*History of Children's Literature* Maria Nikolajeva, 1995-06-13 The contributors to this collection of essays address children's literature as an art form rather than an educational instrument as has been the traditional approach. Scholars from 10 different countries present a variety of approaches to the history of children's literature including views on sociological, semiotic and intertextual models of its evolution. Other issues explored include influence and interaction between stories and their countries of origin. This strong presentation of international perspectives on children's literature will be a valuable resource for scholars of children's and comparative literature.

**The Volta Review**, 1923 *The 100 Most Popular Young Adult Authors* Bernard A. Drew, 1997-10-15 The book focuses on individuals writing in the 90s but also includes 12 classic authors e.g. Mark Twain, Louisa May Alcott, J.R.R. Tolkien who are still widely read by teens. It also covers some authors known primarily for adult literature e.g. Stephen King and some who write mainly for middle readers but are also popular among young adults e.g. Betsy Byars. An affordable alternative to multivolume publications, this book makes a great collection development tool and resource for author studies. It will also help readers find other books by and about their favorite writers.

**Presenting Barbara Wersba** Elizabeth Ann Poe, 1998 For aficionados of the new realism in young adult literature, Poe English Radford U. showcases one of its early and continuing stars. Wersba's biography and analysis of her themes in such classics as *The Dream Catcher* (1968) are interwoven. Rounding out the critical portrait is a chronology and awards list for this writer, actress, teacher, publisher, loner, and friend of adolescents trying to find and accept themselves. Annotation copyrighted by Book News Inc. Portland, OR.

**Children's Books and Their Creators** Anita Silvey, 1995 Unique in its coverage of contemporary American children's literature, this timely single volume reference covers the books our children are or should be reading now, from board books to young adult novels. Enriched with dozens of color illustrations and the voices of authors and illustrators themselves, it is a cornucopia of delight. 23 color, 153 b/w illustrations.

*The New And Complete Dictionary Of The German And English Languages* Johann Ebers, 1796

*Inspiring Literacy* Sam Leaton Sebesta, Kenneth L. Donelson, 1993-01-01

**New York Times Saturday Book Review Supplement**, 1971 [Considering Children's Literature](#) Andrea Schwenke Wyile, Teya Rosenberg, 2008-02-21 The study of children's literature is not just about children and the books said to be for them; it is also about the societies and cultures from which the literature comes and it is about the assumptions and ideas we hold about children and childhood. For adults reading children's literature is ultimately both an act of nostalgia and of self-examination. When we consider children's literature we must include ourselves in the equation. What kinds of readers are we? How do we relate to books and stories? To what degree should we impose our experience upon others? Reading children's literature actively can lead to all kinds of remarkable and sometimes unsettling revelations about ourselves and our society.

From the Introduction: *Considering Children's Literature* is a collection of previously published essays on a variety of topics that inform the study of children's literature. Exploring issues such as censorship, the canon, the meanings of fairy tales, and the adaptation of children's literature into film, the essays in this anthology are as diverse as they

are illuminating Along with authors like Natalie Babbitt and Margaret Mahy teachers scholars and publishers of children s books are also contributors Accessible and comprehensive this book will appeal to anyone interested in children s literature

**Something about the Author** ,1995 A collection of autobiographical essays written by prominent authors and illustrators of books for children and young adults      **Linguistic Studies in Germanic** ,1916      Orana ,1979
