Mastering the Market Judith A. Miller,1999 The grain trade a crucial sector of the French economy caused enormous concern throughout the eighteenth and early nineteenth centuries Bread was the staple of French diets so harvest shortfalls triggered unrest The royal government had only the most scattershot and ineffective means to draw foodstuffs into restless cities Successive regimes developed strategies to dominate the baking trades influence prices along vital supply lines and amass emergency stocks of grain that could meet months long demand As free trade ideologies developed French administrators at both the national and local levels sought to reconcile these ideologies with the perceived need to control the market They created increasingly hidden and effective means to shape the grain trade Thus the French state played an instrumental role in establishing a viable form of free trade

An Institutional Approach to the Göta kanal Björn Hasselgren,2023-11-23 This book is based on an institutional evolutionary theoretical view to the G ta kanal Canals were the major transport infrastructure system besides roads and maritime transport until railroads were introduced The canal studied is the Swedish G ta kanal project during the preparation and construction phase from 1800 1832 Thus the G ta kanal and the canal era is seen from a technological an economic and a political perspective Comparisons are made with two contemporary major canal projects the Erie Canal in the USA 1817 1825 and the Caledonian Canal in Britain 1804 1822 It is argued that the G ta kanal project as Sweden s Mega Project of its time represented an important development step in Sweden as regards learning and innovation and became a starting point for Swedish transport infrastructure projects in the time to come primarily the railways
