Recent Past Readings On America Since World War II:

The United States-Japan-China Triangle in the Post-Cold War Early Decades: A Case Study of Applied Political Science Jalel Ben Haj Rehaïem, 2025-01-31 This book examines the post Cold War U S Japan China Triangle through the lens of two core international relations variables power and security Following the collapse of the Soviet Union the U S as the sole superpower aimed to prevent the rise of any rival in Asia or elsewhere that could threaten its global position This approach aligns with a realist view of international relations championed by scholars like John Mearsheimer tracing back to the principles of interstate competition seen as far back as the 1648 Westphalia Treaty and the Peloponnesian War in the 5th century BC The book argues that the U S aims to prevent China from becoming a revisionist power by strategically using its alliance with Japan as a deterrent within the American led regional order Historically the U S Japan China relationship has seen consistent U S support for Japan often at China s expense except during World War II Since the 19th century the U S alongside European powers pressured China through treaties such as the 1844 Wanghia Treaty and direct interventions like the Opium Wars Japan s industrialization after the Meiji Restoration led to imperialist ambitions that eventually clashed with Western interests culminating in Japan s 1941 attack on Pearl Harbor a short lived break in the U S Japan alignment After the Communist rise to power in China in the late 1940s the U S renewed its strategic ties with Japan to contain Chinese influence solidified by the 1951 security treaty

Movies as History Marie L. Aquila, 2014-05-05 Popular movies can enhance the study of history A dominant form of entertainment throughout the 20th century they can serve as nontraditional primary sources and offer remarkable opportunities to observe attitudes about social concerns gender or racial issues politics and historical events that were current when the movies were made This book is a topical guide for educators providing detailed analysis of 35 movies followed by discussion questions that will help students interpret how each movie s content and themes reflect the times when it was made The book covers four main topics the Great Depression World War II the early years of the Cold War and the changing expectations and images of women in movies from 1930 to 1970 An historical overview chronicles how each topic was treated in movies from that time period The movies should have wide appeal in grades 7 through 12 and can help students learn to think more critically about the images and messages that appear in popular media today
