[The Complete Book of Model Aircraft, Spacecraft and Rockets](#) Louis Heilbroner Hertz,1967 **The Chronicles of Sekhmet on Olmecra Book 2** indigo ptah,2022-09-21 In the Ancient Lands of Kemet Goddess Sekhmet is a Legendary Lioness Woman In the chronicles the famous lioness woman NTR is tasked with raising the vibrational energies of humans on a specific part of Earth called Olmecra And unless there is an elevation in vibrations Earth will not ascend with the other

planets in its galaxy The Matriarchy of the Kemetic Pantheon and Cosmic Goddesses are the protagonist of the book displaying their best nurturing attributes The story is being told from a divine feminine perspective in a way Goddess Sekhmet is not traditionally typified For those who study the Ancient Egyptians and or Kemet metaphors will develop into myth And for those who are new to the subject matter the interaction of the immortals with humans will encourage readers to seek what is seeking them This novella is unique in that few stories are dedicated to the African Cosmic Pantheon as compared to books popularized by Greek and Roman mythology Book Two is the second of a series of seven novellas that chronicle how the Goddess Sekhmet assists humans to help Earth ascend In Book One three exceptionally conscious women face individual crisis situations And to the surprise of themselves and their community they gain the gift to transform into a lioness woman to balance out their circumstances Another exceptional woman takes their signal to begin a new purpose quest to assist with Earth s ascension The main antagonist status quo of patriarchy in the form of selfish systematic supremacy attempts to progress its parasitic programming practices by spreading fear and eating away at natural energy resources on the planet and beyond But the forces of nature get more involved in Earth s evolution As an exceptional man embraces his animal spirit to provide and protect the path of the lioness women Book Two continues the chronicles in Book One with immortal conversations and early background on how and why Olmecra was formed The stories may seem controversial to some but are non confrontational And the story lines are never meant to make accusation of anyone or any group of people But rather what is emphasized is the misuse of spirituality and the decline of the human condition As the author evolves the chronicles she hopes the concept of Personal Agency is encouraged so the reader expands their thoughts on their individual journey and how their purpose fits in the Universe
