigh *Jane Austen her Life and Letters* *Jane Austen A Family Record* was first published in 1989 and this edition incorporates information that has come to light since then and provides new illustrations and updated family trees Le Faye gives a detailed account of Austen's life and literary career She has collected together documented facts as well as the traditions concerning the novelist and places her within the context of a widespread affectionate and talented family group Readers will learn how Austen transformed the stuff of her peaceful life in the Hampshire countryside into six novels that are amongst the most popular in the English language This fascinating record of Austen and her family will be of great interest to general readers and scholars alike

Landscape History and Rural Society in Southern England Eric L. Jones, 2021-03-08 This book applies an economic and environmental perspective to the history of landscape and the rural economy highlighting their inter connections through specific case studies After explaining how the author made his discoveries and when they started it analyses relations between documentary and landscape evidence It is based on exceptional first hand observation of a dozen sites and close consideration of topics in the ecological and economic history of southern England They range from reclaiming chalk down land occupying low lying heaths and reconstructing parkland to wool stapling and the manufacture of gunstocks for the African slave trade Additional themes include the tension between ecology and institutions in decisions about the location of economic activity the decay of communal farming ahead of enclosure and other interesting puzzles in rural economic history This book offers an original approach to questions in economic history through its synthesis of different types of evidence It will be of interest to a diverse range of readers because it addresses how economic change was registered in the landscape and how that change was influenced by landscape It is a book with highly original features contributing simultaneously to economic agricultural environmental and landscape history
