## **Reappearance Of Christ In The Etheric:**

The Reappearance of Christ in the Etheric Rudolf Steiner, 2022-03-01 Since the coming of Gautama Buddha Eastern mystics have spoken especially about a future condition when earth will be bathed in a moral etheric atmosphere Ever since the time of the ancient rishis they had hoped that this moral impulse would come to earth from Vishva Karman or from Ahura Mazda as Zarathustra proclaimed Eastern mysticism foresaw that this moral atmosphere would come to earth from the being we call the Christ Eastern mystics had set their hopes on the being of Christ Rudolf Steiner p 125 The first chapter of the Acts of the Apostles describes Christ s Ascension and a cloud received him out of their sight As the disciples were looking up two angels appeared and said the same Jesus taken up from you into heaven shall come again in the same way as you have seen him go Starting in 1910 Rudolf Steiner initiated a series of lectures announcing the advent of Christ s appearance in the sphere of the earth s etheric or life body This he said would begin between 1930 and 1940 but at first only a few people would be aware of it In time more and more people regardless of their religious affiliation would be infused by Christ s living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner said would become increasingly common The Christ will become a living comforter Though it may seem strange now it is nevertheless true that even large numbers of people sitting together and wondering what to do will see the etheric Christ He will be there and confer with them he will cast his word into their gathering We are approaching these times when this positive constructive element will take hold of human evolution Rudolf Steiner p 122 The lectures collected here on the second coming of Christ also contain significant related issues such as spiritual science and etheric vision the etheric vision of the future the Sermon on the Mount and the land of Shambhala the etherization of the blood the mysteries of comets and the moon Buddhism and Pauline Christianity and the three realms between death and rebirth The Reappearance of Christ in the Etheric Rudolf Steiner, 1996-09-01 A lecture given at Stuttgart March 6 1910 **The Reappearance of Christ in the Etheric** Rudolf Steiner, 1983 Examines photographic composition relating the photographer s ability to visualize what the camera sees to equipment capabilities lighting and film **A Western Approach to Reincarnation and Karma** Rudolf Steiner, 1997 The soul s immortality and its repeated earthly births are not new ideas in Western thought They are implicit in the Pythagorean and Platonic traditions as well as in some branches of esoteric Judaism and Cabbala But it was not until the early years of this century that the West was given a detailed modern evolutionary philosophy of human life based on the reality of reincarnation and karma This turning point occurred when Rudolf Steiner began to make public the results of his spiritual scientific researches He viewed the revelation of reincarnation and karma as one of his most important life tasks Steiner s contribution however remains unique in its understanding of the human being as an evolving developing being of body soul and spirit On the basis of his researches presented in numerous books and lectures we begin to understand how the complex interaction of human lives between birth and death and between death and a new birth gives new meaning not only to

individual lives lived on Earth in community with others but also to human history and evolution and to earthly and cosmic events This book collects many of Steiner's major statements on reincarnation and karma The primary purpose of this volume is to help readers meet the challenge of spiritual research in the area of individual evolution of the soul and spirit in the context of cultural and universal evolution Such a study can be tremendously revealing and provide spiritual understanding in a time of increasing intellectual confusion and spiritual poverty The notion of reincarnation and karma is generally associated in most minds with spiritual traditions of the East especially Hinduism and Buddhism Ren Querido's in depth sixty page introduction however places these concepts within the context of Western spiritual development and esoteric tradition showing us a panoramic view of how such ideas have developed over the centuries in the West Contents Introduction by Ren Querido 1 Our Present Dilemma 2 Historical Survey of Reincarnation and Karma 3 Rudolf Steiner's Original Contributions The lectures 1 Natural and Chance Illnesses in the Human Being 2 Elemental Events Volcanic Eruptions Earthquakes Epidemics in Relation to Karma 3 Death and Rebirth in Relation to Karma 4 Knowledge of Reincarnation and Karma 5 Examples of Karma Working between Two Incarnations 6 Vital Questions in the Light of Reincarnation and Karma 7 The Formation of Karmic Forces 8 Reincarnation of the Spirit and Destiny     *Mystery of the Christ* Oskar Kürten, 2023-05-15 Who is the Christ What is the Sun spirit How should we understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures Oskar Kürten creates a mutually reconcilable and coherent text We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth The results of his work can sometimes be overwhelming but as Kürten points out humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy *Mystery of the Christ* gives numerous pointers to great mysteries inviting readers to penetrate ever more deeply into the inexhaustible subject matter As Kürten states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed     *Christ Consciousness* Danielle Van Dijk, 2010-04 We live in a world characterized by intolerance war environmental degradation and economic collapse By contrast is it possible to build a society in which tolerance love and peace are the abiding principles In this positive and inspiring book van Dijk shows how beginning with our personal development we can contribute to such a new and transformed world She describes how we can develop a universal spiritual consciousness what she calls Christ Consciousness The author emphasizes that the Christian mysteries took place on the physical plane distinguishing with great clarity between Jesus as a human being the incarnation of Christ on Earth and the Cosmic Christ She builds bridges between the spiritual research of Rudolf Steiner the Nag Hammadi writings and the

gospels of Mary Magdalene and Judas culminating in a comprehensive and wide ranging picture of the Christ By gaining insight into the nature of Christ s being and undertaking practical exercises described here each of us can achieve the new Christ Consciousness In ancient times selected individuals underwent rites of initiation in secret mystery schools Any student who made public the knowledge obtained there was put to death In our time however the spiritual mysteries have become open and available to all Initiation van Dijk tells us involves walking the inner path to all embracing love which is known in Gnostic and esoteric lore as Christ the highest divine Being leading to sublime cosmic orientated consciousness that comes into existence when the higher self exists wholly within the individual human being

**The Figure of Christ** Peter Selg,2009 Yes that is the Christ This i s how my spirituaL eye perceived him in Pal e stine Rudolf Steiner speaking of his sculpted figure of Christ Rudolf Steiner referred to the wooden group sculpture of the figure of Christ surrounded by adversary spiritual beings as the centre of the first Goetheanum Steiner even told the architect of the second Goetheanum that the sculpture he made with Edith Maryon should occupy the same central position as in the first building What was Rudolf Steiner s essential aim for the sculptural group within the Mystery building he conceived and why did he regard it as the crown of the building What were Steiner s intentions and specifically what were the spiritual aims behind this remarkable depiction of Christ Rudolf Steiner described the core task of anthroposophical spiritLlal science as preparing for Christ s reappearance in the etheric realm The Christ he sculpted was not the possession of a specific community with a religious world view but rather a being

Relating to Rudolf Steiner Sergei O. Prokofieff,2008 Even within the Anthroposophical Society and the anthroposophic movement people s relationship to Rudolf Steiner is weakening and dissipating This is problematic says Prokofieff as the future of both the Society and movement depends on a sufficient number of people aspiring to and realizing a true spiritual connection with the founder of Anthroposophy Prokofieff deals in detail with this issue and asks Can one be an anthroposophist without being Rudolf Steiner s pupil In the second part of this book Prokofieff elaborates on the mysteries surrounding the laying of the spiritual Foundation Stone at the Society s Christmas Meeting that began 1923 That event he asserts ensured that a personal relationship with Rudolf Steiner would not remain within the realm of the generally abstract or intellectual but would become a real inner deed Thus Steiner gave each anthroposophist the possibility of connecting with him through free inner work on the Foundation Stone Both parts of this book are linked in the sense that once a relationship with Steiner is established an inner longing to work with the new mysteries will follow In Prokofieff s words The will to take the foundation of the new mysteries seriously leads to a real inner connection with Rudolf Steiner Relating to Rudolf Steiner includes an essay on the problem of digitally publishing Steiner s most important esoteric texts and the esoteric background of the internet and electronic media in general In response to readers questions about how to counteract the harmful consequences of these developments Prokofieff has expanded and developed his original essay on this subject

**The Archangel Michael** Rudolf Steiner,1994 The Michael age has dawned Hearts begin to have thoughts

Enthusiasm no longer flows from mystical obscurity but from the inner clarity that thought conveys To grasp this is to receive Michael into one's soul Thoughts that today seek to grasp the spirit must spring from hearts that beat for Michael as the fiery cosmic prince of thought Rudolf Steiner For centuries the tradition of the mystical chronology of the world's seven archangelic regents has been part of Western esoteric teaching According to this tradition 1879 marked the return of the solar spirit Michael the archangel of the Sun to oversee earthly evolution Steiner always placed his life and work in the service of Michael's evolutionary task And he recognized that at the beginning of the twentieth century humanity emerged from the Kali Yuga the Dark Age and entered the Age of Light Against this background Steiner described the ascent of Michael as cosmic ruler his battle with the dragon of the spirits of darkness and his roles as the countenance of Christ and the guardian of cosmic intelligence He also gave many profound indications of how Michael's evolutionary task depends on the free and independent collaboration of human coworkers Speaking on behalf of Michael Steiner laid out the essentials for a new Michaelic path to full humanity Among the elements of this path are the development of selfless individuality cosmopolitanism the practice of the presence of Christ fearlessness the transformation of thinking and perception in a new synthesis of science art and religion the spiritualization of space and the separation of thought from language The Archangel Michael gathers most of Steiner's statements on this subject making it an important source for coming to terms with today's political social psychological and spiritual crises

**Christ and the Maya Calendar** Kevin Dann, 2009-03 Cosmic Christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of Christ during his three years of ministry on Earth The gesture of each astrological planet during those years is worked out and correlated with specific acts of the Christ as recorded in the Gospels The apparent looping movements of Mercury for example are connected with the seven signs of St John's gospel The author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives By studying this we begin to understand our responsibility for developing the new Christian mysteries and consequently renewing the starry cosmos Sucher presents a real foundation for modern star wisdom Topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the Archangel Michael in our individual relationship to the stars This is an excellent place to begin one's study of the stars and their meaning for both our individual lives and for the world

*The Fleeing Youth* Richard Distasi, 2009-07-17 It is commonly accepted that the mission of Christ was an act that was independent of any corresponding and requisite deed on the part of humanity Though in part this is true this book asserts that the future spiritual evolution of humanity was dependent on human comprehension and understanding of the Event of Golgotha Comprehension and understanding are defined in this work as one's capacity to spiritually follow Christ through His entire Passion Death and

resurrection The Apostles were chosen for this very task but eventually failed at the critical hour Golgotha Esoteric Christianity Young Man in Tomb Birth of Jesus Evolution of Christ Richard Distasi **The Time is at Hand!** Yeshayahu (Jesaiah) Ben-Aharon, 2024-03-15 The twenty first century is the second middle century of the three centuries of the present age of Michael and it is the most decisive one If humanity again misses Michael s goal it will hardly be possible to recuperate from it and human evolution will be derailed for a long time The present age of Michael can therefore rightly be called the Apocalypse of the age of Michael Yeshayahu Ben Aharon In five lively challenging lectures Dr Ben Aharon offers encouraging perspectives on the apocalyptic challenges facing humanity The key Michaelic task for human beings today he says is to comprehend fully the new revelation of the etheric Christ On the success of this depends humanity s resurrection from the abyss from the grave of civilization However it can still be achieved and the time is at hand The author describes the global School of Spiritual Science s contemporary work to create a path to conscious recognition of the Christ and Michael impulses Offering numerous fresh viewpoints into the trials of our time The Time is at Hand is an essential handbook for any serious student of anthroposophy The talks from 2017 and 2022 are titled Ahrimanic Immortality the Matrix and the Technological Singularity Michaelic Immortality The Two Apocalyptic Beasts and the Mystery of the Wound Follow This Star and The Time is at Hand **The Bodhisattva Question** Thomas Meyer, Elisabeth Vreede, 2010 Enthusiastic readers are sometimes heard to say of a book I couldn t put it down This is obviously either a metaphor or else a gross hyperbole But I can t recall any book as to which in my case it came nearer to the literal truth than The Bodhisattva Question Owen Barfield According to Eastern tradition the twelve sublime beings known as bodhisattvas are the great teachers of humanity One after another they descend into earthly incarnation until they fulfil their earthly missions At that point they rise to buddahood and are no longer obliged to return in a physical form However before bodhisattvas becomes a buddhas they announce the name of their successors According to Rudolf Steiner the future Maitreya Buddha or the Bringer of Good as his predecessor named him incarnated in a human body in the twentieth century Presuming this to be so then who was this person Theosophists believed they had discovered the bodhisattva in an Indian boy named Krishnamurti who did indeed grow up to become a teacher of some magnitude Adolf Arenson and Elisabeth Vreede both students of Steiner made independent examinations of this question in relation to Steiner s personal mission They reached contrasting conclusions More recently a claim has been made that Valentin Tomberg a student of Anthroposophy but later an influential Roman Catholic was the bodhisattva In this book Meyer analyzes these conflicting theories and demonstrates how the question can be useful as an exercise in developing sound judgment in spiritual matters Elisabeth Vreede s two lectures on the subject included here in full are a valuable contribution to our understanding of the true nature and being of Rudolf Steiner Includes a new afterword by T H Meyer and Carla Vlad An Unknown Destiny Michael Gruber, 2008-11 5 lectures Berlin January 25 February 8 1916 CW 166 The age old question of free will is still a mystery to most people today Even religious and philosophical circles have difficulty

reconciling the concepts of morality destiny karma and necessity with true freedom Steiner illuminates questions of freedom and necessity and guilt and innocence by discussing various aspects of evolution history and culture and showing that human beings carry the responsibility for these developments He shows that the past represents necessity whereas true freedom belongs to the future Steiner states that whereas the human I is revealed in acts of volition on the physical plane ultimately we will find our true I being only through the Christ impulse and the completely free act of the Mystery of Golgotha German source edition Notwendigkeit und Freiheit im Weltengeschehen und im menschlichen Handeln GA 166 **The Temple**

**Sleep of the Rich Young Ruler** Edward Reaugh Smith,2011-11 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner's position stemmed from his insight that Lazarus's encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark's Gospel In the Sign of Five T. H. Meyer,2015-05-11

Spiritual knowledge is not given to us as in ancient times By spiritual means it must be struggled and striven for against a host of demons We must therefore get to know the powers that would cover up and obscure all spiritual knowledge from the Preface The world seems to be standing within a demonic storm that threatens to overwhelm it states T H Meyer at the outset of this rousing call for a wide ranging spiritual scientific knowledge of the world Appeals to traditional religious belief will no longer pacify this storm and neither will good will suffice Building on Rudolf Steiner's anthroposophy In the Sign of Five tackles the central task of our epoch the epistemological struggle with evil and presents the five most important spiritual events since the beginning of the Age of Michael 1879 the rise of Michael to the rank of Time Spirit 1899 the end of Kali Yuga 1933 the appearance of Christ in the Etheric 1998 the assault of Sorath one of the greatest ahrimanic demons The present the incarnation of Ahriman These events are linked to the five main tasks of the Age of Michael the great challenge of inner knowledge and spiritual consciousness posed by the epoch as a whole In the light of world history and within the context of the sign of five we stand today at the fifth place at the point of the incarnation of Ahriman Is humanity prepared for this decisive event Have we recognised the phenomena of evil that surround us on a daily basis Have the tasks corresponding to the five events been identified and to what extent have they been carried out How is evil related to the good that guides the world and specifically to the Christ impulse Meyer provides a vital pithy aphoristic handbook for our apocalyptic times *The Creative Power of Anthroposophical Christology* Sergei O. Prokofieff,Peter Selg,2011-10 18 Introductory essays written 1884 1897 CW 1 The

holistic paradigm Gaia deep ecology and new alchemy all have a hidden ancestor Johann Wolfgang von Goethe 1749 1832 At the youthful age of twenty one Steiner was chosen to edit Goethe's scientific writings for the principle Goethe edition of his time Goethe's literary genius was universally acknowledged it was Steiner's task to understand and comment on Goethe's scientific achievements Steiner recognized the significance of Goethe's work with nature and his epistemology and here began Steiner's own training in epistemology and spiritual science This collection of Steiner's introductions to Goethe's works re-vision the meaning of knowledge and how we attain it Goethe had discovered how thinking could be applied to organic nature and that this experience requires not just rational concepts but a whole new way of perceiving In an age when science and technology have been linked to great catastrophes many are looking for new ways to interact with nature With a fundamental declaration of the interpenetration of our consciousness and the world around us Steiner shows how Goethe's approach points the way to a more compassionate and intimate involvement with nature Nature's Open Secret is a translation of Goethe's *Naturwissenschaftliche Schriften Einleitungen* 1884 1897 Previous translations were titled Goethe the Scientist and Goethean Science GA 1
