Rural Disorder and Police Reform in Ireland, 1812-36 Galen Broeker, 2015-08-27 In this book which was first published in 1970 author Galen Broeker traces the events of a crucial period in the struggle of the British government to bring law and order to rural Ireland He demonstrates that throughout the forty years following the union a major challenge to government in Ireland was the sporadic violence that seemed endemic to the rural south and west Organizations of Irish peasants terrorized the countryside in protest against a political and economic system that seemed to threaten their very existence The formation in 1814 of the Peace Preservation Force is examined This was the first in a long series of experiments aimed at an efficient and impartial system of law enforcement This title will be of interest to student of history and criminology

**Belfast 1870-1914** Mark Radford, 2015-04-23 The Policing of Belfast 1870 1914 examines the Royal Irish Constabulary RIC in late Victorian Belfast in order to see how a semi military largely rural constabulary adapted to the problems that a city posed Mark Radford explores whether the RIC as the most public face of British government was successful in controlling a recalcitrant Irish urban populace This examination of the contrast in styles between urban and rural policing and semi rural and civil constabulary offers an important insight into the social political and military history of Ireland at the turn of the twentieth century The book concludes by showing how governmental neglect of the force and its failure to comprehensively address the issues of pay and conditions of service ultimately led to crisis in the RIC **Marriage in Ireland, 1660-1925**

Maria Luddy, Mary O'Dowd, 2020-06-25 Explores how marriage in Ireland was perceived negotiated and controlled by church and state as well as by individuals across three centuries The Crowned Harp Graham Ellison, Jim Smyth, 2000-05-20 This book is a detailed analysis of policing in Northern Ireland Tracing its history from 1922 Ellison and Smyth portray the Royal Ulster Constabulary RUC as an organisation burdened by its past as a colonial police force They analyse its perceived close relationship with unionism and why for many nationalists the RUC embodied the problem of the legitimacy of Northern Ireland arguing that decisions made on the organisation composition and ideology of policing in the early years of the state had consequences which went beyond the everyday practice of policing Examining the reorganisations of the RUC in the

1970s and 1980s Ellison and Smyth focus on the various structural legal and ideological components the professionalisation of the force and the development of a coherent if contradictory ideology

**Police Powers in Canada** University of Alberta. Centre for Constitutional Studies, 1994-01-01 The television spectacles of Oka and the Rodney King affair served to focus public disaffection with the police a disaffection that has been growing for several years In Canada confidence in the police is at an all time low At the same time crime rates continue to rise Canada now has the dubious distinction of having the second highest crime rate in the Western world How did this state of affairs come about What do we want from our police How do we achieve policing that is consistent with the Charter of Rights and Freedoms The essays in this volume set out to explore these questions In their introduction the editors point out that constitutional order is tied to the exercise of power by law enforcement agencies and that if relations between the police and civil society continue to erode the exercise of force will rise a dangerous prospect for democratic societies

**From Policemen to Revolutionaries: A Sikh Diaspora in Global Shanghai, 1885-1945** Yin Cao, 2017-10-10 From Policemen to Revolutionaries uncovers the less known story of Sikh emigrants in Shanghai in the late nineteenth and early twentieth centuries Yin Cao argues that the cross border circulation of personnel and knowledge across the British colonial and the Sikh diasporic networks facilitated the formation of the Sikh community in Shanghai eventually making this Chinese city one of the overseas hubs of the Indian nationalist struggle By adopting a translocal approach this study elaborates on how the flow of Sikh emigrants largely regarded as subalterns initially strengthened but eventually unhinged British colonial rule in East and Southeast Asia

An Rabach J A Murphy, **Ireland and Irish-Australia** Oliver MacDonagh, W. F. Mandle, 2024-09-02 The Irish contribution to Australian history goes both deep and wide Originally published in 1986 the essays in this collection contribute both to the understanding of Ireland's place in Australian history and to the interpretation of the Irish scene in the nineteenth century Ranging from law to W B Yeats and from monumental sculpture to violence and crime the papers reflect the diversity of the Irish Australian experience and the persistence of a distinctively Irish culture even when transported across the world

46 Men Dead John Reynolds, 2016-04-01 IN JANUARY

1919 AT SOLOHEADBEG IN TIPPERARY two members of the Royal Irish Constabulary RIC were killed by the IRA In the four bloody years that followed nearly 500 RIC men were killed and hundreds more wounded In Tipperary alone 46 policemen were killed making it one of most violent counties in Ireland The popular image of the RIC is that they were the eyes and ears of Dublin Castle an oppressive colonial force policing its fellow countrymen But the truth is closer to home many were Irishmen who joined because it was a secure job with prospects and a pension at the end of service When confronted with a volunteer army of young and dedicated guerrilla fighters it was unable to cope When the conflict ended the RIC was disbanded not at the insistence of the Provisional Government but of its own members 46 Men Dead is a thought provoking look at the grim reality of the conflict in Tipperary a microcosm of the wider battle that was the War of Independence

**Irish Land and British Politics** E. D. Steele, 1974-09-12 The story of the British political system's reaction to the Irish unrest is told and an important episode in Mr Gladstone's career fully revealed The agrarian reform of 1870 was not only the beginning of the undoing of the conquest it was also a point of departure for British legislation generally A great deal of evidence is marshalled in the book to support its argument that the Act undermined the conception of property rights which was central to the self confidence of the rulers of mid Victorian Britain Dr Steele draws on the relatively neglected mass of evidence about the Irish peasantry their customs and aspirations collected and printed by British Parliamentary and official investigations during the nineteenth century He has been able to exploit a wealth of material in the private papers of Mr Gladstone his cabinet colleagues and other leading political figures Selective use has been made of the British and Irish press to illustrate and emphasize all that was at stake

**Irish Nationalism and the British State** Brian Jenkins, 2006-05-12 Drawing on an immense body of literature and research Brian Jenkins analyses the forces that shaped mid nineteenth century Irish nationalism in Ireland and North America as well as the role of the Roman Catholic Church He outlines the relationship between newly arrived Irish Catholic immigrants and their hosts and the pivotal role of the church in maintaining a sense of exile particularly among those who had fled the famine Jenkins also explores the essential Irishness of the revolutionary movement and the reasons why it did not emerge in the two other nations of the United Kingdom Scotland and Wales

**1848** John Saville, 1990-08-31 A study of the British state's confrontation with Chartism and Irish nationalism in 1848

Insurgency and Counterinsurgency in the Nineteenth Century Mark Lawrence, 2020-12-17 Insurgency and Counterinsurgency in the Nineteenth Century examines insurgency and counterinsurgency across the globe in the nineteenth century The volume includes chapters from distinguished and rising historians from Europe North and South America and covers irregular wars in Spain Ireland France Latin America China USA Africa Central Asia and Burma The authors explore links between insurgencies and nationalism including learning curves and emulation in counterinsurgency With a special emphasis on non Western warfare this volume includes case studies such as the Katanga and White Lotus rebellions largely unknown to Western readers The military history of the nineteenth century thus reveals much more than the symmetrical

warfare of Napoleon Grant and Moltke This volume shows the commonalities of responses more than their differences and refracts these through themes which crop up repeatedly in different times and places These themes include common problems and solutions the challenge of commanding local intelligence networks public opinion millenarianism magic and religion technology hearts and minds the legal framework of state violence racial stereotypes and patterns of forgetting and remembering guerrilla conflicts The first recent study to examine Western and non Western warfare in equal measure stressing the prevalence of commonalities between guerrilla warfare and counterinsurgency across the globe Insurgency and Counterinsurgency in the Nineteenth Century will be of great interest to scholars of military and strategic studies as well as modern military history It was originally published as a special issue of Small Wars Insurgencies **The End of Policing** Alex S. Vitale,2021-12-07 The best selling bible of the movement to defund the police in an updated edition Urgent provocative and timely The End of Policing will make you question most of what you have been taught to believe about crime and how to solve it James Forman Jr author of Locking Up Our Own The massive uprising that followed the police killing of George Floyd in the summer of 2020 by some estimates the largest protests in US history thrust the argument to defund the police to the forefront of international politics That case had been put persuasively a few years earlier in The End of Policing by Alex Vitale now a leading figure in the urgent public discussion over policing and racial justice The central problem Vitale demonstrates is the dramatic expansion of the police role over the last forty years Drawing on firsthand research from across the globe he shows how the implementation of alternatives to policing such as drug legalization regulation and harm reduction instead of the policing of drugs has led to reductions in crime spending and injustice This updated edition includes a new introduction that takes stock of the renewed movement to challenge police impunity and shows how we move forward evaluating protest policy and the political situation **Northern Ireland** Richard Rose,1976-12-01
