 Edward Dwight Walker, 1965 **No Place for Fairness** David T. McNab, 2009-10-01 Aboriginal policy and claims
 negotiation in Canada is seen to be a murky and perplexing world that has become an important public issue and has
 significant policy implications for government spending Aboriginal land policy in Canada began as an Aboriginal initiative In
 No Place for Fairness David McNab a long time advisor on land and treaty rights for both government and First Nations
 groups looks at the Bear Island Indigenous rights case initiated by the Teme Augama Anishinabe to explore why governments
 fail to deal effectively with Aboriginal land claims The book divided into two sections includes a survey of the historical
 background of the Bear Island claim followed by a more personal series of reflections about what happened as the claim
 encountered decades of policy hurdles court cases public protests and above all resistance by the Temagami First Nation
 McNab provides details of how ministers and their senior officials resisted real efforts to resolve problems as well as
 examples of field staff resisting government attempts at resolution He also shows that government entities such as the Indian
 Commission of Ontario and the Native Affairs Directorate were largely used as mailboxes where successive federal and
 provincial governments sent things they wanted to bury No Place for Fairness is the story of what happens when Aboriginal
 peoples political rights are crammed into the Euro Canadian legal system McNab makes a clear case that a legalistic
 approach to these problems is wholly inadequate and that more important things like fairness must be recognized as
 paramount if a just and lasting Aboriginal land policy is to be created **Dissertation Abstracts** ,1967 *The National*
