The Woman Question in Nineteenth-Century English, German and Russian Literature Kathryn L. Ambrose, 2015-09-29 Kathryn Ambrose offers a new approach to the Woman Question in mid to late nineteenth century English German and Russian literature Using a methodological framework based on feminist theory and post structuralism she provides a revision of canonical texts such as Jane Eyre Wuthering Heights Middlemarch Effi Briest Fathers and Children and Anna Karenina alongside lesser known works by Emily and Charlotte Bront George Eliot Theodor Storm Theodor Fontane Ivan Turgenev and Leo Tolstoy Her exploration of the semiotics of barriers as opposed to the established approach of the semiotics of space makes for a rewarding reading of this period of literature and establishes new cross cultural and literary connections between the three countries

Affective Circuits Jennifer Cole, Christian Groes, 2016-11-25 The influx of African migrants into Europe in recent years has raised important issues about changing labor economies new technologies of border control and the effects of armed conflict But attention to such broad questions often obscures a fundamental fact of migration its effects on ordinary life Affective Circuits brings together essays by an international group of well known anthropologists to place the migrant family front and center Moving between Africa and Europe the book explores the many ways migrants sustain and rework family ties and intimate relationships at home and abroad It demonstrates how their quotidian efforts on such a mass scale contribute to a broader process of social regeneration The contributors point to the intersecting streams of goods people ideas and money as they circulate between African migrants and their kin who remain back home They also show the complex ways that emotions

become entangled in these exchanges Examining how these circuits operate in domains of social life ranging from child fosterage to binational marriages from coming of age to healing and religious rituals the book also registers the tremendous impact of state officials laws and policies on migrant experience Together these essays paint an especially vivid portrait of new forms of kinship at a time of both intense mobility and ever tightening borders Germaine Dulac Maryann De Julio,2022-08-02 One of the few women pioneers of cinema and a committed feminist Germaine Dulac strongly believed that the public had a role to play in shaping the history of cinema and the kinds of films that filmmakers could make This book draws on a wealth of archival material both films and writing to study Dulac s behind the scenes work on filmmaking and her social political activism in the field of cinema The biographical and historical introduction contextualises Dulac s situation at the heart of the avant garde Three chapters organise her films and career around the kinds of cinema that she promoted psychological pure and documentary The conclusion contrasts Dulac s contributions with those of Alice Guy Blach another early woman film pioneer highlighting their differing paths to recognition Short Voyages to the Land of the People Jacques Rancière,2003 This work reads a series of texts and journeys across class lines and shows how the image of the people functions in them as a point of reference unto which the observer projects a conceptual framework based on the observer s own circumstances **Remaking Dixie: The Impact of World War II on the American South** McMillen, Neil R.,1997 Women Wartime Spies Ann Kramer,2012-07-12 A thrilling challenging and educational book examines the roles of spies such a Edith Cavell Mata Hari Violette Szabo and Noor Inayat Khan Pennant Magazine Women spies have rarely received the recognition they deserve They have often been trivialized and in cinema and popular fiction stereotyped as vamps or dupes The reality is very different As spies women have played a critical role during wartime receiving and passing on vital information frequently at considerable risk Often able to blend into their background more easily than their male counterparts women have worked as couriers transmitters and with resistance fighters their achievements often unknown Many have died Ann Kramer describes the role of women spies during wartime with particular reference to the two world wars She looks at why some women chose to become spies their motives and backgrounds She looks at the experience of women spies during wartime what training they received and what skills they needed She examines the reality of life for a woman spy operating behind enemy lines and explores and explodes the myths about women spies that continue until the present day The focus is mainly on Britain but also takes an international view as appropriate Tells the often surprising stories of some of the women who chose to become spies and to serve their country An excellent work The Great War Magazine **The Writings of Anne Isabella Thackeray** Anne Thackeray Ritchie,1870 Historical Women on Television Karen A. Romanko,2025-09-12 Queen Victoria in Bewitched Harriet Tubman in Timeless Amelia Earhart in Star Trek Voyager Historical women appear regularly in televised period dramas and biopics but sometimes they also turn up in the strangest places transported to worlds future or past via space operas sitcoms and time travel series This book covers 120 historical

women on scripted television shining a light on the representation of women in history through their representation on the small screen The inspiring fascinating and sometimes heartbreaking stories of these women come to life in this book's entries which sort fact from televised fiction but also serve as a starting point for further investigation by TV fans history buffs students teachers and scholars
