Johannesson,2021-01-08 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1968 The Inferno August Strindberg,2020-08-13 Reproduction of the original The Inferno by August Strindberg *The Red Room* August Strindberg,2015-05-22 The Red Room is a satirical novel written by Swedish author August Strindberg The book is considered to be the first modern Swedish novel and made Strindberg famous throughout Scandinavia On the Seaboard August Strindberg,1913 **By the Open Sea** August Strindberg,1984 Inferno August Strindberg,2013-03-20 The Inferno By August Strindberg Brand New Edition Inferno is an autobiographical novel by August Strindberg Written in French in 1896 97 at the height of Strindberg s troubles with both censors and women the book is concerned with Strindberg s life both in and after he lived in Paris and explores his various obsessions including alchemy occultism and Swedenborgianism and shows signs of paranoia and neuroticism Inferno has often been cited as proof of Strindberg s own personal neuroses such as a persecution complex but evidence also suggests that Strindberg although experiencing mild neurotic symptoms both invented and exaggerated much of the material in the book for dramatic effect The Son of a Servant August Strindberg,2013-07-19 A startling intimate account of the early years of this celebrated author and philosopher The peculiar warping of Strindberg s character had its beginning in childhood and boyhood the periods so intimately described in this volume No one can understand Strindberg who has not read this powerful book The Son of a Servant is the first volume of the remarkable series of autobiographical novels by August Strindberg The allusion in this title as Edwin Bjorkman has pointed out is twofold to the author s birth and to the position which fate in his own eyes seemed to have assigned him both as man and as artist **The Plays of August**

Strindberg August Strindberg, 2011 August Strindberg 1849 1912 has been referred to as the father of modern literature in Sweden and has earned the distinction of one of the most important playwrights of the 20th century As an author unafraid of exploring new possibilities in dramatic fiction Strindberg is noted for his psychological realism blatant misogyny symbolism and his utterly fluid and subjective sequences of events His works bore intense scrutiny in their time but have since been recognized for the prodigious influence they exhibited not only in the Naturalist and Expressionist genres but on modern theatre as a whole His catalogue includes over sixty plays and more than thirty works of fiction This collection includes *Comrades Facing Death* *Pariah or The Outcast* *Easter* *The Father* *Miss Julie* *The Outlaw* *The Stronger* *The Dance of Death* *A Dream Play* and *The Ghost Sonata* *Fair Haven and Foul Strand* August Strindberg, 2020-08-13 Reproduction of the original *Fair Haven and Foul Strand* by August Strindberg *Married* August Strindberg, 1982-09-01 This is a pre 1923 historical reproduction that was curated for quality Quality assurance was conducted on each of these books in an attempt to remove books with imperfections introduced by the digitization process Though we have made best efforts the books may have occasional errors that do not impede the reading experience We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide **The Son of a Servant** August Strindberg, 1913 **In Midsummer Days, and Other Tales** August Strindberg, 2016-01-30 August Strindberg was a 19th century Swedish playwright who wrote semi autobiographical works including classics like *The Red Room* which was widely considered Sweden's first modern novel **The Red Room** August Strindberg, - Annandreas, 2023-06-14 I'll tell you what Ygberg I believe one has to be very unscrupulous if one wants to get on in the world That's how *The Red Room* could be summarised through one of its sentences Through a number of cultural workers Strindberg asks the question of how life should be lived As a young person you can pretend to be an ardent idealist as an older somewhat sober person you can come to realise that what you from the beginning thought to be idealistic may not really be Through its straightforward language *The Red Room* 1879 is often called the first modern novel in Swedish It constitutes a representation of Stockholm in the 1870s and is known for its depictions of the urban environment as well as its satire The book is an attempt to stand by the lower classes by humorously attacking the hypocrisy of the higher classes *The Red Room* was described as dirt by contemporary critics but it was an immediate success This edition of *The Red Room* constitutes the first novel in the cluster text style which could be 20 percent better than ordinary texts and is intended to function as a kind of survey for how we look at text reading and book design This book in Swedish was made as an entry for Svensk bokkonst which every year rewards good examples of book design The winners get to participate in Stiftung Buchkunst's Best Book Design from all over the World which in German is called Schöteste Bücher aus aller Welt This difference captures an important gap Book design has long been about designing beautiful books Now we'll see how Svensk bokkonst and possibly Stiftung Buchkunst see this What do you think Should we read cluster texts You will get an answer to

that question by reading this edition of *The Red Room* PLEASE NOTE that the text in this book i.e. cluster text cannot be reflowed and therefore needs to be read on tablets/screens at least 13 centimetres wide which can handle line lengths of 95 characters i.e. smaller screens are not suitable

The Confession of a Fool August Strindberg, 2020-09-28 The republication of *The Confession of a Fool* represents the last link in the chain of Strindberg's autobiographical novels. A German version of the book was published as far back as 1893 but it was mutilated, abbreviated, corrupted, and falsified to such an extent that the attorney general misled by the revolting language blamed the author for the misdeeds of the translator and prohibited the sale of the book. This was a splendid advertisement for this profound work but there were many who would have rejoiced if the translation had been completely ignored. It distorted Strindberg's character and was the cause of many prejudices which exist to this day. Schering's new translation is an attempt to make reparation for this crime. It is impossible, he says, that any attorney general can now doubt the high morality of this book. Strindberg himself has called it a terrible book and has regretted that he ever wrote it. He has never published it in Swedish, his own language, because not only is it too personal in character but it also revealed a still bleeding wound. It contains the relentless description of his first marriage so superbly candid an account that one is reminded of the last testament of a man for whom death has no longer any terror. We know from his fascinating novel *Separated* how painful the burden was which he had to bear and how terribly he suffered during the period of his first marriage. So much so indeed that he had to write this book before he could face the thought of death with composure. Doubtless a man for whom life holds no longer any charm would give us a genuinely truthful account of his inner life and there is no denying that a book which takes its entire matter from the inner life is of vastly greater importance and on an immeasurably higher level than a million novels, be they written ever so well. The great importance of *The Confession of a Fool* lies in the fact that it depicts the struggle of a highly intellectual man to free himself from the slavery of sexuality and from a woman who is a typical representative of her sex
