Roman Kolkowicz,Andrzej Korbonski,2021-01-26 This book first published in 1981 is a comprehensive examination of the
main theoretical methodological and empirical approaches to the study of the military in modernising political systems in
socialist and non socialist countries It analyses civil military relations in the Middle East Eastern Europe and China and in
doing so sheds new light on the comparative politics and strategic affairs of the Cold War period The Chinese Red Army,
1927-1963 Edward J.M. Rhoads,1964-06-30 A comprehensive annotated bibliography dealing with the Chinese Red Army
from its beginnings in the 1927 Nanchang uprising to 1964 It includes over 600 items chiefly books pamphlets and articles
from military and scholarly journals It also includes some mimeographed papers and unpublished manuscripts which despite
their limited circulation are noteworthy in a field where monographic studies are still rare It covers works in Chinese

War Florentino P. Feliciano,Myres S. McDougal,2023-07-24 This book The International Law of War Transnational Coercion
and World Public Order by Myres S McDougal and Florentino P Feliciano explores the framework of international law as it
pertains to the regulation of coercion across state boundaries It aims to clarify common interests in establishing and
maintaining world order by addressing the processes of authoritative decision making The book discusses the legal
regulation of international coercion focusing on minimizing unauthorized coercion and promoting the distribution of values It
provides an analytical approach to differentiating between permissible and impermissible coercion emphasizing the
importance of human dignity The authors propose a comprehensive view of sanctions and examine traditional doctrines of
neutrality under modern perspectives advocating for shared responsibility in maintaining minimum order Intended for
scholars and practitioners of international law the book offers insights into the regulation of combat situations and the
application of authority in warfare External Research Paper 153: A Background List on Psychological Operations with

Civil-military Relations In Communist Systems Dale R. Herspring,2019-04-11 This book represents the first attempt to
deal with the problem of how to conceptualize the civil military relations of communist systems within a common intellectual

framework The opening chapters present three major constructs originally designed for analyzing civil military relations in the USSR the interest group approach the institutional congruence approach and the participatory model In subsequent chapters the utility of these approaches is tested against a wide variety of communist systems including those of Cuba the USSR China Romania Hungary the GDR and Poland In probing these issues for the first time the authors shed considerable light on the transnational differences and similarities among communist systems and the dynamics of civil military relations in all communist systems

American Political Scientists Glenn H. Utter, Charles Lockhart, 2002-10-30 This dictionary offers the only comprehensive collection of profiles of American political scientists each of whom contributed significantly to the intellectual development of American political science from its beginnings in the late 19th century to the present This second edition includes 22 new and 110 revised entries reflecting new scholarship that emerged during the 1990s Numerous experts helped the editors develop this consensus group of the 193 political scientists who have made the most important theoretical contributions over the years with attention to varied approaches and the different subfields Alphabetically arranged entries focus on the main ideas and major works by each scholar listing list the most important publications by and about the individual There are numerous cross references to show how the work of one scholar has influenced another in the discipline Appendices list the political scientists by degree granting institutions and by major fields A short bibliography points to important general readings about the profession A general index makes this major reference easily accessible for broad interdisciplinary research
