Listen Africans! a Revolution Is Coming Emma Samuel Etuk, 2011-01-20 Etuk has been indefatigable in his profound determination for African revolution as admonished not only in this piece but also in his other works. Adams O Adah, Founder of Impart Africa, author of *Service As Africa* begins her journey into the twenty first century the citizens ask how can we survive. In *Listen Africans A Revolution is Coming* author Emma Samuel Etuk addresses the question of revolutionary fundamental change to the basic fabric of society and its historical manifestations. Through thorough research Etuk presents strong arguments about the need for change in the social, political, economic and religious life of Africans. He contends that an array of issues has brought the continent to this point including broken promises by administrators and governments, poverty and widespread hunger, angry youth and unemployment, official corruption, insensitivity and kleptocracy, tyranny, despotism and dictatorships, state sponsored terrorism, infrastructural decay and environmental pollution. As Etuk uses these examples and makes a call for a revolution, he provides a backdrop by discussing the following: Origin of revolutions, Necessity for an African revolution, Theological basis for a revolution, Five kinds of revolutions, Lessons learned from the six major revolutions of the past, Preparation for a revolution. Etuk maintains that change is necessary in life and that it is up to the Africans to decide what kind of revolution they should adopt in order to affect change on their continent. [Recipe for Success](#) Emma S. Etuk, 2004-06-30 A useful and practical book for hardworking men and women who don't care about joining the rat race. Etuk offers a new definition of success as the accumulation of good deeds, doing one good thing one at a time. He argues that for a long time in the past success had been defined solely as the accumulation of material things: real estate, cars, clothing, lots of money, you name it. **Managing Your Boss in a Culturally Diverse Society** Larry Jones-Esan, 2013-09-05 The author will try to show that there can be significant gains to these new trends and strategically recommend a different approach to effectively managing diversity in a culturally diverse workforce by understanding how to manage and support your boss from the bottom without losing their trust.
