Rural Route Reflections:

Rural Route Reflections Kathleen S. Abrams, 1981 Route 4, Box 358 Dudgrick Bevins, 2018-10-26 In this debut full length collection of poetry by Dudgrick Bevins the poet's memories of his youth become your own Bevins has crafted not only a tale of personal history but a kind of archetypal roadmap through rural Appalachia where he mines the terrain of his past for remnants of beauty forged among the smothering haze of misty mountaintops Family religion and sexuality intertwine like vines of kudzu strangling old growth trees Hearings United States. Congress. Senate. Committee on Appropriations, 1933

Reflection on America's Great Loop George Hospodar, Patricia Hospodar, 2012 Adventure is not just for the young Though I own a boat was the opening phrase to their courtship and eventual married life little did Baby Boomer couple George and Pat Hospodar know then that those words would lead to their making a year long journey of a lifetime aboard their boat Reflection almost forty years later This book welcomes and encourages not only fellow boaters but also armchair adventurers and dreamers of all ages to join them aboard as they share a light hearted real life account of their travels on the circumnavigation of the waterways of the eastern United States and Canada In addition for those who may consider making this journey themselves the authors offer insights and tips on Routes Anchorages Navigation Locking Marinas Free dockage Low bridges Fuel stops Restaurants Shopping Points of interest and local history Border crossings in Canada and the United States Local marine weather websites and phone numbers **Wisconsin Library Bulletin**, 1981 **African**

Development Perspectives: A Holistic Reflection T A Ngwana, 2024-01-05 Africa remains a continent that is yet to achieve its full potentials despite an abundance of resources and a rich cultural pedigree There have been various attempts to dissect the impediments to the continent's progress in its march towards development and true independence Consequently this book moves away from mere identification of challenges to proffering solutions The ideas put forward about African development in this book draw from a multiplicity of backgrounds They are also offered through the prism of the lived experiences of contributors who are keen on engendering an African solution that weaves global dynamics into Africa's cultural context and did not shy away from identifying themselves as global citizens from Africa The compelling read is a critical appraisal of germane issues in Africa's quest for development which speaks truth to both the powerful and the powerless within and beyond Africa on why prioritising Africa's development is as pressing as the Global climate catastrophe
