Rebuilding Communities in a Refugee Settlement Lina Payne, 1998 Includes statistics *Rights in Exile* Guglielmo Verdirame, Barbara E. Harrell-Bond, 2005 Of the estimated 12 million refugees in the world more than 7 million have been confined to camps effectively warehoused in some cases for 10 years or more Holding refugees in camps was anathema to the founders of the refugee protection regime Today with most refugees encamped in the less developed parts of the world the humanitarian apparatus has been transformed into a custodial regime for innocent people Based on rich ethnographic data *Rights in Exile* exposes the gap between human rights norms and the mandates of international organisations on the one hand and the reality on the ground on the other It will be of wide interest to social scientists and to human rights and international law scholars Policy makers donor governments and humanitarian organizations especially those adopting a rights based approach will also find it an invaluable resource But it is the refugees themselves who could benefit the most if these actors absorb its lessons and apply them Guglielmo Verdirame is a Lecturer in Law at the University of Cambridge and a Fellow of Corpus Christi College He is also the author of a forthcoming book on the accountability of the United Nations Barbara Harrell Bond Founding director of the Refugee Studies Centre University of Oxford has after retirement been Visiting Professor at Makerere University and at the American University in Cairo In 1996 she received the Distinguished Service Award of the American Anthropological Association She is the author of *Imposing Aid* Oxford 1986 **Transitional Settlement** Tom Corsellis, Antonella Vitale, 2005 Included on CD ROM Shelter training a training tool complementing the Transitional settlement displaced populations guidelines Shelter library key documents for the transitional settlement and shelter sector *Habitat Debate*, 1999 **Post-Conflict Security in South Sudan** Nyambura Wambugu, 2019-07-25 Just eight years after the signing of the Comprehensive Peace Agreement CPA and two years after gaining independence the world's newest nation state descended once more into violence and civil war Why have policies of liberal peacebuilding failed to bring lasting stability to the region And what now for South Sudan Nyambura Wambugu an academic with more than ten years practical advisory and policymaking experience adopts a holistic and multi thematic approach to answer these crucial questions Rooting her analysis as deeply as the initial militarisation of Sudan in the 1950s Wambugu considers the complex and overlapping issues that have afflicted the region since 2005 In the process Wambugu demonstrates the failure of the billions of dollars spent on liberal peacebuilding and elucidates the possibility of demilitarisation as a lasting and sustainable alternative Such issues are common in post conflict states and the book therefore acts as a case study for better understanding the deeply entrenched causes of instability and identifying the most sustainable paths to peace This meticulously researched account is essential reading for all students researchers and policymakers working on post conflict societies **International African Bibliography**, 2003 **Refugee Survey Quarterly**, 2002 **Forthcoming Books** Rose Army, 1998-06 *Logic of Refugee Participation in Camp Public Health Decision-making* Margaret Susan Wright, 2006
