Outgrowing Church, Second Edition John Killinger, 2019-10-23 Why are so many people drifting away from today s churches John Killinger suggests that part of the problem is that they have personally outpaced the thinking and understanding of the church so that they no longer find it adequate as a social structure for the celebration of their faith In their attempts to find Jesus and his teachings relevant within the new culture they strike out on their own or adhere to para Christian organizations that retain an allegiance to Jesus without the baggage of the traditional institution Killinger a former big steeple minister and theologian describes how he himself has been forced essentially to abandon the church in order to remain faithful to the beliefs and ideals that first drew him into it **Lost in Wonder, Love, and Praise** John Killinger, 2001 Creative inspiring aids to prayer in corporate worship from one of today s best known preachers and teachers John Killinger has been helping us to worship the true living and interesting God for a long time John loves words particularly words spoken to God by those who have heard God speak This is a wonderful collection of prayers William H Willimon Dean of the Chapel and Professor of Christian Ministry Duke University Chapel Durham North Carolina *Lost in Wonder Love and Praise* is a book of worship resources and prayers that is practical in nature and poetic in quality An artist with words Dr Killinger takes our common experiences and illuminates them with deep spiritual insight Dr Walter J Vernon Consulting Minister First Congregational Church Los Angeles California In the tradition of Buttrick Fosdick Baillie and Samuel Miller a great preacher has shared with the church a timely and unique collection of his prayers and other aids to public and private worship John Killinger is a wordsmith who weaves together images that lead us to the very heart of God Pastors will find their own prayer lives deepened by this volume and congregations will discover language that bridges classical and contemporary liturgy One cannot read Killinger s words and not be *Lost in Wonder Love and Praise* William B Oden Resident Bishop Dallas Area The United Methodist Church **Incense for the Christian Altar, consisting of prayers for family worship ... Ministry Abbie Clemens Morrow, 1902 *Psalms, Hymns and Passages of Scripture for Christian Worship. (Compiled by the Congregational ministers of Leeds [i.e. H. R. Reynolds, and others].), 1853* Worship and Christian Identity E. Byron Anderson, 2017-04-21

Worship and Christian Identity argues that sacramental and liturgical practices are the central means by which a church shapes the faith character and consciousness of its members. Consequently, for any church to set aside such practices as outdated or irrelevant is to set aside the means by which the church nurtures and sustains its theological identity. From this perspective, Anderson explores the following questions: What is the relationship between worship and belief? What is the relationship between corporate worship and the formation of Christian persons and communities? What is the relationship between worship and our knowledge of ourselves, our world, and God? How might our attention to the reform and renewal of worship and sacramental practice provide a framework for theological, evangelical, and sacramental renewal? Questions of sacramental practice, inclusive or transformative language, and the renewal of congregational hymnody have been largely displaced by marketing questions and conflicts between traditional and contemporary worship. The hour of worship is subdivided now into increasingly specialized target audiences of singles, seekers, boomers, and Xers, with worship carefully packaged as traditional or contemporary. What, at various points, has been understood as a means of grace is now seen primarily as a means of numerical growth. Missing in the conflict between traditional and contemporary worship is significant discussion of what is at stake for the identity of Christian persons and communities in the shape and practice of worship. Perhaps more surprising, discussion of the theological shape and practice of worship also has been absent in discussions concerning theological standards. These absences suggest that for many in the church today, worship is a means for expressing a community's belief but has little to do with the shape and character of that belief. The assumption that worship is only or primarily a pragmatic means for expressing a community's belief stands in sharp contrast to the Christian tradition. This assumption also contrasts with the insights provided by recent work in ritual studies, psychology, and faith development. *Worship and Christian Identity* is an important book for faculty and students in seminary and graduate programs in liturgical studies and religious education, particularly those interested in the relationships between liturgical studies and practical theology, ritual studies and liturgical theology, as well as the role of worship in Christian formation. Chapters are: Making Claims About Worship; Worship as Ritual Knowledge; Worship as Ritual Practice; Trinitarian Grammar and the Christian Self; Trinitarian Grammar and Liturgical Practice; and A Vision of Christian Life.
