Cultivating Arctic Landscapes David George Anderson,Mark Nuttall,2004 In the last two decades there has been an increased awareness of the traditions and issues that link aboriginal people across the circumpolar North One of the key aspects of the lives of circumpolar peoples be they in Scandinavia Alaska Russia or Canada

is their relationship to the wild animals that support them Although divided for most of the 20th Century by various national trading blocks and the Cold War aboriginal people in each region share common stories about the various capitalist and socialist states that claimed control over their lands and animals Now aboriginal peoples throughout the region are reclaiming their rights This volume is the first to give a well rounded portrait of wildlife management aboriginal rights and politics in the circumpolar north The book reveals unexpected continuities between socialist and capitalist ecological styles as well as addressing the problems facing a new era of cultural exchanges between aboriginal peoples in each region

Curative Powers Paula A. Michaels, 2012-03-19 Finalist PEN Center USA Literary Awards Research Nonfiction Rich in oil and strategically located between Russia and China Kazakhstan is one of the most economically and geopolitically important of the so called Newly Independent States that emerged after the USSR's collapse Yet little is known in the West about the region's turbulent history under Soviet rule particularly how the regime asserted colonial dominion over the Kazakhs and other ethnic minorities Grappling directly with the issue of Soviet colonialism *Curative Powers* offers an in depth exploration of this dramatic bloody and transformative era in Kazakhstan's history Paula Michaels reconstructs the Soviet government's use of medical and public health policies to change the society politics and culture of its outlying regions At first glance the Soviets drive to modernize medicine in Kazakhstan seems an altruistic effort to improve quality of life Yet as Michaels reveals beneath the surface lies a story of power legitimacy and control The Communist regime used biomedicine to reshape the function self perception and practices of both doctors and patients just as it did through education the arts the military the family and other institutions Paying particular attention to the Kazakhs ethnomedical customs Soviet authorities designed public health initiatives to teach the local populace that their traditional medical practices were backward even dangerous and that they themselves were dirty and diseased Through poster art newsreels public speeches and other forms of propaganda Communist authorities used the power of language to demonstrate Soviet might and undermine the power of local ethnomedical practitioners while moving the region toward what the Soviet state defined as civilization and political enlightenment As Michaels demonstrates Kazakhs responded in unexpected ways to the institutionalization of this new pan Soviet culture Ethnomedical customs surreptitiously lived on despite direct sometimes violent attacks by state authorities While Communist officials hoped to exterminate all remnants of traditional healing practices Michaels points to evidence that suggests the Kazakhs continued to rely on ethnomedicine even as they were utilizing the services of biomedical doctors nurses and midwives The picture that ultimately emerges is much different from what the Soviets must have imagined The disparate medical systems were not in open conflict but instead both indigenous and alien practices worked side by side becoming integrated into daily life Combining colonial and postcolonial theory with intensive archival and ethnographic research *Curative Powers* offers a detailed view of Soviet medical initiatives and their underlying political and social implications and impact on Kazakh society Michaels also endeavors to link biomedical policies and practices to broader

questions of pan Soviet identity formation and colonial control in the non Russian periphery *National Library of Medicine*
