Relegation and Stock Control in Libraries J. A. Urquhart, N. C. Urquhart, 1976 *Relegation and stock control in libraries* J. A. Urquhart, N. C. Urquhart, 1978 **Library Services in Theory and Context** Michael K. Buckland, 2014-05-09 Library Services in Theory and Context provides a theoretical framework for considering the nature of library services This book is organized into four parts encompassing 16 chapters that focus on the management of library services The first part presents some basic problems in librarianship along with the scope and probable nature of appropriate theory The second part considers the five key aspects and use of library services including inquiries retrieval the process of becoming informed the demand for library services and the allocation of resources to and within library services The third part deals with the connection and extensions of library services specifically the problem of achieving internal consistency and the generalizability of conceptual framework to information services The fourth part reconsiders some of the basic conceptual problems in library services This book will be of great value to school administrators and librarians **Double Fold** Nicholson Baker, 2002-08-13 The ostensible purpose of a library is to preserve the printed word But for fifty years our country's libraries including the Library of Congress have been doing just the opposite destroying hundreds of thousands of historic newspapers and replacing them with microfilm copies that are difficult to read lack all the color and quality of the original paper and illustrations and deteriorate with age With meticulous detective work and Baker's well known explanatory power Double Fold reveals a secret history of microfilm lobbyists former CIA agents and warehouses where priceless archives are destroyed with a machine called a guillotine Baker argues passionately for preservation even cashing in his own retirement account to save one important archive all twenty tons of it Written the brilliant narrative style that Nicholson Baker fans have come to expect Double Fold is a persuasive and often devastating book that may turn out to be The Jungle of the American library system **Communication Informatics and Librarianship in India** S. P. Agrawal, Pushpa Rani Sharma, 1992 Collection Development Maureen Pastine, 2013-10-18 With the prolific changes in the electronic environment do you sometimes feel overwhelmed by the multiplying of electronic information resources the different methods of access and their combined impact on collection development If so Collection Development is the book to help you get a handle on what's out there In no time at all you'll be able to select and integrate electronic resources into collection development programs at even the most traditional of libraries In the process you will learn alternative approaches for dealing with electronic databases on line access and fiscal planning for the integration of the new information technologies into collection development Collection Development offers useful strategies for dealing with electronic resources in terms of selection and evaluation collection development policies organizational structure and budgeting You also acquire important information on Internet information resources accessible through Gophers and World Wide Web sites access vs ownership issues serving the remote user at an extended campus site the relationship of selection to acquisitions managing a CD Rom collection

development process planning issues of cooperation collaboration and change pricing and planning issues and their impact on library budgets negotiating site licenses Librarians in collection development academic librarians and personnel in technology automation development will find *Collection Development* an indispensable tool for grappling with the demands and pressures of screening and choosing the most suitable information resources from the dynamic even saturated world of technology The book's insights and practical methodologies will help you integrate new on line and electronic information resources into your program with relative ease
