Los Mexicanos De Los Noventa:

Los mexicanos de los noventa Ulises Beltrán,1996 La cultura indígena en la fotografía mexicana de los 90s Laura M. CORKOVIC,2012-08-01 Desde sus inicios la fotografía en México ha sido un género artístico dominado por no indígenas y la cultura indígena una constante temática dentro de la misma. No fue hasta los 1990s cuando surgieron los primeros grupos de fotógrafos indígenas profesionales que además de tener gran éxito en México lograron atención y reconocimiento a nivel internacional. Con sus trabajos enriquecen la visión de los fotógrafos no indígenas conocida hasta entonces y dan nuevo rumbo a la presencia del mundo indígena en la fotografía mexicana. En esta tesis doctoral decidí poner en directa comparación ambos grupos de artistas para resaltar las similitudes y disparidades en sus trabajos. Para este propósito seleccioné un grupo lo suficientemente representativo dentro de la abundante producción fotográfica no indígena y en el caso de los indígenas escogí a los fotógrafos más conocidos del país. Como parte esencial del proceso de investigación conduje más de cincuenta entrevistas tanto a fotógrafos indígenas como no indígenas y así también a diversos personajes del medio cultural mexicano. En ello descubrí cuáles son los grupos étnicos más fotografiados a finales del siglo XX y llegué a algunas observaciones respecto al futuro de la fotografía indígena en México.

Los mexicanos de los noventa Ulises Beltrán,1996 Mexico's Middle Class in the Neoliberal Era Dennis Gilbert,2022-07-12 Mexico's modern middle class emerged in the decades after World War II a period of spectacular economic growth and social change. Though little studied, the middle class now accounts for one in five Mexican households. This path-breaking book explores the changing fortunes and political transformation of the middle class especially during the last two decades as Mexico has adopted new market-oriented economic policies and has abandoned one-party rule. Blending the personal narratives of middle class Mexicans with analyses of national surveys of households and voters, Dennis Gilbert traces the development of the middle class since the 1940s. He describes how middle class Mexicans were affected by the economic upheavals of the 1980s and 1990s and examines their shifting relations with the ruling Partido Revolucionario Institucional (PRI). Long faithful to the PRI, the middle class gradually grew disenchanted. Gilbert examines middle class reactions to the 1968 Tlatelolco massacre, the 1982 debt crisis, the government's feeble response to the 1985 Mexico City earthquake, and its brazen manipulation of the vote count in the 1988 presidential election. Drawing on detailed interviews with Mexican families, he describes the effects of the 1994-95 peso crisis on middle class households and their economic and political responses to it. His analysis of exit poll data from the 2000 elections shows that the lopsided middle class vote in favor of opposition candidate Vicente Fox played a critical role in the election that drove the PRI from power after seven decades. The book closes with an epilogue on the middle class and the July 2006 presidential elections.

The Boom Femenino in Mexico Nuala Finnegan,Jane E. Lavery,2010-04-16 The Boom Femenino in Mexico Reading Contemporary Women's Writing is a collection of essays that focuses on literary production by women in Mexico over the last three decades In its exploration of the boom femenino phenomenon the book traces the history of the earlier boom in Latin American culture and investigates the implications of the use of the same term in the context of contemporary women's writing from Mexico In this way it engages critically with the cultural historical and literary significance of the term illuminating the concept for a wide range of readers It is clear that the entry of so many women writers into an arena

traditionally reserved for men has prompted discussion around concepts such as women's writing and the very definition of literature itself. Many of the contributors grapple with the theoretical tensions that such debates provoke, offering an important opportunity to think critically about the texts produced during this period and the ways in which they have impacted on the Mexican and international cultural spheres. The project is comprehensive in its scope and for the first time brings together scholars from Mexico, the U.S. and Europe in a transnational forum. The book posits that despite certain aesthetic and thematic commonalities, the increased output by women writers in Mexico cannot be appraised as a unified literary movement. Instead, it embraces a wide range of different generic forms and the subjects under study in the essays in the book include the best-selling work of Angeles Mastretta, Elena Poniatowska and Laura Esquivel, as well as the social and political preoccupations of journalists Rosanna Reguillo and Cristina Pacheco. Contributors offer readings of the aesthetic visions of writers as diverse as Carmen Boullosa, Ana Garc a Bergua and Eve Gil, while other essays examine the nuances of contemporary gender identity in the work of Ana Clavel, Sabina Berman, Brianda Domecq and Mar a Luisa Puga. There are essays devoted to poetry by indigenous Mayan women and an analysis of the complex place of poetry within the broader framework of literary production. The problems that emerge as a result of literary cataloguing based on gender politics are also considered at length in a number of essays that take a panoramic view of literary production over the period. Various critical approaches are employed throughout and the collection as a whole demonstrates that academic interest in Mexican women's writing of the boom period is thriving. Above all, the essays here provide a space in which the location of women within prevailing cultural paradigms in Mexico and their role in the mapping of power in evolving textual canons may be interrogated. It is clear from the collection that interest in such issues is still alive and that the debate is far from over.
