Rise Of The Habsburg Empire 1526 1815

Cathal J. Nolan

Rise Of The Habsburg Empire 1526 1815:

Rise of the Habsburg Empire 1526-1815 Victor S. Mamatey, 1978 The Rise and Fall of the Great Powers Paul Kennedy, 2010-10-27 About national and international power in the modern or Post Renaissance period Explains how the various powers have risen and fallen over the 5 centuries since the formation of the new monarchies in W Europe **The Age of Wars of Religion, 1000-1650** Cathal J. Nolan, 2006-04-30 The Age of Wars of Religion saw navies armies armed merchant companies and mercenaries battle one another and local potentates in many lands and along numerous shores Wars of religion were fought in and between all the major religions and civilizations from Europe to China in Africa and in the isolated Americas mixing motives of knightly idealism mercenary greed and competing claims of divine sanction This unparalleled work traces the extraordinary upheavals of the period in military technology competing theologies and civilizational change that were brought about by or impinged upon military conflict It offers nearly 2 000 discrete but cross referenced entries on cultural military religious and political history as well as geography biography and military literature Close to 2 000 entries offer detailed information on the major events places battles figures technologies and ideas one must know to begin to make sense of the past six centuries of global conflicts Though especially ferocious and intense the Wars of Reformation and Counter Reformation fought by Europeans from the 15th through 17th centuries were hardly unique in world or military history The Byzantine Empire bastion of Christian Orthodoxy staggered to the tortuous end of its long conflict with the Ottoman Empire the Great Power of the Sunni Muslim world The Ottomans in turn were still engaged in an equally ancient intra Muslim war between Sunnis and Shi ites In India the Hindu Rajputs and Marathas and also the Sikhs organized armies around religious communities to throw off the Muslim Yoke Mughul Empire and also fought against Christian invaders from Europe As for the isolated Americas ideas of divine kingship sustained by powerful priesthoods and religious warfare also prevailed as exemplified by the Inca and Aztec empires **Calvinism in Europe, 1540-1620** Andrew Pettegree, 1996-07-13 Calvinism was the most dynamic and disruptive religious force of the later sixteenth century Its emergence on the international scene shattered the precarious equilibrium established in the first generation of the Reformation and precipitated three generations of religious warfare This collection of essays probes different aspects of this complex phenomenon at a local level Contributors present the results of their detailed work on societies as diverse as France Germany Highland Scotland and Hungary Among wider themes approached are the impact of Calvin s writings Calvinism in higher education the contrasting fates of reformed preachers in town and country Calvinist discipline and apocalyptic thought and the shadowy affinity of merchants and scholars who formed a critical part of the Calvinist International **A History of The Gypsies of Eastern Europe and Russia** D. Crowe, 2016-09-23 In this fully updated edition with a new foreword by Andre Liebich David M Crowe provides an overview of the life history and culture of the Gypsies or Roma from their entrance into the region in the Middle Ages up until the present drawing from previously untapped East European Russian

and traditional sources **The Czech and Slovak Legion in Siberia, 1917-1922** Joan McGuire Mohr, 2014-01-10 During World War I a specialized Russian battalion comprised of ethnic Czechs and Czech and Slovak prisoners of war the Legion became a pawn in an international game of power and deceit The Legion's detour through Siberia became the greatest human interest story of the war chronicled weekly in the New York Times and New York Herald More than half of the Legion's troops lost their lives as the evacuation of Czech and Slovak POWs through Vladivostok precipitated the murder of the Russian royal family and forced the Legion to act as protectors of the Russian treasury and the Trans Siberian Railway while the White and Red armies battled For political purposes tales of the Legion's odyssey have been buried or expunged This volume offers the seminal account of this hidden yet epic journey shedding light on a fascinating but forgotten facet of World War I **Conscription in the Napoleonic Era** Donald Stoker, Frederick C. Schneid, Harold D. Blanton, 2008-10-09 This edited volume explores conscription in the Napoleonic era tracing the roots of European conscription and exploring the many methods that states used to obtain the manpower they needed to prosecute their wars The levée en masse of the French Revolution has often been cited as a Revolution in Military Affairs but was it truly a revolutionary break with past European practices of raising armies or an intensification of the scope and scale of practices already inherent in the European military system This international collection of scholars demonstrate that European conscription has far deeper roots than has been previously acknowledged and that its intensification during the Napoleonic era was more an evolutionary than revolutionary change This book will be of much interest to students of Military History Strategic Studies Strategic History and European History **Wars of the Age of Louis XIV, 1650-1715** Cathal J. Nolan, 2008-07-30 Dominated by the ambitions of France's King Louis XIV Europe in the years 1650-1715 witnessed a series of wars from which emerged many of the theories practices and technologies that characterize modern warfare During this period European armies evolved modern ideas of army organization and military leadership as well as modern views of campaign strategy and battle tactics As European soldiers and colonists moved into Asia the Middle East and the Americas the practice or influence of their military techniques and ideas also affected wars fought in those places In this volume's 1000 plus entries an award winning author of reference works on international relations and war describes and defines important events technologies and individuals from this seminal period of global military history *King James VI and I and the Reunion of Christendom* W. B. Patterson, 1998-01-08 This book shows King James VI and I king of Scotland and England in an unaccustomed light Long regarded as inept pedantic and whimsical James is shown here as an astute and far sighted statesman whose reign was focused on achieving a permanent union between his two kingdoms and a peaceful and stable community of nations throughout Europe **The Waves of Time** K. R. Dark, 2016-10-06 Since the end of the Cold War analysts of international politics have given much greater attention to issues of change It has become increasingly clear to specialists from many fields that any understanding of large scale political change must encompass far longer timescales than has been usual in the study of world politics and

must incorporate multi disciplinary perspectives This book evaluates and draws on relevant theoretical approaches from other disciplines such as sociology economics geography history anthropology and archaeology as well as evolutionary theory and the mathematical study of complexity Using an epistemological framework Dark sets out a theory of long term world political change the theory of Macrodynamics This is then applied to historical anthropological and archaeological data to explain the changing forms of political organization from the earliest human societies to the late twentieth century The resulting analysis is a reinterpretation of the processes of global political change in the past and present This in turn opens new areas of enquiry in the study of international relations and has profound implications for how we understand the changing world of today

Lineages of the Absolutist State Perry Anderson, 2013-03-12 Forty years after its original publication *Lineages of the Absolutist State* remains an exemplary achievement in comparative history Picking up from where its companion volume *Passages from Antiquity to Feudalism* left off *Lineages* traces the development of Absolutist states in the early modern period from their roots in European feudalism and assesses their various trajectories Why didn't Italy develop into an Absolutist state in the same indigenous way as the other dominant Western countries namely Spain France and England On the other hand how did Eastern European countries develop into Absolutist states similar to those of the West when their social conditions diverged so drastically Reflecting on examples in Islamic and East Asian history as well as the Ottoman Empire Anderson concludes by elucidating the particular role of European development within universal history

Visions of Empire Krishan Kumar, 2019-08-06 In this extraordinary volume Krishan Kumar provides us with a brilliant tour of some of history's most important empires demonstrating the critical importance of imperial ideas and ideologies for understanding their modalities of rule and the conflicts that beset them In doing so he interrogates the contested terrain between nationalism and empire and the legacies that empires leave behind Mark R Beissinger Princeton University This is an excellent book with original insights into the history of empires and the discourses and rhetoric of their rulers and defenders Kumar's writing is lively and free of jargon and his research is prodigious He manages to bring clarity and perspective to a complex subject Ronald Grigor Suny author of *They Can Live in the Desert but Nowhere Else* A History of the Armenian Genocide A masterly piece of work Anthony Pagden author of *The Burdens of Empire 1539 to the Present*

The Rise and Decline of the American "Empire" Geir Lundestad, 2012-03-08 *The Rise and Decline of the American Empire* explores the rapidly growing literature on the rise and fall of the United States Lundestad argues that after 1945 the US has definitely been the most dominant power the world has seen Now however he argues the US is in decline its economic growth is slow and its debt is rising rapidly

The Origins of the Literary Vampire Heide Crawford, 2016-08-30 The long and distinguished tradition of the literary vampire began in Germany during the Age of Enlightenment German literature was the first to adapt the vampire figure from central European folklore and superstition and give it literary form Despite these German origins scholarly attention devoted to literary vampires has consistently focused on a select set of sources British

and French literature Bram Stoker's *Dracula* and the phenomenon of the vampire superstition in general While there have been many illuminating studies of pre literary vampires and vampires that have already been firmly established as literary figures the story of the crucial moment of transition from folkloric figure to literary subject has not yet been told In *The Origins of the Literary Vampire* Heide Crawford redirects scholarly attention to the body of German poetry and prose where vampire folklore becomes vampire literature This book focuses on the adaptation of the vampire superstition from central European folklore by German poets in the 18th and early 19th centuries for an audience that had become increasingly interested in superstition and occult phenomena in an Age of Enlightenment In addition to establishing that the origins of the literary vampire in 18th and 19th century German poetry and prose were informed by the stories and reports of vampires from Central Europe Crawford argues that the German poets who adapted this figure from superstition for their creative work immediately molded it into a metaphor for contemporary cultural anxieties and fears a connection that would inspire horror literature in general and the traits of the literary vampire in particular for the 19th century and beyond Contemporary culture has exhibited a marked fascination with eroticized and politicized applications of the vampire This volume traces these erotic motifs common political motifs and others to the first vampire poems that were written by German poets Consequently this book answers three central questions What were the origins of the literary vampire how was the vampire of folklore and superstition adapted for literature and how did German poets contribute to the development of the vampire and Gothic horror literature By answering these and other questions *The Origins of the Literary Vampire* explains how the literary vampire became the ubiquitous horror figure it is today

The Price of Freedom Piotr S. Wandycz, 2017-07-05 *The Price of Freedom* surveys and explains the fascinating and intricate history of East Central Europe the present day countries of the Czech Republic Hungary Poland and Slovakia Taking a thematic approach the author explores such issues and controversies as the tension between the industrial developed West and the agrarian East Central Europe the rise of modern nationalism democracy and authoritarianism and Communism While the countries of East Central Europe have differed dramatically from one another the author asserts that they have been bound by a certain community of fate These comparisons are traced through the Middle Ages and the Early Modern era to the nineteenth and twentieth centuries This exploration reveals that it is no accident that the Czech Republic Hungary and Poland were the first among the former Soviet bloc nations to be admitted to NATO and are likely to become the first members of the expanded European Union Thus an understanding of their experiences contributions and their place within the European community of nations vastly enriches our knowledge of Europe's past and present The second edition of this distinguished book brings the history of the region up to date It discusses the events of the post communist decade of the 1990s and the problems resulting from the transition to democracy and market economy

The Habsburg Legacy, 1867-1939 Bruce F. Pauley, 1972

Age of Louis XIV William James Roosen, 2017-07-12 William James Roosen has written the first general study of European diplomacy in the age of

Louis XIV which is based on the actual practices and institutions of that era rather than on the writing of early theoreticians Though the seventeenth century may not have been a period of great innovations in international diplomacy it provides us with an important illustration of the workings of a system which was well suited to the gradually changing needs of its time and which has been called the best form of diplomacy ever developed Dr Roosen demonstrates both the obvious differences and the many similarities between diplomatic procedures and practices of the seventeenth century and the twentieth Any student of diplomacy and international relations will gain valuable insight and understanding from this study of the early modern diplomatic personalities institutions and practices One of Dr Roosen s goals in writing this book has been to discover the relationships between the ideological and socioeconomic structures and the diplomatic personalities who have influenced modern diplomacy Further he supplies the only available study of the realities of diplomatic practices in seventeenth century Europe and provides an excellent basis for comparison with twentieth century international relations in the hope that studying early modern diplomatic personalities institutions and practices should increase our understanding of international relations today There are chapters on The States of Europe Kings and Ministers Ambassadors Second Class Diplomats A Typical Early Modern Embassy Information Important Objective of Diplomatic Activity and The Variety of Diplomatic Duties

The German Myth of the East Vejas G. Liulevicius,2010-12-09 An examination of the various different expressions of the distinctive German myth of the East that has been such a marked feature of German culture over the last two centuries influencing German attitudes both to Eastern Europe itself and also to Germans own sense of identity

The Wars of Napoleon Charles J. Esdaile,2014-02-04 A survey of the Napoleonic Wars The central theme is the scale of French military power and its impact on other European states from Portugal to Russia and from Scandinavia to Sicily

A History of Eastern Europe 1740-1918 Ian D. Armour,2012-11-22 A History of Eastern Europe 1740 1918 Empires Nations and Modernisation provides a comprehensive authoritative account of the region during a troubled period that finished with the First World War Ian Armour focuses on the three major themes that have defined Eastern Europe in the modern period empire nationhood and modernisation whilst chronologically tracing the emergence of Eastern Europe as a distinct concept and place Detailed coverage is given to the Habsburg Ottoman German and Russian Empires that struggled for dominance during this time In this exciting new edition Ian Armour incorporates findings from new research into the nature and origins of nationalism and the attempts of supranational states to generate dynastic loyalties as well as concepts of empire Armour s insightful guide to early Eastern Europe considers the important figures and governments analyses the significant events and discusses the socio economic and cultural developments that are crucial to a rounded understanding of the region in that era Features of this new edition include A fully updated and enlarged bibliography and notes Eight useful maps Updated content throughout the text A History of Eastern Europe 1740 1918 is the ideal textbook for students studying Eastern European history
