Plaster Monuments Mari Lending,2022-06-14 We are taught to believe in originals In art and architecture in particular original objects vouch for authenticity value and truth and require our protection and preservation The nineteenth century however saw this issue differently In a culture of reproduction plaster casts of building fragments and architectural features were sold throughout Europe and America and proudly displayed in leading museums The first comprehensive history of these full scale replicas Plaster Monuments examines how they were

produced marketed sold and displayed and how their significance can be understood today Plaster Monuments unsettles conventional thinking about copies and originals As Mari Lending shows the casts were used to restore wholeness to buildings that in reality lay in ruin or to isolate specific features of monuments to illustrate what was typical of a particular building style or era Arranged in galleries and published in exhibition catalogues these often enormous objects were staged to suggest the sweep of history synthesizing structures from vastly different regions and time periods into coherent narratives While architectural plaster casts fell out of fashion after World War I Lending brings the story into the twentieth century showing how Paul Rudolph incorporated historical casts into the design for the Yale Art and Architecture building completed in 1963 Drawing from a broad archive of models exhibitions catalogues and writings from architects explorers archaeologists curators novelists and artists Plaster Monuments tells the fascinating story of a premodernist aesthetic and presents a new way of thinking about history's artifacts **The King's Council in the Reign of Edward VI** D. E.

Hoak, 1976-05-20 This book describes the membership business and procedure of the privy council during the minority of Henry VIII's son successor Edward VI It examines the policy making administrative and quasi judicial functions of the central institution of Tudor government at a time of war rebellion financial instability reform in the Church and potentially violent political change Professor Hoak analyses the way in which through the council a body whose formal existence dated only from 1540 the dukes of Somerset and Northumberland successively governed the realm in the effective absence of a king He sheds light on the nature of Somerset's failure Northumberland's purpose and achievements as well as on the techniques by which he controlled both the king and council and the politics of the Reformation in England at the moment of the Protestant's triumph 1549-50 The book demonstrates the extent to which the Edwardian privy council confirmed and continued earlier revolutionary reform in government it establishes the uniqueness of the place of Edward's council in the history of Tudor government and of royal councils generally in the sixteenth century Europe **Elinor James** Paula McDowell, 2021-03-24

Histories of Peirene Betsey Ann Robinson, 2011 The Peirene Fountain as described by its first excavator Rufus B Richardson is the most famous fountain of Greece Here is a retrospective of a wellspring of Western civilization distinguished by its long history service to a great ancient city and early identification as the site where Pegasus landed and was tamed by the hero Bellerophon Spanning three millennia and touching a fourth Peirene developed from a nameless spring to a renowned source of inspiration from a busy landmark in Classical Corinth to a quiet churchyard and cemetery in the Byzantine era and finally from free flowing Ottoman fountains back to the streams of the source within a living ruin These histories of Peirene as a spring and as a fountain and of its watery imagery form a rich cultural narrative whose interrelations and meanings are best appreciated when studied together The author deftly describes the evolution of the Fountain of Peirene framed against the underlying landscape and its ancient medieval and modern settlement viewed from the perspective of Corinthian culture and spheres of interaction Published with the assistance of the Getty Foundation Winner of the 2011 Prose Award for Professional and Scholarly Excellence in the category of Archaeology Anthropology The Prose Awards are given annually by the Professional and Scholarly Publishing division of the American Association of Publishers
