Today's parents want to raise mindful, self-aware, wholehearted kids. But parents of infants quickly find that most resources only address mindfulness for those with older children. Enter *The Nurture Method: Mindful Parenting with Babies*, which gives parents the tools, skills, and practical strategies to be more mindful, connected, and positive with their little ones. *The Nurture Method* is a practical, evidence-based guide that helps tired parents learn to cultivate mindfulness, connection, and presence with their baby. Written by two moms and well-being experts, this book takes the perfectionism out of parenting, providing a relatable and accessible approach to enjoying more and stressing less. Backed by science and grounded in research, it offers a framework for understanding how to be more present in the parenting journey and create a nurturing atmosphere at home. Real-life examples, step-by-step techniques, and beautiful illustrations make it easy to implement these methods, even on the most chaotic of days. Acknowledging that early childhood can be one of the most difficult times for new parents, *The Nurture Method* shows readers how to distill the concepts of mindfulness into activities that can be sprinkled into everyday life. By starting small, parents can cultivate a more nurturing and present-focused home atmosphere that will set the foundation for their baby to thrive. **Profitable Posts: Social Media Marketing Plan to Build an Online Business to Profit Up to Six Figures**, 2024-01-22 INTRODUCTION There comes a time when the elastic snaps. When you push yourself to breaking point and everything crashes down. My breaking point came on a gloomy Monday morning commute in 2015. Sitting in my car, waiting for the lights to change, I looked at two guys in their cars on either side of me. They looked as miserable as I felt. At that moment, I burst into tears. What the fuck was I doing with my life? I was unhappy in my personal life and hated my job. I couldn't see a way out. I was too invested in my career, too old to start again. Looking back, I didn't know jack shit about building a fitness business. Corporate marketing is one thing. Doing everything from scratch alone in a different industry is another. I didn't have a creative agency or a multimillion-pound budget. All I had was a Personal Trainer certificate and the

ironparadisefitness.com domain name Nevertheless I started building my online empire Or as I now refer to it pissing in the wind for two years I would write lousy articles post selfies and wonder why clients weren't beating down my virtual door Desperate to carve a way out of corporate life I vowed not to quit My business was my obsession Going out meeting friends and taking a break were a rarity I thought it was the only way to be successful I became a hermit A recluse Like the creepy guy kids fear in horror movies That's Old Man Mitchell from No 29 He never leaves the house Some say he only goes outside to dispose of the dead bodies I wasn't that bad but my social life went on ice I studied nutrition and learned the intricacies of exercise mechanics I read books and invested in courses on social media copywriting and web design Iron Paradise Fitness had consumed my entire life and I loved it It was the fire in my belly I'd been missing The passion I needed Although it did make for awkward conversations on Tinder dates What do you like to do in your spare time The innocent question would come Well I'm building my own business right now so that's my main focus Ah cool But what do you like to do for fun Work on my business Yeah but what about when you're not doing that I'm either working on my business thinking about working on my business or eating Oh
