Long, 2012-06-06 In all the vast collection of books on the American Civil War there is no book like this one says Bruce Catton Never before has such a stunning body of facts dealing with the war been gathered together in one place and presented in a coherent useful day by day narrative And never before have statistics revealed human suffering of such heroic and tragic magnitude The text begins in November 1860 and ends with the conclusion of hostilities in May 1865 and the start of reconstruction It is designed to furnish the reader not only with information but to tell a story Here in addition to the momentous events that are a familiar part of our history the daily entries recount innumerable lesser military actions as well as some of the other activities and thoughts of men great and unknown engaged in America s most costly war May 5 1864 a private in the Army of Northern Virginia writes at the beginning of the Battle of the Wilderness It is a beautiful spring day on which all this bloody work is being done May 6 1864 Gen Lee rides among his men and is shouted to the rear by his protective troops April 30 1864 Joe David five year old son of the Confederate President dies after a fall from the high veranda of the White House in Richmond April 14 1865 President Lincoln s busy day includes a Cabinet meeting where he tells of his recurring dream of a ship moving with great rapidity toward a dark and indefinite shore that night Mr Lincoln attends a performance of a trifling comedy at Ford s Theatre Our American Cousin **John Jones Pettus, Mississippi fire-eater** Robert W. Dubay, 1975 *A Mexican View of America in the 1860s* Matías Romero, 1991 This book compiled and translated from the writings of Matias Romero Mexican charge and minister during the 1860 67 period offers the insightful commentaries of a foreign diplomat who resided in the United States during the secession crisis the Civil War and reconstruction *The Life and Wars of Gideon J. Pillow* Nathaniel Cheairs Hughes, Roy P. Stonesifer, 1993 Commonly portrayed in Civil War literature as a bungling general who disgraced himself at Fort Donelson Gideon Johnson Pillow 1806 78 is one of the most controversial military figures of nineteenth century America In this first full length biography Why

The North Won The Civil War David Herbert Donald, 2015-11-06 WHY THE SOUTH LOST What led to the downfall of the Confederacy The distinguished professors of history represented in this volume examine the following crucial factors in the South's defeat ECONOMIC RICHARD N CURRENT of the University of Wisconsin attributes the victory of the North to fundamental economic superiority so great that the civilian resources of the South were dissipated under the conditions of war MILITARY T HARRY WILLIAMS of Louisiana State University cites the deficiencies of Confederate strategy and military leadership evaluating the influence on both sides of Baron Jomini a 19th century strategist who stressed position warfare and a rapid tactical offensive DIPLOMATIC NORMAN A GRAERNER of the University of Illinois holds that the basic reason England and France decided not to intervene on the side of the South was simply that to have done so would have violated the general principle of non intervention to which they were committed SOCIAL DAVID DONALD of Columbia University offers the intriguing thesis that an excess of Southern democracy killed the Confederacy From the ordinary man in the ranks to Jefferson Davis himself too much emphasis was placed on individual freedom and not enough on military discipline POLITICAL DAVID M POTTER of Stanford University suggests that the deficiencies of President Davis as a civil and military leader turned the balance and that the South suffered from the lack of a second well organized political party to force its leadership into competence

**America's Civil War** Brian Holden Reid, 2009-12-02 Civil War historian Reid examines in depth the operational military history during the first three years of America's Civil War In particular he focuses on generalship command decisions strategy and tactics as well as the experiences of ordinary soldiers

South Reports the Civil War J. Cutler Andrews, 2015-03-08 For the newspaper profession the problems confronted in reporting the Civil War were as catalytic as the war itself was for American society Many of the problems encountered in reporting later wars were present in the Civil War but they were new problems then communications transportation Federal confiscation of printing presses censorship military personalities and after mid 1863 how to tell a proud people that it was losing the war Professor Andrews author of The North Reports the Civil War 1955 now turns his attention to the South He shows that Southern war reporting at its best was comparable in quality to that of the leading Northern war correspondents that the reporting of news by the Southern press was an essential ingredient not simply of journalism but also of the Confederate propaganda effort and that the South's newsmen contributed to the revolution of a profession an industry and a form of human communication Originally published in 1970 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*The Yankee Plague* Lorien Foote, 2016-10-05 During the winter of 1864 more than 3 000 Federal prisoners of war escaped from Confederate prison camps into South Carolina and North Carolina often with the aid of local slaves Their flight created in the words of contemporary observers a Yankee plague heralding a grim end to the Confederate cause In this fascinating look at Union soldiers flight for freedom in the last months of the Civil War Lorien Foote reveals new connections between the collapse of the Confederate prison system the large scale escape of Union soldiers and the full unraveling of the Confederate States of America By this point in the war the Confederacy was reeling from prison overpopulation a crumbling military violence from internal enemies and slavery's breakdown The fugitive Federals moving across the countryside in mass

numbers Foote argues accelerated the collapse as slaves and deserters decided the presence of these men presented an opportune moment for escalated resistance Blending rich analysis with an engaging narrative Foote uses these ragged Union escapees as a lens with which to assess the dying Confederate States providing a new window into the South's ultimate defeat     **Special Bibliography Series** ,1957     *American Military History* Daniel K.
