Platonically Stained:

Platonic Noise J. Peter Euben, 2009-01-10 Platonic Noise brings classical and contemporary writings into conversation to enrich our experience of modern life and politics Drawing on writers as diverse as Plato Homer Nietzsche Borges Don DeLillo and Philip Roth Peter Euben shows us the relevance of both popular literature and ancient Greek thought to current questions of loss mourning and democracy all while arguing for the redeeming qualities of political and intellectual work and making an original case against presentism Juxtaposing ancient and contemporary texts politics and culture Euben reflects on a remarkable range of recent issues and controversies He discusses Stoic cosmopolitanism and globalization takes a critical look at Nietzsche's own efforts to make the Greeks speak to the issues of his day examines a Greek tragedy through Hannah Arendt's eyes compares the role of comedy in ancient Athens and contemporary America analyzes political theory as a reaction to an acute sense of loss and considers questions of agency and morality Platonic Noise makes a case for reading political theory and politics through literature Working as much through example as through explicit argument Euben casts the literary memory of Athenian democracy as a crucial cultural resource and a presence in contemporary political and theoretical debates In so doing he reasserts the moral value of what we used to call participatory democracy and the practical value of seeing ourselves with the help of insights from long gone Greeks

A Warning to Wives: Or, The Platonic Lover Mrs. Gordon Smythies, 1848 *A warning to wives: or, The platonic lover, by the author of 'Cousin Geoffrey'*. Harriet Maria Gordon Smythies, 1847 *Platonic Mysticism* Arthur Versluis, 2017-08-16 Restores the Platonic history and context of mysticism and shows how it helps us understand more deeply the humanities as a whole from philosophy and literature to art In Platonic Mysticism Arthur Versluis clearly and tautly argues that mysticism must be properly understood as belonging to the great tradition of Platonism He demonstrates how mysticism was historically understood in Western philosophical and religious traditions and emphatically rejects externalist approaches to esoteric religion Instead he develops a new theoretical critical model for understanding mystical literature and the humanities as a whole from philosophy and literature to art A sequel to his Restoring Paradise this is an audacious book that places Platonic mysticism in the context of contemporary cognitive and other approaches to the study of religion and presents an emerging model for the new field of contemplative science An important work on the mystical experience delving deep into its history particularly from the Platonic perspective An essential text for anyone interested in mysticism and its relationship to philosophy and creative expression Andrew Newberg author of How Enlightenment Changes Your Brain The New Science of Transformation The present work the latest from the pen of Arthur Versluis provides a trenchant learned and illuminating analysis of the origins of Western mysticism in the Platonist tradition relayed through such figures as Plotinus and Dionysius the Areopagite down through Meister Eckhart and others while suitably excoriating the attempts of certain modern philosophers and sociologists of religion to deconstruct it from a materialist perspective I found it a rattling good read John

Dillon author of *The Heirs of Plato A Study of the Old Academy* 347 274 BC **Socratic Ignorance and Platonic Knowledge in the Dialogues of Plato** Sara Ahbel-Rappe, 2018-04-25 In this highly original and provocative book Sara Ahbel Rappe argues that the Platonic dialogues contain an esoteric Socrates who signifies a profound commitment to self knowledge and whose appearances in the dialogues are meant to foster the practice of self inquiry According to Ahbel Rappe the elenchus or inner examination and the thesis that virtue is knowledge are tools for a contemplative practice that teaches us how to investigate the mind and its objects directly In other words the Socratic persona of the dialogues represents wisdom which is distinct from and serves as the larger space in which Platonic knowledge ethics epistemology and metaphysics is constructed Ahbel Rappe offers complete readings of the *Apology* *Charmides* *Alcibiades I* *Euthyphro* *Lysis* *Phaedrus* *Theaetetus* and *Parmenides* as well as parts of the *Republic* Her interpretation challenges two common approaches to the figure of Socrates the thesis that the dialogues represent an early Plato who later disavows his reliance on Socratic wisdom and the thesis that Socratic ethics can best be expressed by the construct of eudaimonism or egoism **A Warning to Wives: or, the Platonic Lover. By the author of "Cousin Geoffrey" [Mrs. Gordon Smythies].** Harriet Maria Gordon SMYTHIES, 1847 *Canadian Climate of Mind* Timothy B. Leduc, 2016-05-01 The twenty first century is a period of great environmental and social transformation as climate change increasingly marks lives at levels that are personal familial communal national and global A *Canadian Climate of Mind* presents stories that emerge from the waters lands and climate of Canada and which have the potential to renew a compassionate energy for changing human relations with each other and with our world The turbulent effects of climate change are popularly discussed in the modern language of scientific knowledge political policies economic mechanisms and technological innovation While there is much to be learned from these views Timothy Leduc suggests a more profound call for change by returning to past understandings of the land and climate He argues that the world is initiating us into a broader and humbler sense of what it is to be human in an interconnected reality The world is doing this by responding to unsustainable practices such as our devastating reliance on fossil fuels Weaving together voices from numerous backgrounds and time periods with Indigenous views on present and past environmental challenges A *Canadian Climate of Mind* illuminates a world that is being shaken to its core while we hesitate to act *Platonic Political Art* John R. Wallach, 2010-11-01 In this first comprehensive treatment of Plato's political thought in a long time John Wallach offers a critical historicist interpretation of Plato Wallach shows how Plato's theory while a radical critique of the conventional ethical and political practice of his own era can be seen as having the potential for contributing to democratic discourse about ethics and politics today The author argues that Plato articulates and solves his Socratic Problem in his various dialogues in different but potentially complementary ways The book effectively extracts Plato from the straightjacket of Platonism and from the interpretive perspectives of the past fifty years principally those of Karl Popper Leo Strauss Hannah Arendt M I Finley Jacques Derrida and Gregory Vlastos The author's distinctive approach for

understanding Plato and he argues for the history of political theory in general can inform contemporary theorizing about democracy opening pathways for criticizing democracy on behalf of virtue justice and democracy itself *The Platonic Tradition in English Religious Thought* William Ralph Inge, 1926 The Hulsean lectures at Cambridge 1925 1926 This short course of lectures must be taken for what it is a plea for the recognition of a third type of Christian thought and belief by the side of the two great types which are usually called Catholic and Protestant It is as the religion of the Spirit that Inge pleads the cause of what he calls the Platonic tradition **The Platonic Dialogues for English Readers. By W. Whewell** Plato, 1861 *Platonic Theology: Books XII-XIV* Marsilio Ficino, 2001 Platonic Theology is the visionary and philosophical masterpiece of Marsilio Ficino 1433 1499 the Florentine scholar philosopher magus largely responsible for the Renaissance revival of Plato This work translated into English for the first time is a key to understanding the art thought culture and spirituality of the Renaissance The Platonic Dialogues for English Readers: The Republic and the Timæus Plato, 1861 William Davenant's The Platonic Lovers Wendell W. Broom, 2019-05-23 First published in 1987 this 23rd volume in the Renaissance Imagination series had the objective of establishing the text of William Davenant's The Platonick Lovers that most closely represents the author's final vision for his work Wendell W Broom Jr documents the history of the publication of The Platonick Lovers and the manner in which the present text was produced Copies of all relevant editions have been collated and curated to bring together the definitive authorial version of the text *Platonic Theology: Books XVII-XVIII* Marsilio Ficino, 2001 Marsilio Ficino's Platonic evangelising was eminently successful and widely influential His Platonic Theology is one of the keys to understanding the art thought culture and spirituality of the Renaissance **An Essay on the Platonic Idea** Thomas Maguire, 1866 **The Philosophical Bases of Asceticism in the Platonic Writings and in Pre-Platonic Tradition ...** Irl Goldwin Whitchurch, 1923 *The Platonic Wife.
