Ruined Pages Padraic Fiacca, Gerald Dawe, Aodán Mac Póilin, 2012 *Ruined Pages* Padraic Fiacca, 1994 *Balancing Acts* Frank Ferguson, 2023-02-15 *Balancing Acts* gathers together interviews and conversations between Gerald Dawe and a wide cast of interlocutors between 1995 and 2020 Drawn from exchanges on television and radio print and online media these conversations with fellow poets critics journalists colleagues and friends are a testament to Dawe's generous open hearted and open minded approachability as a poet for whom the artful way of making poetry has always been informed by an attitude of just getting on with it In the same way that memory for him is not just about the past but involves a route into the present these fascinating interviews and conversations provide an insight into the poet on the go in the process of making unforgettable poetry happen *The Oxford Handbook of Modern Irish Poetry* Fran Brearton, Alan Gillis, 2012-10-25 The Oxford Handbook of Modern Irish Poetry consists of 40 essays by leading scholars and new researchers in the field Beginning with W B Yeats the figure who towers over the century's poetry it includes chapters on the major poets to have emerged in Ireland over the last 100 years **Face to Face** Gabrielle Warnock, Jeff W. O'Connell, 2000 Portraits of writers taken in Kennys Bookshop Galway **Writing Home** Elmer Kennedy-Andrews, 2008 The idea of place and of being displaced is a powerful leit motif in Northern Irish poetry It is here explored in depth from the 1960s to the present day Ideas of home place and identity have been continually questioned re imagined and re constructed in Northern Irish poetry Concentrating on the period since the outbreak of the Troubles in the late 1960s this study provides a detailed consideration of the work of several generations of poets from Hewitt and MacNeice to Fiacca and Montague to Simmons Heaney Mahon and Longley to Muldoon Carson Paulin and McGuckian to McDonald Morrissey Gillis and Flynn It traces the extent to which their writing represents a move away from concepts of rootedness and towards a deterritorialized poetics of displacement mobility openness and pluralism in an era of accelerating migration and globalisation In the new readings of place inherited maps are no longer reliable and home is no longer the stable ground of identity but seems instead to be always where it is not The crossing of boundaries and the experience of diaspora open up new understandings of the relations between places a new sense of the permeability and contingency of cultures and new concepts of identity and home Professor ELMER KENNEDY ANDREWS teaches in the Department of English at the University of Ulster **Armed Struggle** Richard English, 2008-09-04 A timely work of major historical importance examining the whole spectrum of events from the 1916 Easter Rising to the current and ongoing peace process fully updated with a new afterword for the paperback edition An essential book closely reasoned formidably intelligent and utterly compelling required reading across the political spectrum important and riveting Roy Foster The Times An outstanding new book on the IRA a calm rational but in the end devastating deconstruction of the IRA Henry McDonald Observer Superb the first full history of the IRA and the best overall account of the organization English writes to the highest scholarly standards Moreover he writes with the common reader in mind he

has crafted a fine balance of detail and analysis and his prose is clear fresh and jargon free sets a new standard for debate on republicanism Peter Hart Irish Times The one book I recommend for anyone trying to understand the craziness and complexity of the Northern Ireland tragedy Frank McCourt author of Angela's Ashes

In the Chair John Brown, 2002 All of the poets interviewed in this collection are from Northern Ireland all were born after 1920 and each has published at least one volume of poetry Arranged chronologically by each poet's date of birth this collection deals with an impressive body of work The poets include Seamus Heaney Paul Muldoon Michael Longley John Montague Derek Mahon Ciaran Carson as well as less known voices including Gerald Dawe Roy McFadden and Conor O Callaghan The interviews explore the poet's work and development the social historical context and the impact of assimilated influences If they explore a poetry often rooted in the North they also suggest the individuality and diversity of this poetry of work whose imaginative range is not circumscribed by either literal borders or critically convenient categories The other poets included are James Simmons Tom Paulin Frank Ormsby Medbh McGuckian Robert Greacen Cathal P Searcaigh Colette Bryce Moyra Donaldson Jean Bleakney Martin Mooney Padraic Fiacca and Cherry Smyth

The Collected Poems William Watson, 1899

The Rose and Irish Identity NK Harrington, 2021-06-09 Both Ireland and the Pacific Northwest are known for their climates and have historically been associated with the rose This collection of essays explores the exchange Ireland has had with the Northwest using the rose as an example by examining the beautiful and the harsh the petals and the thorns It is the culmination of the work of established and emerging historians and writers who have traversed the boundary

between the Northwest and Ireland several times The timely contributions gathered here include essays about the imperialist mindset biased court systems the victims of social hatred and organized resistance Timeless themes include grief poetry and the oral tradition and the effect plants have upon a given population The book is a much needed contribution to often overlooked aspects of colonialism and boundaries The Irish Review ,1994 **Stepping Stones** Dennis O'Driscoll,Seamus Heaney,2008-12-09 Chronicles the life of twentieth century Irish poet Seamus Heaney from his infancy to his Nobel Prize in 1995 and also discusses his post Nobel life family writings and other related topics *Shelley: Selected Poems* Kelvin Everest,2023-03-23 Percy Bysshe Shelley 1792 1822 was one of the major Romantic poets and wrote what is critically recognised as some of the finest lyric poetry in the English Language In this volume the editors have selected the most popular significant and frequently taught poems from the six volume Longman Annotated edition of Shelley s poems Each poem is fully annotated explained and contextualised along with a comprehensive list of abbreviations an inclusive bibliography of material relating to the text and interpretation of Shelley s poetry plus an extensive chronology of Shelley s life and works Headnotes and footnotes furnish the personal literary historical and scientific information necessary for an informed reading of Shelley s richly varied and densely allusive verse making this an ideal anthology for students classroom use and anyone approaching Shelley s poetry for the first time however the level and extent of commentary and annotation will also be of great value for researchers and critics *Ruin* Roberta Lowing,2010 Poetry RUIN is one of the first poetry collections in the world to explore the epic tragedy of the Iraq War 2003 20 Using four distinctive voices and constructed almost as a thriller Roberta Lowing s 55 poems re create the devastating invasion and years of betrayal and heartbreak and moments of hope and illumination endured by Iraqi civilians and American soldiers RUIN pays tribute to the Twentieth Century s greatest humanist poets and resonates with the influences of Neruda Levertov Celan and more This work is of our time for our time a collection which expresses the anxieties and aspirations of all those who resist the dark forces shaking our world **Ruin Nation** Megan Kate Nelson,2012 During the Civil War cities houses forests and soldiers bodies were transformed into dead heaps of ruins novel sights in the southern landscape How did this happen and why And what did Americans northern and southern black and white male and female make of this proliferation of ruins Ruin Nation is the first book to bring together environmental and cultural histories to consider the evocative power of ruination as an imagined state an act of destruction and a process of change Megan Kate Nelson examines the narratives and images that Americans produced as they confronted the war s destructiveness Architectural ruins cities and houses dominated the stories that soldiers and civilians told about the savage behavior of men and the invasions of domestic privacy The ruins of living things trees and bodies also provoked discussion and debate People who witnessed forests and men being blown apart were plagued by anxieties about the impact of wartime technologies on nature and on individual identities The obliteration of cities houses trees and men was a shared experience Nelson shows that this is one of the ironies of the war s ruination in a time of

the most extreme national divisiveness people found common ground as they considered the war's costs. And yet very few of these ruins still exist suggesting that the destructive practices that dominated the experiences of Americans during the Civil War have been erased from our national consciousness.

Rhetoric and Violence in Northern Ireland, 1968-98 P.

Grant, 2001-09-19 During the Northern Irish Troubles of the past thirty years a war of words has accompanied and interpenetrated with the actual conduct of violence in highly complex ways. This book considers how literature of the period engages and participates in this war of words. It draws on a range of contemporary authors and on a variety of printed sources including journalists' reports, political speeches, interviews, memoirs, pamphlets, and autobiography. The book places the Northern Ireland conflict within a broad European debate about the legitimate use of force and provides an original analysis of the interrelationship between language, literature, and violence.

Culture, Northern Ireland, and the Second World War Guy Woodward, 2015 Culture Northern Ireland and the Second World War presents a new cultural history of Northern Ireland during and after the Second World War, examining the often neglected period before the onset of the Troubles and exploring work by the generation of artists and writers that preceded Seamus Heaney and his contemporaries.
