Reading for History in the Damascus Document Maxine L. Grossman, 2018-12-24 Scholars tend to view the Damascus Document as a historical source but a reading of the text in light of contemporary audience oriented literary criticism finds its emphasis in the ideological construction of history and communal identity rather than in the preservation of a historical record An introduction to contemporary literary criticism is followed by a series of thematic readings focusing on historical narrative priestly imagery and gender in the covenant community Each theme is examined in terms of its potential for multiple sometimes contradictory interpretations and for its place in the larger sectarian discourse This study offers an alternative approach to the historiography of ancient Jewish sectarianism acknowledging the presence of competing claims to shared traditions and the potential for changes in textual interpretation over time or among diverse communities

Theories of Reading Karin Littau, 2006-12-04 Bringing insights from book history to bear on literary history and theory this book points to a split between literary study that regards reading as a reducibly mental activity and a tradition reaching back to antiquity which assumed that reading was not only about sense making but also about sensation

Consumption and

Wealth in Luke's Travel Narrative James A. Metzger, 2007 While several recent studies have suggested that the Gospel of Luke recommends generous almsgiving or a relatively benign sharing ethic that mimics existing redistributive measures in early Roman Palestine this book argues that a much more subversive reading of the Gospel's wealth and possessions traditions is defensible

Reading Sensations in Early Modern England K. Craik, 2007-04-06 How did Renaissance literature affect readers' minds, bodies, and souls? In what ways did the history of literary experience overlap with the history of humours and emotions? This book argues that a new aesthetic vocabulary based on the theory of the passions was formulated in the Renaissance to describe the affective power of literature

Remembrance of Things Past? Michael J. Thate, 2013 In this book Michael J. Thate offers an experiment in reception criticism in its consideration of the formation and reception of the historical Jesus discourse. He also attempts to historicize *Leben Jesu Forschung* within debates and narratives of secularization. These two foci guide the book through its two parts. First, Thate explicates Schweitzer's dominant archival function in *Leben Jesu Forschung* while aiming to make fragile the grand architect's receptive hegemony. Then he combines critical memory theory and other theoretical readings of the material in an attempt to refocus the study of the historical Jesus as early Christian memory politics in the service of identity explication. He attempts to problematize Schweitzer's legacy of a tidy systematic approach in which much of historical Jesus scholarship continues to operate.
