FERGUSSON,2019 **Rude Stone Monuments in All Countries** James Fergusson,2015-08-05 Excerpt from *Rude Stone Monuments in All Countries Their Age and Uses* When in the year 1854 I was arranging the scheme for the *Handbook of Architecture* one chapter of about fifty pages was allotted to the *Rude Stone Monuments* then known When however I came seriously to consult the authorities I had marked out and to arrange my ideas preparatory to writing it I found the whole subject in such a state of confusion and uncertainty as to be wholly unsuited for introduction into a work the main object of which was to give a clear but succinct account of what was known and admitted with regard to the architectural styles of the world Again ten years afterwards while engaged in re writing this *Handbook* as a *History of Architecture* the same difficulties presented themselves It is true that in the interval the Druids Avith their Dracontia had lost much of the hold they possessed on the mind of the public but to a great extent they had been replaced by

prehistoric myths which though free from their absurdity were hardly less perplexing The consequence was that then as in the first instance it would have been necessary to argue every point and defend every position Nothing could be taken for granted and no narrative was possible The matter was therefore a second time allowed quietly to drop without being noticed About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
