The "inscrutably Chinese" Church Nathan Faries, 2010-01-01 The first half of the twenty first century promises to be a time of great change for the Christian church in the People s Republic of China The situation is complex and fluid and the information gap between those on the inside and those outside of China is still significant though shrinking The Inscrutably Chinese Church moves readers nearer to the Chinese Christian experience as Nathan Faries helps foreign readers to see

with greater clarity just how Chinese Christians view their government and themselves in relation to those ruling powers. There still exists a measure of inscrutability about China and its complex relationship with religion that must be explained to the outsider. It is this gap in understanding between insider points of view within China and those outsiders seeking knowledge about the Christian faith in China that Farries seeks to close.

The Greenwood Encyclopedia of Asian American Literature Guiyou Huang, 2008-12-30 Asian American literature dates back to the close of the 19th century and during the years following World War II it significantly expanded in volume and diversity. Monumental in scope, this encyclopedia surveys Asian American literature from its origins through 2007. Included are more than 270 alphabetically arranged entries on writers, major works, significant historical events, and important terms and concepts. Thus, the encyclopedia gives special attention to the historical, social, cultural, and legal contexts surrounding Asian American literature and central to the Asian American experience. Each entry is written by an expert contributor and cites works for further reading, and the encyclopedia closes with a selected general bibliography of essential print and electronic resources. While literature students will value this encyclopedia as a guide to writings by Asian Americans, the encyclopedia also supports the social studies curriculum by helping students use literature to learn about Asian American history and culture as it pertains to writers from a host of Asian ethnic and cultural backgrounds, including Afghans, Chinese, Japanese, Koreans, Filipinos, Iranians, Indians, Vietnamese, Hawaiians, and other Asian Pacific Islanders. The encyclopedia supports the literature curriculum by helping students learn more about Asian American literature. In addition, it supports the social studies curriculum by helping students learn about the Asian American historical and cultural experience.

Chinese Overseas Chee-Beng Tan, Colin Storey, Julia Zimmerman, 2007 The issue of Chinese diaspora is a fascinating phenomenon in the midst of globalism, and there is a growing interest in studies of overseas Chinese, not only overseas but in China itself. This volume, the result of an international conference on Chinese overseas studies, deals with issues of research and documentation of Chinese migration and migrants. It brings together the efforts of scholars and librarians in examining the research and documentation of Chinese overseas. Documentation must go hand in hand with research, and this book reiterates the need for greater cooperation between librarians and scholars. In addition to discussion on research and library and archival documentation, the book also takes a look at Chinese overseas in different parts of the world, especially Southeast Asia and North America, as well as South Africa and Cuba.
