*Lectures on the Art of Writing ... Interspersed with a great number of plates and examples ... Second edition* Joseph CARSTAIRS, 1822     German Art History and Scientific Thought Mitchell B. Frank, 2017-07-05 A fresh contribution to the ongoing debate between Kunstwissenschaft scientific study of art and Kunstgeschichte art history this essay collection explores how German speaking art historians of the late nineteenth and early twentieth century self consciously generated a field of study Prominent North American and European scholars provide new insights into how a mixing of diverse methodologies took place in order to gain a more subtle and comprehensive understanding of how art history became institutionalized and legitimized in Germany One common assumption about early art historical writing in Germany is that it depended upon a simplistic and narrowly defined formalism This book helps to correct this stereotype by demonstrating the complexity of discussion surrounding formalist concerns and by examining how German speaking art historians borrowed incorporated stole and made analogies with concepts from the sciences in formulating their methods In focusing on the work of some of the well known fathers of the discipline such as Alois Riegl and Heinrich Wölfflin as well as on lesser known figures the essays in this volume provide illuminating and sometimes surprising treatments of art history's prior and understudied interactions with a wide range of scientific orientations from psychology sociology and physiognomics to evolutionism and comparative anatomy     **History Painting Reassessed** David Green, Peter Seddon, 2000     *Tal Sterngast. Twelve Paintings* Michael Eissenhauer, Tal Sterngast, 2020-12-04 Berlin's Gemäldegalerie is known for its outstanding collection of European paintings from the thirteenth to eighteenth century Each chapter in this book is dedicated to one painting from the collection In the breadth of this idiosyncratic selection painting as it discovers itself becomes a medium for the formulation of modern subjectivity Each painting in focus unfolds its own making and its artistic concerns as they reflect contemporary issues today What are the paradoxes within which art is made by women How does the primordial drive to destroy works of art affect today's art discourse Where did the modern struggle of painting against the picture begin Why does the Wild Man from early German Renaissance still haunt us And why doesn't it matter whether Jan Vermeer used an optical device for his paintings Twelve Paintings highlights the currentness of the Old Masters     Conceptual Art and Painting Charles Harrison, 2001 In *Conceptual Art and Painting* a companion to his *Essays on Art and Language* Charles Harrison reconsiders Conceptual Art in light of renewed interest in the original movement and of the various forms of neo Conceptual art Publisher's description     *Oxford Essays* University of Oxford, 1856     Monthly Report of the Trade of Canada Canada.
