

Three Reasons Behind Objections

1. Objections may occur because the prospect is ready to buy but wants to confirm the purchase decision with **another decision-maker**, get a **better deal** or otherwise stall you in order to meet their own objectives.
2. Objections may occur because the prospect has **doubts, fears or unanswered questions** about your product, service or you as a salesperson.

How have Americans sought peaceful rather than destructive solutions to domestic and world conflict This two volume set documents peace and antiwar movements in the United States from the colonial era to the present Although national leaders often claim to be fighting to achieve peace the real peace seekers struggle against enormous resistance to their message and have often faced persecution for their efforts Despite a well established pattern of being involved in wars the United States also has a long tradition of citizens who made extensive efforts to build and maintain peaceful societies and prevent the destructive human and material costs of war Unarmed activists have most consistently upheld American values at home

Opposition to War An Encyclopedia of U S Peace and Antiwar Movements investigates this historical tradition of resistance to involvement in armed conflict an especially important and relevant topic today as the nation has been mired in numerous military conflicts throughout most of the current century The book examines a largely misunderstood and underappreciated minority of Americans who have committed themselves to finding peaceful resolutions to domestic and international conflicts individuals who have proposed and conducted an array of practical and creative methods for peaceful change from the transformation of individual behavior to the development of international governing and legal systems for more than 250 years Readers will learn how individuals working alone or organized into societies of various size have steadfastly campaigned to stop war end the arms race eliminate the underlying causes of war and defend the civil liberties of Americans when wartime nationalism most threatens them
