Jonathan Sumption, 1999-09-29 What history records as the Hundred Years War was in fact a succession of destructive conflicts separated by tense intervals of truce and dishonest and impermanent peace treaties and one of the central events in the history of England and France It laid the foundations of France s national consciousness even while destroying the prosperity and political preeminence which France had once enjoyed It formed the nation s institutions creating the germ of the absolute state of the seventeenth and eighteenth centuries In England it brought intense effort and suffering a powerful tide of patriotism great fortune succeeded by bankruptcy disintegration and utter defeat The war also brought turmoil and ruin to neighboring Scotland Germany Italy and Spain *Calamity* Karen Jones, 2020-02-04 A fascinating new account of the life and legend of the Wild West s most notorious woman Calamity Jane Martha Jane Canary popularly known as Calamity Jane was the pistol packing rootin tootin lady wildcat of the American West Brave and

resourceful she held her own with the men of America's most colorful era and became a celebrity both in her own right and through her association with the likes of Wild Bill Hickok and Buffalo Bill Cody. In this engaging account Karen Jones takes a fresh look at the story of this iconic frontierswoman. She pieces together what is known of Canary's life and shows how a rough and itinerant lifestyle paved the way for the scattergun alcohol-fueled heroics that dominated Canary's career. Spanning Canary's rise from humble origins to her role as heroine of the plains and the embellishment of her image over subsequent decades, Jones shows her to be feisty, eccentric, transgressive, and very much complicit in the making of the myth that was Calamity Jane. **Film Year Book**, 1938 *Emma Goldman: A Documentary History of the American Years, Volume One* Emma Goldman, Candace Falk, 2003-04-17 A documentary history of Emma Goldman's life and work in the United States. This is the first of a three-volume set of the most important letters, newspaper articles, speeches, government documents, and photographs covering Goldman's life from her arrival in the US through 1905 when she founded the anarchist magazine *Mother Earth*. **Extending the Rafters** Michael K. Foster, Jack Campisi, Marianne Mithun, 1984-01-01 To the Iroquois, extending the rafters meant adding onto the longhouse both in the literal sense of making room for new families and in the figurative sense of adding adopted individuals or tribes to the League of Five Nations. Similarly, this book extends Iroquois studies. The distinguished contributors represent such diverse areas of anthropology as ethnology, ethnohistory, and archaeology. They address issues that cut across disciplinary lines, making this book a significant state-of-the-art survey. The topics explored revolve around the influence, contributions, field work, and teachings of anthropologist William N. Fenton, a founder of the discipline of ethnohistory. The essays run the gamut from prehistory to contemporary political issues from individuals to women and nations and from language to ritual. **Virginia Women** Cynthia A. Kierner, Sandra Gioia Treadway, 2015 Others introduce readers to historical figures who are less familiar: freedmen schoolteacher Caroline Putnam, reformer Orra Gray Langhorne, Sadie Heath Cabaniss, the founder of professional nursing in Virginia, and Marie Kimball, an early preservationist. Essays on cotton textile workers in the late nineteenth century and home demonstration agents in the early twentieth examine women's collective experiences in these important areas. Altogether, the essays in this collection offer readers an engaging and personal window into the experiences of women in the Old Dominion.
