Seeing Through Gray Colored Lens:

Seeing Through Gray Colored Lens Joe Millard, 2006-08-05 *Seeing Through Gray Colored Lens* is a collection of poems written by Joe Millard that describes how he sees the world from three views the world within us the world around us and the world we create The world is a beautiful blend of colors that we share but within us are shadows that tint our views In our youth we often see the world as black and white with right and wrong answers However as questions go unanswered the world becomes confusing and more interesting New experiences expand our choices and the shades of black and white blend Our lives change creating shades of gray in an ever changing world , **75 Lives of Haran** Haran, 2010-10 *75 Lives of Haran* provides new insights into reincarnation and the topics of karma and the soul This intriguing and highly spiritual book chronicles the author's true experiences It is a story full of coincidences which determined the course of events in his multiple past and upcoming lives These lives occur over a great span of time from the dawn of mankind to the distant future Through these identities Haran has experienced everything from the mundane to the exalted great success to crushing failure plain and straightforward occurrences along with complex strange and bizarre events Haran also shares with the reader his interactions with the past and the future and direct contact between some of his lives *75 Lives of Haran* gives the reader a greater understanding of our true nature and the complexity of spiritual reality The past life regressions highlighted in the book encourage and empower us to live our lives with meaning and purpose About the Author Haran lives outside of Johannesburg in South Africa and is a retired engineer He is inspired by men and women with great spiritual insights and understanding who become living examples of their beliefs Haran is working on his next book *The Purpose of Life* Publisher's Web site <http://www.strategicpublishinggroup.com/title/75LivesOfHaran.htm> **Exploring Color Photography Fifth**
